21	(b) Provide a simultaneous explanation of what the ultrasound is depicting,
22	which shall include the presence and location of the unborn child within

26		inform the pregnant woman of the medical indications supporting the physician's
27		judgment that an immediate abortion is necessary. Any physician who performs

1		or induces an abortion without the prior satisfaction of the requirements of this
2		section because of a medical emergency or medical necessity shall enter the
