25 (5) The permission for the administration of any of the medications listed under
26 subsection (1)(a) of this section shall be effective for the school year in which it is

20 individualized education program team, the Section 504 team, or, if
21 appropriate, the student's health services team, makes the determination that
22 the student's health condition requires that the student's care be provided by a
23 licensed health care professional at a different school. For the purpose of this
24 determination, the teams shall include the parent or guardian. The parent or
25 guardian may invite the student's treating physician to the team meeting and

10 not be required or pressured by school personnel to provide care for a student
11 with diabetes or a seizure disorder during regular school hours or during
12 school-related activities in which the student is a participant. For the purposes
13 of this paragraph, a participant is not a student who merely observes the
14 activity.

15 (9) The requirements of subsections (1) to (8) of this section shall apply only to schools
16 that have a student enrolled who:

17 (a) Has a seizure disorder and has a seizure rescue medication *or medication*

19 Food and Drug Administration and any successor agency prescribed by the
20 student's health care provider; or

21 (b) Has diabetes mellitus and has any of the medications listed under subsection
22 (1)(a) of this section prescribed by the student's health care provider.

23 (10) Nothing in this section shall be construed to require a school employee to consent to
24 administer medications listed under subsection (1)(a) of this section to a student if
25 the employee does not otherwise consent to provide the health service under KRS
26 156.502.

27 (11) Notwithstanding any other provision of the law to the contrary:

1 (a) The administration of the medications listed under subsection (1)(a) of this
2 section by school employees shall not constitute the practice of nursing and
3 shall be exempt from all applicable statutory and regulatory provisions that
4 restrict the activities that may be delegated to or performed by a person who is
5 not a licensed health care professional; and

6 (b) A licensed health care professional may provide training to or supervise
7 school employees in the administration of the medications listed under
8 subsection (1)(a) of this section.

12 *students on seizures and seizure disorders. The seizure education program shall be*
13 *consistent with guidelines published by the Epilepsy Foundation of America and any*
14 *successor organization. The Kentucky Board of Education shall promulgate*
15 *administrative regulations for the development and implementation of the seizure*
16 *education program.*

24 year, employment contracts that are based on the school term, service credit
25 under KRS 161.500, and funding under KRS 157.350.
- 26 (2) (a) Beginning with the 2018-2019 school year, and each year thereafter, the local
27 board of education, upon recommendation of the local school district

1 superintendent, shall annually appoint a school district calendar committee to
2 review, develop, and recommend school calendar options.

16 each school month, student attendance days, and days on which schools shall
17 be dismissed. The local board may schedule days for breaks in the school
18 calendar that shall not be counted as a part of the minimum school term.

19 (e) For local board of education meetings described in paragraphs (c) and (d) of
20 this subsection, if the meeting is a regular meeting, notice shall be given to

23 considered in the regular meeting will be the school calendar. The notice shall
24 be sent at least twenty-four (24) hours before the regular meeting. This
25 requirement shall not be deemed to make any requirements or limitations
26 relating to special meetings applicable to the regular meeting.

27 (f) Beginning with the 2018-2019 school year, and each year thereafter, a local

1 school board of education that adopts a school calendar with the first student

4 the length of individual student attendance days in a variable student
5 instructional schedule, but no student attendance day shall contain more than
6 seven (7) hours of instructional time unless the district submitted and received
7 approval from the commissioner of education for an innovative alternative
8 calendar.

9 (3) (a) Each local board of education shall use four (4) days of the minimum school
10 term for professional development and collegial planning activities for the
11 professional staff without the presence of students pursuant to the
12 requirements of KRS 156.095. At the discretion of the superintendent, one (1)
13 day of professional development may be used for district-wide activities and
14 for training that is mandated by federal or state law. The use of three (3) days
15 shall be planned by each school council, except that the district is encouraged
16 to provide technical assistance and leadership to school councils to maximize
17 existing resources and to encourage shared planning.

18 (b) In addition to the four (4) days required under paragraph (a) of this
19 subsection:~~[-]~~

20 1. A minimum of two (2) hours of self-study review of suicide prevention
21 materials shall be required for all high school and middle school
22 principals, guidance counselors, and teachers each school year; and

24 materials shall be required for all principals, guidance counselors,
25 and teachers each school year.

26 (c) A local board may approve a school's flexible professional development plan
27 that permits teachers or other certified personnel within a school to participate

1 in professional development activities outside the days scheduled in the school
2 calendar or the regularly scheduled hours in the school work day and receive
3 credit towards the four (4) day professional development requirement within
4 the minimum one hundred eighty-five (185) days that a teacher shall be
5 employed.

6 1. A flexible schedule option shall be reflected in the school's professional
7 development component within the school improvement plan or
8 consolidated plan and approved by the local board. Credit for approved
9 professional development activities may be accumulated in periods of
10 time other than full day segments.

11 2. No teacher or administrator shall be permitted to count participation in a
12 professional development activity under the flexible schedule option
13 unless the activity is related to the teacher's classroom assignment and
14 content area, or the administrator's job requirements, or is required by
15 the school improvement or consolidated plan, or is tied to the teacher's
16 or the administrator's individual growth plan. The supervisor shall give
17 prior approval and shall monitor compliance with the requirements of
18 this paragraph. In the case of teachers, a professional development
19 committee or the school council by council policy may be responsible
20 for reviewing requests for approval.

21 (d) The local board of each school district may use up to a maximum of four (4)
22 days of the minimum school term for holidays; provided, however, any
23 holiday which occurs on Saturday may be observed on the preceding Friday.

24 (e) Each local board may use two (2) days for planning activities without the
25 presence of students.

26 (f) Each local board may close schools for the number of days deemed necessary
27 for:

- 1 1. National or state emergency or mourning when proclaimed by the
2 President of the United States or the Governor of the Commonwealth of
3 Kentucky;
- 4 2. Local emergency which would endanger the health or safety of children;
5 and

10 commissioner of education, shall adopt administrative regulations governing
11 the use of student attendance days as a result of a local emergency, as
12 described in subsection (3)(f)2. of this section, and regulations setting forth
13 the guidelines and procedures to be observed for the approval of waivers from
14 the requirements of a student instructional year in subsection (1)(f) of this
15 section for districts that wish to adopt innovative instructional calendars, or
16 for circumstances that would create extreme hardship.

17 (b) If a local board of education amends its school calendar after its adoption due
18 to an emergency, it may lengthen or shorten any remaining student attendance
19 days by thirty (30) minutes or more, as it deems necessary, provided the
20 amended calendar complies with the requirements of a student instructional
21 year in subsection (1)(f) of this section or a variable student instructional year
22 in subsection (1)(h) of this section. No student attendance day shall contain
23 more than seven (7) hours of instructional time unless the district submitted
24 and received approval from the commissioner of education for an innovative
25 alternative calendar.

26 (5) (a) 1. In setting the school calendar, school may be closed for two (2)
27 consecutive days for the purpose of permitting professional school

- 1 employees to attend statewide professional meetings.
- 2 2. These two (2) days for statewide professional meetings may be
3 scheduled to begin with the first Thursday after Easter, or upon request
4 of the statewide professional education association having the largest
5 paid membership, the commissioner of education may designate
6 alternate dates.
- 7 3. If schools are scheduled to operate during days designated for the
8 statewide professional meeting, the school district shall permit
9 employees who are delegates to attend as compensated professional
10 leave time and shall employ substitute teachers in their absence.
- 11 4. The commissioner of education shall designate one (1) additional day
12 during the school year when schools may be closed to permit
13 professional school employees to participate in regional or district
14 professional meetings.
- 15 5. These three (3) days so designated for attendance at professional
16 meetings may be counted as a part of the minimum school term.
- 17 (b) 1. If any school in a district is used as a polling place, the school district
18 shall be closed on the day of the election, and those days may be used
19 for professional development activities, professional meetings, or
20 parent-teacher conferences.
- 21 2. A district may be open on the day of an election if no school in the
22 district is used as a polling place.
- 23 (c) All schools shall be closed on the third Monday of January in observance of
24 the birthday of Martin Luther King, Jr. Districts may:
- 25 1. Designate the day as one (1) of the four (4) holidays permitted under
26 subsection (3)(d) of this section; or
- 27 2. Not include the day in the minimum school term specified in subsection

1 (1) of this section.

2 (6) (a) The Kentucky Board of Education, or the organization or agency designated
3 by the board to manage interscholastic athletics, shall be encouraged to
4 schedule athletic competitions outside the regularly scheduled student
5 attendance day.

6 (b) Beginning with the 2009-2010 school year, any member of a school-
7 sponsored interscholastic athletic team who competes in a regional
8 tournament or state tournament sanctioned by the Kentucky Board of
9 Education, or the organization or agency designated by the board to manage
10 interscholastic athletics, and occurring on a regularly scheduled student
11 attendance day may be counted present at school on the date or dates of the
12 competition, as determined by local board policy, for a maximum of two (2)
13 days per student per year. The student shall be expected to complete any
14 assignments missed on the date or dates of the competition.

15 (c) The school attendance record of any student for whom paragraph (b) of this
16 subsection applies shall indicate that the student was in attendance on the date
17 or dates of competition.

18 (7) Students applying for excused absence for attendance at the Kentucky State Fair
19 shall be granted one (1) day of excused absence.

20 (8) Schools shall provide continuing education for those students who are determined
21 to need additional time to achieve the outcomes defined in KRS 158.6451, and
22 schools shall not be limited to the minimum school term in providing this
23 education. Continuing education time may include extended days, extended weeks,
24 or extended years. A local board of education may adopt a policy requiring its
25 students to participate in continuing education. The local policy shall set out the
26 conditions under which attendance will be required and any exceptions which are
27 provided. The Kentucky Board of Education shall promulgate administrative

1 regulations establishing criteria for the allotment of grants to local school districts
2 and shall include criteria by which the commissioner of education may approve a
3 district's request for a waiver to use an alternative service delivery option, including
4 providing services during the student attendance day on a limited basis. These
5 grants shall be allotted to school districts to provide instructional programs for
6 pupils who are identified as needing additional time to achieve the outcomes
7 defined in KRS 158.6451. A school district that has a school operating a model
8 early reading program under KRS 158.792 may use a portion of its grant money as
9 part of the matching funds to provide individualized or small group reading
10 instruction to qualified students outside of the regular classroom during the student
11 attendance day.

12 (9) Notwithstanding any other statute, each school term shall include no less than the
13 equivalent of the student instructional year in subsection (1)(f) of this section, or a
14 variable student instructional year in subsection (1)(h) of this section, except that
15 the commissioner of education may grant up to the equivalent of ten (10) student
16 attendance days for school districts that have an alternative instruction plan
17 approved by the commissioner of education for the use of alternative methods of
18 instruction, including virtual learning, on days when the school district is closed for
19 health or safety reasons, on nontraditional days, or on nontraditional time. The
20 district's plan shall demonstrate how teaching and learning in the district will not be
21 negatively impacted. Average daily attendance for purposes of Support Education
22 Excellence in Kentucky program funding during the student attendance days
23 granted shall be calculated in compliance with administrative regulations
24 promulgated by the Kentucky Board of Education.

25 (10) Notwithstanding the provisions of KRS 158.060(3) and the provisions of subsection
26 (2) of this section, a school district shall arrange bus schedules so that all buses
27 arrive in sufficient time to provide breakfast prior to the beginning of the student

1 attendance day. In the event of an unforeseen bus delay, the administrator of a
2 school that participates in the Federal School Breakfast Program may authorize up
3 to fifteen (15) minutes of the student attendance day if necessary to provide the
4 opportunity for children to eat breakfast not to exceed eight (8) times during the
5 school year within a school building.

6 (11) Notwithstanding any other statute to the contrary, the following provisions shall
7 apply to a school district that misses student attendance days due to emergencies,
8 including weather-related emergencies:

9 (a) A certified school employee shall be considered to have fulfilled the minimum
10 one hundred eighty-five (185) day contract with a school district under KRS
11 157.350 and shall be given credit for the purpose of calculating service credit
12 for retirement under KRS 161.500 for certified school personnel if:

13 1. State and local requirements under this section are met regarding the
14 equivalent of the number and length of student attendance days, teacher
15 professional days, professional development days, holidays, and days for
16 planning activities without the presence of students; and

17 2. The provisions of the district's school calendar to make up student
18 attendance days missed due to any emergency, as approved by the
19 Kentucky Department of Education when required, including but not
20 limited to a provision for additional instructional time per day, are met.

21 (b) Additional time worked by a classified school employee shall be considered as
22 equivalent time to be applied toward the employee's contract and calculation
23 of service credit for classified employees under KRS 78.615 if:

24 1. The employee works for a school district with a school calendar
25 approved by the Kentucky Department of Education that contains a
26 provision that additional instructional time per day shall be used to make
27 up full days missed due to an emergency;

- 1 2. The employee's contract requires a minimum six (6) hour work day; and
- 2 3. The employee's job responsibilities and work day are extended when the
- 3 instructional time is extended for the purposes of making up time.

4 (c) Classified employees who are regularly scheduled to work less than six (6)

5 hours per day and who do not have additional work responsibilities as a result

6 of lengthened student attendance days shall be excluded from the provisions

7 of this subsection. These employees may be assigned additional work

8 responsibilities to make up service credit under KRS 78.615 that would be

9 lost due to lengthened student attendance days.

10 ➔Section 5. This Act may be cited as the Lyndsey Crunk Act.
