14 headquarters, or nonretail service and technology projects may be financed
15 by the issuance of revenue bonds of the commission only at the request of the
16 Cabinet for Economic Development, subject to the provisions of subsection
17 (3) of this section.
- 18 (2) In any case where the expenditures for the acquisition of real estate or for a building

20 issuance or sale of revenue bonds, the commission may provide that the title to any
21 real estate which may be so acquired shall not vest in the Commonwealth until the
22 revenue bonds, together with interest thereon, have been paid in full. In such cases
23 the commission may, by agreement or in a trust indenture securing the payment of
24 such revenue bonds, provide that the title of such real estate may be vested in some

9 exercise such option;
- 10 (c) That the issuance of such bonds, notes, or other obligations shall be directed

12 the date of issue of such obligations; and
- 13 (d) That no bonds, notes, or other obligations shall be issued by the commission
14 for and on behalf of such state agency except upon express direction of such
15 state agency.
- 16 (3) (a) In any case where the expenditures for the acquisition, installation and
17 construction of an industrial development, headquarters, or nonretail service
18 and technology project will be financed in whole or in part by the issuance or
19 sale of revenue bonds, the commission may provide that the title to the
20 industrial development, headquarters, or nonretail service and technology
21 project which may be so acquired shall be conveyed to the ~~industrial~~ entity
22 which will occupy and utilize the industrial development, headquarters, or
23 nonretail service and technology project; provided, however, that such
24 conveyance shall only be made if:
- 25 1. The subject ~~industrial~~ entity agrees in writing prior to the issuance of
26 any revenue bonds to construct and acquire in connection with the
27 industrial development, headquarters, or nonretail service and

1 **technology** project~~[manufacturing, processing and assembling]~~ facilities
2 satisfactory to the commission;

3 2. The commission makes a finding in writing, that, based upon diligent
4 investigation, the aggregate incremental taxes to be received by the
5 Commonwealth as a result of such~~[industrial development]~~ project are
6 reasonably expected, over the life of the revenue bond issue, to be at
7 least equal to the principal amount of any revenue bonds issued to
8 finance such~~[industrial development]~~ project;

9 3. The industrial development, **headquarters, or nonretail service and**
10 **technology** project is separately approved in writing by the Governor;

11 4. The industrial development, **headquarters, or nonretail service and**
12 **technology** project is separately approved and authorized by the General
13 Assembly; and

14 5. Any revenue bond proceedings for the financing of an industrial
15 development, **headquarters, or nonretail service and technology**
16 project provide that in the event of any disposition by an~~[industrial]~~
17 entity of any such~~[industrial development]~~ project previously conveyed
18 to such industrial, **headquarters, or nonretail service and technology**
19 entity prior to the collection by the Commonwealth of incremental taxes
20 in the amount specified in subparagraph 2. of this paragraph, the subject
21 industrial, **headquarters, or nonretail service and technology** entity
22 shall pay to the Commonwealth an amount equal to the difference
23 between the aggregate incremental taxes collected by the
24 Commonwealth to such date of disposition and the principal amount of
25 such revenue bonds;

26 (b) As an alternate to the initial conveyance of an industrial development,
27 **headquarters, or nonretail service and technology** project to an~~[industrial]~~

1 entity, such~~[-industrial development]~~ project may be leased to such~~[-industrial]~~
2 entity upon such terms as the commission and the Cabinet for Economic
3 Development shall determine to be proper, and in such case, subject to the
4 provisions of subparagraphs 1., 2., and 3. of paragraph (a) of this subsection,
5 provision may also be made for title to such~~[-industrial development]~~ project
6 to be conveyed to the subject~~[-industrial]~~ entity at such time as the
7 Commonwealth has collected incremental taxes in respect of the~~[-industrial~~
8 ~~development]~~ project in an amount equal to the principal amount of any
9 revenue bonds issued to finance such industrial development, headquarters,
10 or nonretail service and technology project;

11 (c) It is hereby determined and declared as a legislative finding of fact that the
12 provisions and requirements of paragraphs (a) and (b) of this subsection
13 provide for the receipt by the Commonwealth of fair market value for any
14 industrial development, headquarters, or nonretail service and technology
15 project conveyed to an~~[-industrial]~~ entity pursuant to this subsection; and

16 (d) The Cabinet for Economic Development is authorized and empowered to
17 initiate industrial development, headquarters, or nonretail service and
18 technology projects and to finance such projects pursuant to the provisions of
19 this chapter. When revenue bonds are issued for the financing of any such~~[-~~
20 ~~industrial development]~~ project, the Cabinet for Economic Development is
21 authorized and empowered to enter into financing agreements or lease
22 agreements with the commission providing for the making of financing
23 payments by the Cabinet for Economic Development from appropriations
24 made to the Cabinet for Economic Development as, if and when received, for
25 the amortization of revenue bonds so issued, provided that no such obligation
26 shall be binding upon the Cabinet for Economic Development for a period
27 extending beyond the legislative biennium during which such obligation is

1 incurred, but such obligation may be renewed during successive biennial
2 periods by the Cabinet for Economic Development. The issuance of any
3 revenue bonds, notes or other obligations for the financing of industrial
4 development, headquarters, or nonretail service and technology projects
5 shall be directed by and approved by the Cabinet for Economic Development
6 not more than sixty (60) days prior to the date of the issue of such obligations,
7 and no bonds, notes or other obligations shall be issued by the commission for
8 and on behalf of the Cabinet for Economic Development, except upon such
9 express direction and upon compliance with this subsection. Any portion of an
10 industrial development, headquarters, or nonretail service and technology
11 project may be financed by a city or county of the Commonwealth in the same
12 manner as a financing by the commission under this section, KRS 56.513 and
13 56.514 or pursuant to the statutory authority of such city or county. In such
14 event, the Cabinet for Economic Development may enter into similar
15 financing agreements or lease agreements with such city or county in order to
16 make proper provision for such financing.

17 (4) The cabinet, in providing for the expenditure of funds for any of the purposes
18 mentioned in this section, or the commission in providing for the issuance and sale
19 of revenue bonds, shall have power to provide by agreement with the state agency
20 affected, or by provision in the trust indenture securing the bonds, such terms and
21 conditions as may be considered appropriate and reasonable so as to permit either
22 the leasing to, and use by, any state agency of any building project or the
23 conveyance or lease of any industrial, headquarters, or nonretail service and
24 technology development project to any ~~industrial~~ entity, any such building project
25 to be paid for by such state agency either:

- 26 (a) From its own appropriation;
- 27 (b) By the issuance of revenue bonds; or

1 (c) By means of a proposal to pay a rental for the use of all or any part of any
2 building proposed to be constructed and any such industrial, headquarters, or
3 nonretail service and technology development project to be paid for by the
4 Cabinet for Economic Development by the issuance of revenue bonds of the
5 commission, subject to the provisions of subsection (3) of this section, and
6 amortization of such revenue bonds by the Cabinet for Economic
7 Development.

8 The cabinet or the commission, in making any such lease agreement or financing
9 agreement, or in making provision in any trust indenture securing revenue bonds, is
10 authorized and empowered to lease all or any part of the facility financed for such
11 term and upon such conditions and for such considerations or enter into financing
12 agreements with the Cabinet for Economic Development in respect of any industrial
13 development, headquarters, or nonretail service and technology project as may
14 appear to be in the public interest.
