12 vehicles. Vehicles overtaking streetcars may pass either to the right or left when so  
13 directed by a police officer, when on a one (1) way street or where the location of  
14 the tracks prevents compliance with this section, with regard for other traffic.
- 15 (2) The operator of a vehicle may overtake and pass upon the right of another vehicle  
16 only under the following conditions:
- 17 (a) When the vehicle overtaken is making or about to make a left turn;
- 18 (b) Upon a roadway with unobstructed pavement of sufficient width for two (2) or  
19 more lines of vehicles moving lawfully in the direction being traveled by the  
20 overtaking vehicle.
- 21 (3) The operator of a vehicle may overtake and pass another vehicle upon the right only  
22 under conditions permitting such movements in safety. Such movement shall not be  
23 made by driving off the roadway unless passing vehicle comes to a complete stop  
24 and such movement may be made safely.
- 25 (4) No vehicle shall be driven to the left side of the center of the roadway in overtaking  
26 and passing another vehicle proceeding in the same direction unless the left side is  
27 clearly visible and free of oncoming traffic for a sufficient distance ahead to permit

1       overtaking and passing to be completely made without interfering with the safe  
2       operation of any vehicle approaching from the opposite direction or any vehicle  
3       overtaken. In every event, the overtaking vehicle must return to the right-hand side  
4       of the roadway before coming within two hundred (200) feet of any vehicle  
5       approaching from the opposite direction.

6       (5) The commissioner of highways is hereby authorized to determine those portions of  
7       any highway where overtaking and passing or driving to the left of the roadway  
8       would be especially hazardous and may by appropriate signs or markings on the  
9       roadway indicate the beginning and end of such zones, and when such signs or  
10      markings are in place and clearly visible to an ordinarily observant person, every  
11      driver of a vehicle shall obey the directions thereof.

12     (6) Whenever any roadway has been divided into three (3) clearly marked lanes for  
13     travel, the following additional rules shall apply:

14     (a) A vehicle shall be driven as nearly as may be practical entirely within a single  
15     lane and shall not be moved from that lane until the driver has first ascertained  
16     that the movement can be made with safety;

17     (b) A vehicle shall not be driven in the center lane except when overtaking and  
18     passing another vehicle where the roadway is clearly visible and the center  
19     lane is clear of traffic within a safe distance, or in preparation for a left turn or  
20     where a center lane is at the time allocated exclusively to traffic moving in the  
21     direction in which the vehicle is proceeding and is signposted to give notice of  
22     the allocation; and

23     (c) Official signs may be erected directing slow-moving traffic to use a  
24     designated lane or allocating specified lanes to traffic moving in the same  
25     direction and operators of vehicles shall obey the directions of such signs.

26     (7) A vehicle shall not be driven in the left lane of any limited access highway of four  
27     (4) lanes or more with a posted speed limit of at least sixty-five (65) miles per hour,

1           except in overtaking a slower vehicle, yielding to traffic coming onto such a  
2           highway, or when traffic conditions exist which would prohibit safe use of the right  
3           or center lanes.

4       (8) (a) **Except as provided in paragraph (c) of this subsection,** the operator of a  
5           motor vehicle shall not follow another vehicle more closely than is reasonable  
6           and prudent, having regard for the speed of the vehicle and the traffic upon  
7           and condition of the highway.

8       (b) **Except as provided in paragraph (c) of this subsection,** the operator of any  
9           motor truck, semitrailer truck, bus, or heavy construction equipment unit,  
10          when traveling upon a highway outside of a business or residential district,  
11          shall not follow within two hundred fifty (250) feet of another such vehicle or  
12          equipment unit. This subsection shall not prevent overtaking and passing, nor  
13          shall it apply to any lane specially designated for use of motor trucks or  
14          semitrailer trucks, buses or heavy construction equipment units.

15       **(c) Paragraphs (a) and (b) of this subsection shall not apply to a trailing**  
16       **commercial motor vehicle involved in a platoon as defined in Section 2 of**  
17       **this Act, but shall apply to the commercial motor vehicle leading a platoon.**
