16 (4) Access to and inspection of information received from the Internal Revenue Service
17 is for department use only, and is restricted to tax administration purposes.
18 Information received from the Internal Revenue Service shall not be made available
19 to any other agency of state government, or any county, city, or other state, and shall

2 submissions for the 1989 tax year, the department may make public or divulge only
3 those portions of mine maps submitted by taxpayers to the department pursuant to
4 KRS Chapter 132 for ad valorem tax purposes that depict the boundaries of mined-
5 out parcel areas. These electronic maps shall not be relied upon to determine actual
6 boundaries of mined-out parcel areas. Property boundaries contained in mine maps
7 required under KRS Chapters 350 and 352 shall not be construed to constitute land
8 surveying or boundary surveys as defined by KRS 322.010 and any administrative
9 regulations promulgated thereto.

10 ➔Section 2. KRS 134.580 is amended to read as follows:

11 (1) As used in this section, unless the context requires otherwise:

12 (a) "Agency" means the agency of state government which administers the tax to
13 be refunded or credited; and

14 (b) "Overpayment" or "payment where no tax was due" means the excess of the
15 tax payments made over the correct tax liability determined under the terms of
16 the applicable statute without reference to the constitutionality of the statute.

17 (2) When money has been paid into the State Treasury in payment of any state taxes,
18 except ad valorem taxes, whether payment was made voluntarily or involuntarily,
19 the appropriate agency shall authorize refunds to the person who paid the tax, or to
20 his heirs, personal representatives or assigns, of any overpayment of tax and any
21 payment where no tax was due. When a bona fide controversy exists between the
22 agency and the taxpayer as to the liability of the taxpayer for the payment of tax
23 claimed to be due by the agency, the taxpayer may pay the amount claimed by the
24 agency to be due, and if an appeal is taken by the taxpayer from the ruling of the
25 agency within the time provided by KRS 49.220 and it is finally adjudged that the
26 taxpayer was not liable for the payment of the tax or any part thereof, the agency
27 shall authorize the refund or credit as the Kentucky Claims Commission or courts

1 may direct.

2 (3) No refund shall be made unless each taxpayer individually files an application or
3 claim for the refund within four (4) years from the date payment was made. Each
4 claim or application for a refund shall be in writing and state the specific grounds
5 upon which it is based. Denials of refund claims or applications may be protested
6 and appealed in accordance with KRS 49.220 and 131.110.

7 (4) Notwithstanding any provision of this section, when an assessment of limited
8 liability entity tax is made under KRS 141.0401 against a pass-through entity as
9 defined in KRS 141.206, the corporation or individual partners, members, or
10 shareholders of the pass-through entity shall have the greater of the time period
11 provided by this section or one hundred eighty (180) days from the date the
12 assessment becomes final to file amended returns requesting any refund of tax
13 for the taxable year of the assessment and to allow for items of income,
14 deduction, and credit to be properly reported on the returns of the partners,
15 members, or shareholders of the pass-through entity subject to adjustment.

16 (5) Refunds shall be authorized with interest as provided in KRS 131.183. The refunds
17 authorized by this section shall be made in the same manner as other claims on the
18 State Treasury are paid. They shall not be charged against any appropriation, but
19 shall be deducted from tax receipts for the current fiscal year.

20 ~~(6)~~⁽⁵⁾ Nothing in this section shall be construed to authorize the agency to make or
21 cause to be made any refund except within four (4) years of the date prescribed by
22 law for the filing of a return including any extension of time for filing the return, or
23 the date the money was paid into the State Treasury, whichever is the later, except
24 in any case where the assessment period has been extended by written agreement
25 between the taxpayer and the department, the limitation contained in this subsection
26 shall be extended accordingly. Nothing in this section shall be construed as
27 requiring the agency to authorize any refund to a taxpayer without demand from the

1 taxpayer, if in the opinion of the agency the cost to the state of authorizing the
2 refund would be greater than the amount that should be refunded or credited.

3 ~~(7)~~~~(6)~~ This section shall not apply to any case in which the statute may be held
4 unconstitutional, either in whole or in part.

5 ~~(8)~~~~(7)~~ In cases in which a statute has been held unconstitutional, taxes paid
6 thereunder may be refunded to the extent provided by KRS 134.590, and by the
7 statute held unconstitutional.

8 ~~(9)~~~~(8)~~ No person shall secure a refund of motor fuels tax under KRS 134.580 unless
9 the person holds an unrevoked refund permit issued by the department before the
10 purchase of gasoline or special fuels and that permit entitles the person to apply for
11 a refund under KRS 138.344 to 138.355.

12 ~~(10)~~~~(9)~~ Notwithstanding any provision of the Kentucky Revised Statutes to the
13 contrary:

14 (a) The Commonwealth hereby revokes and withdraws its consent to suit in any
15 forum whatsoever on any claim for recovery, refund, or credit of any tax
16 overpayment for any taxable year ending before December 31, 1995, made by
17 an amended return or any other method after December 22, 1994, and based
18 on a change from any initially filed separate return or returns to a combined
19 return under the unitary business concept or to a consolidated return. No such
20 claim shall be effective or recognized for any purpose;

21 (b) Any stated or implied consent for the Commonwealth of Kentucky, or any
22 agent or officer of the Commonwealth of Kentucky, to be sued by any person
23 for any legal, equitable, or other relief with respect to any claim for recovery,
24 refund, or credit of any tax overpayment for any taxable year ending before
25 December 31, 1995, made by an amended return or any other method after
26 December 22, 1994, and based on a change from any initially filed separate
27 return or returns to a combined return under the unitary business concept or to

1 a consolidated return, is hereby withdrawn; and

2 (c) The provisions of this subsection shall apply retroactively for all taxable years
3 ending before December 31, 1995, and shall apply to all claims for such
4 taxable years pending in any judicial or administrative forum.

5 ~~(11)~~[(10)] Notwithstanding any provision of the Kentucky Revised Statutes to the
6 contrary:

7 (a) No money shall be drawn from the State Treasury for the payment of any
8 claim for recovery, refund, or credit of any tax overpayment for any taxable
9 year ending before December 31, 1995, made by an amended return or any
10 other method after December 22, 1994, and based on a change from any
11 initially filed separate return or returns to a combined return under the unitary
12 business concept or to a consolidated return; and

13 (b) No provision of the Kentucky Revised Statutes shall constitute an
14 appropriation or mandated appropriation for the payment of any claim for
15 recovery, refund, or credit of any tax overpayment for any taxable year ending
16 before December 31, 1995, made by an amended return or any other method
17 after December 22, 1994, and based on a change from any initially filed
18 separate return or returns to a combined return under the unitary business
19 concept or to a consolidated return.

23 ignored in computing net income;
- 24 4. Any deduction directly or indirectly allocable to income which is either

United States of America.

3. Only publicly traded companies, including affiliated corporations participating in the filing of a publicly traded company's financial statements prepared in accordance with accounting principles generally accepted in the United States of America, as of January 1, 2019, shall be eligible for this deduction.
4. If the provisions of Section 5 of this Act result in an aggregate increase to the member's net deferred tax liability, an aggregate decrease to the member's net deferred tax asset, or an aggregate change from a net deferred tax asset to a net deferred tax liability, the combined group shall be entitled to a deduction, as determined in this paragraph.
5. For ten (10) years beginning with the combined group's first taxable year beginning on or after January 1, 2024, a combined group shall be entitled to a deduction from the combined group's entire net income equal to one-tenth (1/10) of the amount necessary to offset the increase in the net deferred tax liability, decrease in the net deferred tax asset, or aggregate change from a net deferred tax asset to a net deferred tax liability. The increase in the net deferred tax liability, decrease in the net deferred tax asset, or the aggregate change from a net deferred tax asset to a net deferred tax liability shall be computed based on the change that would result from the imposition of the combined reporting requirement under Section 5 of this Act, but for the deduction provided under this paragraph as of the effective date of this paragraph.
6. The deferred tax impact determined in subparagraph 5. of this paragraph shall be converted to the annual deferred tax deduction

1 amount, as follows:

2 a. The deferred tax impact determined in subparagraph 5. of this
3 paragraph shall be divided by the tax rate determined under
4 Section 12 of this Act;

5 b. The resulting amount shall be further divided by the
6 apportionment factor determined by KRS 141.120 or 141.121
7 that was used by the combined group in the calculation of the
8 deferred tax assets and deferred tax liabilities as described in
9 subparagraph 5. of this paragraph;

10 c. The resulting amount represents the total net deferred tax
11 deduction available over the ten (10) year period as described in
12 subparagraph 5. of this paragraph.

13 7. The deduction calculated under this paragraph shall not be adjusted
14 as a result of any events happening subsequent to the calculation,
15 including but not limited to any disposition or abandonment of assets.
16 The deduction shall be calculated without regard to the federal tax
17 effect and shall not alter the tax basis of any asset. If the deduction
18 under this section is greater than the combined group's entire
19 Kentucky net income, any excess deduction shall be carried forward
20 and applied as a deduction to the combined group's entire net income
21 in future taxable years until fully utilized.

22 8. Any combined group intending to claim a deduction under this
23 paragraph shall file a statement with the department on or before July
24 1, 2019. The statement shall specify the total amount of the deduction
25 which the combined group claims on the form including calculations
26 and other information supporting the total amounts of the deduction
27 as required by the department. No deduction shall be allowed under

1 **this paragraph for any taxable year except to the extent claimed on the**
 2 **timely filed statement in accordance with this paragraph.**

3 ➔Section 5. KRS 141.202 is amended to read as follows:

- 4 (1) This section shall apply to taxable years beginning on or after January 1, 2019.
- 5 (2) As used in this section:
- 6 (a) "Combined group" means the group of all corporations whose income and
 7 apportionment factors are required to be taken into account as provided in
 8 subsection (3) of this section in determining the taxpayer's share of the net
 9 income or loss apportionable to this state. **A combined group shall include**
 10 **only corporations, the voting stock of which is more than fifty percent (50%)**
 11 **owned, directly or indirectly, by a common owner or owners;**
- 12 (b) "Corporation" has the same meaning as in KRS 141.010, including an
 13 organization of any kind treated as a corporation for tax purposes under KRS
 14 141.040, wherever located, which if it were doing business in this state would
 15 be a taxpayer, and the business conducted by a pass-through entity which is
 16 directly or indirectly held by a corporation shall be considered the business of
 17 the corporation to the extent of the corporation's distributive share of the pass-
 18 through entity income, inclusive of guaranteed payments;
- 19 (c) "Doing business in a tax haven" means being engaged in activity sufficient for
 20 that tax haven jurisdiction to impose a tax under United States constitutional
 21 standards;
- 22 (d) **1.** "Tax haven" means a jurisdiction that, during the taxable year has no or
 23 nominal effective tax on the relevant income and:
 24 **a.[1-]**Has laws or practices that prevent effective exchange of
 25 information for tax purposes with other governments on taxpayers
 26 benefitting from the tax regime;
 27 **b.[2-]**Has a tax regime which lacks transparency. A tax regime lacks

1 transparency if the details of legislative, legal, or administrative
 2 provisions are not open and apparent or are not consistently
 3 applied among similarly situated taxpayers, or if the information
 4 needed by tax authorities to determine a taxpayer's correct tax
 5 liability, such as accounting records and underlying
 6 documentation, is not adequately available;

7 ~~c.[3.]~~ Facilitates the establishment of foreign-owned entities without the
 8 need for a local substantive presence or prohibits these entities
 9 from having any commercial impact on the local economy;

10 ~~d.[4.]~~ Explicitly or implicitly excludes the jurisdiction's resident
 11 taxpayers from taking advantage of the tax regime's benefits or
 12 prohibits enterprises that benefit from the regime from operating in
 13 the jurisdiction's domestic market; or

14 ~~e.[5.]~~ Has created a tax regime which is favorable for tax avoidance,
 15 based upon an overall assessment of relevant factors, including
 16 whether the jurisdiction has a significant untaxed offshore
 17 financial or other services sector relative to its overall economy.

18 **2. "Tax haven" does not include a jurisdiction that has entered into a**
 19 **comprehensive income tax treaty with the United States, which the**
 20 **Secretary of the Treasury has determined is satisfactory for purposes**
 21 **of Section 1(h)(11)(C)(i)(II) of the Internal Revenue Code;**

22 (e) "Taxpayer" means any corporation subject to the tax imposed under this
 23 chapter;

24 (f) "Unitary business" means a single economic enterprise that is made up either
 25 of separate parts of a single corporation or of a commonly controlled group of
 26 corporations that are sufficiently interdependent, integrated, and interrelated
 27 through their activities so as to provide a synergy and mutual benefit that

1 produces a sharing or exchange of value among them and a significant flow of
2 value to the separate parts. For purposes of this section, the term "unitary
3 business" shall be broadly construed, to the extent permitted by the United
4 States Constitution; and

5 (g) "United States" means the fifty (50) states of the United States, the District of
6 Columbia, and United States' territories and possessions.

7 (3) (a) Except as provided in KRS 141.201, a taxpayer engaged in a unitary business
8 with one (1) or more other corporations shall file a combined report which
9 includes the income, determined under subsection (5) of this section, and the
10 apportionment fraction, determined under KRS 141.120 and paragraph (d) of
11 this subsection, of all corporations that are members of the unitary business,
12 and any other information as required by the department. *The combined*
13 *report shall be filed on a waters-edge basis under subsection (8) of this*
14 *section.*

15 (b) The department may, by administrative regulation, require that the combined
16 report include the income and associated apportionment factors of any
17 corporations that are not included as provided by paragraph (a) of this
18 subsection, but that are members of a unitary business, in order to reflect
19 proper apportionment of income of the entire unitary businesses. Authority to
20 require combination by administrative regulation under this paragraph
21 includes authority to require combination of corporations that are not, or
22 would not be combined, if the corporation were doing business in this state.

23 (c) In addition, if the department determines that the reported income or loss of a
24 taxpayer engaged in a unitary business with any corporation not included as
25 provided by paragraph (a) of this subsection represents an avoidance or
26 evasion of tax by the taxpayer, the department may, on a case-by-case basis,
27 require all or any part of the income and associated apportionment factors of

1 the corporation be included in the taxpayer's combined report.

2 (d) With respect to the inclusion of associated apportionment factors as provided
3 in paragraph (a) of this subsection, the department may require the inclusion
4 of any one (1) or more additional factors which will fairly represent the
5 taxpayer's business activity in this state, or the employment of any other
6 method to effectuate a proper reflection of the total amount of income subject
7 to apportionment and an equitable allocation and apportionment of the
8 taxpayer's income.

9 (e) *A unitary business shall consider the combined gross receipts and combined*
10 *income from all sources of all members under subsection (8) of this section,*
11 *including eliminating entries for transactions among the members under*
12 *subsection (8)(e) of this section.*

13 (f) Notwithstanding paragraphs (a) to (e)~~(d)~~ of this subsection, a consolidated
14 return may be filed as provided in KRS 141.201 if the taxpayer makes an
15 election according to KRS 141.201.

16 (4) The use of a combined report does not disregard the separate identities of the
17 taxpayer members of the combined group. Each taxpayer member is responsible for
18 tax based on its taxable income or loss apportioned or allocated to this state, which
19 shall include, in addition to the other types of income, the taxpayer member's share
20 of apportionable income of the combined group, where apportionable income of the
21 combined group is calculated as a summation of the individual net incomes of all
22 members of the combined group. A member's net income is determined by
23 removing all but apportionable income, expense, and loss from that member's total
24 income as provided in subsection (5) of this section.

25 (5) (a) Each taxpayer member is responsible for tax based on its taxable income or
26 loss apportioned or allocated to this state, which shall include:

27 1. Its share of any income apportionable to this state of each of the

- 1 combined groups of which it is a member, determined under subsection
2 (6) of this section;
- 3 2. Its share of any income apportionable to this state of a distinct business
4 activity conducted within and without the state wholly by the taxpayer
5 member, determined under KRS 141.120;
- 6 3. Its income from a business conducted wholly by the taxpayer member
7 entirely within the state;
- 8 4. Its income sourced to this state from the sale or exchange of capital or
9 assets, and from involuntary conversions, as determined under
10 subsection (8)(k) of this section;
- 11 5. Its nonapportionable income or loss allocable to this state, determined
12 under KRS 141.120;
- 13 6. Its income or loss allocated or apportioned in an earlier year, required to
14 be taken into account as state source income during the income year,
15 other than a net operating loss; and
- 16 7. Its net operating loss carryover. If the taxable income computed pursuant
17 to this subsection results in a loss for a taxpayer member of the
18 combined group, that taxpayer member has a Kentucky net operating
19 loss, subject to the net operating loss limitations and carry forward
20 provisions of KRS 141.011. The net operating loss is applied as a
21 deduction in a subsequent year only if that taxpayer has Kentucky source
22 positive net income, whether or not the taxpayer is or was a member of a
23 combined reporting group in the subsequent year.
- 24 (b) **Unless otherwise prohibited, tax credits earned by a taxpayer member of a**
25 **combined group shall be utilized as follows:**
- 26 **1. If a taxpayer member of a combined group earns a tax credit in a tax**
27 **year beginning on or after the first day of the initial tax year for which**

1 *a combined unitary tax return is required under this section, then the*
2 *taxpayer member may share the credit with other taxpayer members of*
3 *the combined group. Any amount of credit that is utilized by another*
4 *taxpayer member of the combined group shall reduce the amount of*
5 *credit carryover that may be carried over by the taxpayer member that*
6 *originally earned the credit;*

7 *2. If a taxpayer member of a combined group has a tax credit carryover*
8 *derived from a tax year beginning on or after the first day of the initial*
9 *tax year for which a combined unitary tax return is required under*
10 *this section, then the taxpayer member may share the carryover credit*
11 *with other taxpayer members of the combined group. Any amount of*
12 *carryover credit that is utilized by another taxpayer member of the*
13 *combined group shall reduce the amount of credit carryover that may*
14 *be carried over by the taxpayer member that originally earned the*
15 *credit;*

16 *3. If a taxpayer member of a combined group has a tax credit carryover*
17 *derived from a tax year beginning prior to the first day of the initial*
18 *tax year for which a combined unitary tax return is required under*
19 *this section, then the credit carryover shall remain available to be*
20 *utilized by that taxpayer member, and the taxpayer member may share*
21 *the carryover credit with other taxpayer members of the combined*
22 *group. Any amount of carryover credit that is utilized by another*
23 *taxpayer member of the combined group shall reduce the amount of*
24 *credit carryover that may be carried over by the taxpayer member that*
25 *originally earned the credit;*

26 *4. If a taxpayer of a combined group has a tax credit carryover derived*
27 *from a taxable year beginning prior to the first day of the initial tax*

1 year for which that taxpayer member was a member of a combined
 2 unitary tax return as required under this section, then the credit
 3 carryover shall remain available to be utilized by the taxpayer
 4 member, and the taxpayer member may share the carryover credit
 5 with other taxpayer members of the combined group. Any amount of
 6 carryover credit that is utilized by another taxpayer member of the
 7 combined group shall reduce the amount of credit carryover that may
 8 be carried over by the taxpayer member that originally earned the
 9 credit; or

10 5. To the extent a taxpayer member has more than one (1) tax credit that
 11 it may utilize in a tax year, whether the credits were earned by the
 12 member or are available to the member in accordance with
 13 subparagraphs 1. to 4. of this paragraph, the order of priority of the
 14 application of the credits shall be as provided in KRS 141.0205. The
 15 department may promulgate administrative regulations regarding the
 16 order of priority of the application of the credits~~[No tax credit or post-~~
 17 ~~apportionment deduction earned by one (1) member of the group, but~~
 18 ~~not fully used by or allowed to that member, may be used in whole or in~~
 19 ~~part by another member of the group or applied in whole or in part~~
 20 ~~against the total income of the combined group].~~

21 (c) If the taxable income computed pursuant to Section 4 of this Act results in a
 22 net loss for a taxpayer member of the combined group, that taxpayer
 23 member has a Kentucky net operating loss, subject to the net operating loss
 24 limitations and carry forward provisions of KRS 141.011. No prior year net
 25 operating loss carryforward shall be available to entities that were not doing
 26 business in this state in the year in which the loss was incurred. A Kentucky
 27 net operating loss carryover incurred by a taxpayer member of a combined

1 group shall be deducted from income or loss apportioned to this state
2 pursuant to this section as follows:

3 1. For taxable years beginning on or after the first day of the initial
4 taxable year for which a combined unitary tax return is required
5 under this section, if the computation of a combined group's Kentucky
6 net income before apportionment to this state results in a net
7 operating loss, a taxpayer member of the group may carry over its
8 share of the net operating loss as apportioned to this state, as
9 calculated under this section and in accordance with KRS 141.120 or
10 141.121, and it shall be deductible from a taxpayer member's
11 apportioned net income derived from the unitary business in a future
12 tax year to the extent that the carryover and deduction is otherwise
13 consistent with KRS 141.011;

14 2. Where a taxpayer member of a combined group has a Kentucky net
15 operating loss carryover derived from a loss incurred by a combined
16 group in a tax year beginning on or after the first day of the initial tax
17 year for which a combined unitary tax return is required under this
18 section, then the taxpayer member may share the net operating loss
19 carryover with other taxpayer members of the combined group if the
20 other taxpayer members were members of the combined group in the
21 tax year that the loss was incurred. Any amount of net operating loss
22 carryover that is deducted by another taxpayer member of the
23 combined group shall reduce the amount of net operating loss
24 carryover that may be carried over by the taxpayer member that
25 originally incurred the loss;

26 3. Where a taxpayer member of a combined group has a net operating
27 loss carryover derived from a loss incurred in a tax year prior to the

1 initial tax year for which a combined unitary tax return is required
2 under this section, the carryover shall remain available to be deducted
3 by that taxpayer member and any other taxpayer members of the
4 combined group but in no case shall the deduction reduce any
5 taxpayer member's Kentucky apportioned taxable income by more
6 than fifty percent (50%) in any taxable year, other than the taxpayer
7 member that originally incurred the net operating loss, in which case
8 no limitation is provided except as provided by Section 172 of the
9 Internal Revenue Code. Any net operating loss carryover that is not
10 utilized in a particular taxable year shall be carried over by the
11 taxpayer member that generated the loss and utilized in the future
12 consistent with the limitations of this subparagraph; or

13 4. Where a taxpayer member of a combined group has a net operating
14 loss carryover derived from a loss incurred in a tax year during which
15 the taxpayer member was not a taxpayer member of the combined
16 group, the carryover shall remain available to be deducted by that
17 taxpayer member or other taxpayer members but in no case shall the
18 deduction reduce any taxpayer member's Kentucky apportioned
19 taxable income by more than fifty percent (50%) in any taxable year,
20 other than the taxpayer member that originally incurred the net
21 operating loss, in which case no limitation is provided except as
22 provided by Section 172 of the Internal Revenue Code. Any net
23 operating loss carryover that is not utilized in a particular taxable
24 year, shall be carried over by the taxpayer member that generated the
25 loss and utilized in the future consistent with the limitations of this
26 subparagraph~~[A post-apportionment deduction carried over into a~~
27 ~~subsequent year as to the member that incurred it, and available as a~~

1 ~~deduction to that member in a subsequent year, will be considered in the~~
2 ~~computation of the income of that member in the subsequent year,~~
3 ~~regardless of the composition of that income as apportioned, allocated,~~
4 ~~or wholly within this state].~~

5 (6) The taxpayer's share of the business income apportionable to this state of each
6 combined group of which it is a member shall be the product of:

7 (a) The apportionable income of the combined group, determined under
8 subsection (7) of this section; and

9 (b) The taxpayer member's apportionment fraction, determined under KRS
10 141.120, including in the sales factor numerator the taxpayer's sales associated
11 with the combined group's unitary business in this state, and including in the
12 denominator the sales of all members of the combined group, including the
13 taxpayer, which sales are associated with the combined group's unitary
14 business wherever located. The sales of a pass-through entity shall be included
15 in the determination of the partner's apportionment percentage in proportion to
16 a ratio, the numerator of which is the amount of the partner's distributive share
17 of the pass-through entity's unitary income included in the income of the
18 combined group as provided in subsection (8) of this section and the
19 denominator of which is the amount of pass-through entity's total unitary
20 income.

21 (7) The apportionable income of a combined group is determined as follows:

22 (a) The total income of the combined group is the sum of the income of each
23 member of the combined group determined under federal income tax laws, as
24 adjusted for state purposes, as if the member were not consolidated for federal
25 purposes; and

26 (b) From the total income of the combined group determined under subsection (8)
27 of this section, subtract any income and add any expense or loss, other than

1 the apportionable income, expense, or loss of the combined group.

2 (8) To determine the total income of the combined group, taxpayer members shall take
3 into account all or a portion of the income and apportionment factor of only the
4 following members otherwise included in the combined group as provided in
5 subsection (3) of this section:

6 (a) The entire income and apportionment percentage of any member, incorporated
7 in the United States or formed under the laws of any state, the District of
8 Columbia, or any territory or possession of the United States, that earns less
9 than eighty percent (80%) of its income from sources outside of the United
10 States, the District of Columbia, or any territory or possession of the United
11 States;

12 (b) Any member that earns more than twenty percent (20%) of its income, directly
13 or indirectly, from intangible property or service related activities that are
14 deductible against the apportionable income of other members of the
15 combined group, to the extent of that income and the apportionment factor
16 related to that income, If a non-U.S. corporation is includible as a member
17 in the combined group, to the extent that the non-U.S. corporation's income
18 is excluded from U.S. taxation pursuant to the provisions of a
19 comprehensive income tax treaty, the income or loss is not includible in the
20 combined group's net income or loss. The member's expenses or
21 apportionment factors attributable to income that is excluded from U.S.
22 taxation pursuant to the provisions of a comprehensive income tax treaty
23 are not to be included in the combined report;

24 (c) The entire income and apportionment factor of any member that is doing
25 business in a tax haven. If the member's business activity within a tax haven is
26 entirely outside the scope of the laws, provisions, and practices that cause the
27 jurisdiction to meet the definition established in subsection (2)(d) of this

1 section, the activity of the member shall be treated as not having been
2 conducted in a tax haven;

3 (d) If a unitary business includes income from a pass-through entity, the income
4 to be included in the total income of the combined group shall be the member
5 of the combined group's direct and indirect distributive share of the pass-
6 through entity's unitary income;

7 (e) Income from an intercompany transaction between members of the same
8 combined group shall be deferred in a manner similar to 26 C.F.R. 1.1502-13.
9 Upon the occurrence of any of the following events, deferred income resulting
10 from an intercompany transaction between members of a combined group
11 shall be restored to the income of the seller, and shall be apportionable income
12 earned immediately before the event:

13 1. The object of a deferred intercompany transaction is:

14 a. Resold by the buyer to an entity that is not a member of the
15 combined group;

16 b. Resold by the buyer to an entity that is a member of the combined
17 group for use outside the unitary business in which the buyer and
18 seller are engaged; or

19 c. Converted by the buyer to a use outside the unitary business in
20 which the buyer and seller are engaged; or

21 2. The buyer and seller are no longer members of the same combined
22 group, regardless of whether the members remain unitary;

23 (f) A charitable expense incurred by a member of a combined group shall, to the
24 extent allowable as a deduction provided by Section 170 of the Internal
25 Revenue Code, be subtracted first from the apportionable income of the
26 combined group, subject to the income limitations of that section applied to
27 the entire apportionable income of the group, and any remaining amount shall

1 then be treated as a nonapportionable expense allocable to the member that
2 incurred the expense, subject to the income limitations of that section applied
3 to the nonapportionable income of that specific member. Any charitable
4 deduction disallowed under this paragraph, but allowed as a carryover
5 deduction in a subsequent year, shall be treated as originally incurred in the
6 subsequent year by the same member, and this paragraph shall apply in the
7 subsequent year in determining the allowable deduction in that year;

8 (g) Gain or loss from the sale or exchange of capital assets, property described by
9 Section 1231(a)(3) of the Internal Revenue Code, and property subject to an
10 involuntary conversion shall be removed from the total separate net income of
11 each member of a combined group and shall be apportioned and allocated as
12 follows:

13 1. For each class of gain or loss, including short-term capital, long-term
14 capital, Internal Revenue Code Section 1231, and involuntary
15 conversions, all members' gain and loss for the class shall be combined,
16 without netting between the classes, and each class of net gain or loss
17 separately apportioned to each member using the member's
18 apportionment percentage determined under subsection (6) of this
19 section;

20 2. Each taxpayer member shall then net its apportioned business gain or
21 loss for all classes, including any apportioned gain and loss from other
22 combined groups, against the taxpayer member's nonapportionable gain
23 and loss for all classes allocated to this state, using the rules of Sections
24 1231 and 1222 of the Internal Revenue Code, without regard to any of
25 the taxpayer member's gains or losses from the sale or exchange of
26 capital assets, Internal Revenue Code Section 1231 property, and
27 involuntary conversions which are nonapportionable items allocated to

1 another state;

2 3. Any resulting state source income or loss, if the loss is not subject to the
3 limitations of Section 1211 of the Internal Revenue Code, of a taxpayer
4 member produced by the application of subparagraphs 1. and 2. of this
5 paragraph shall then be applied to all other state source income or loss of
6 that member; and

7 4. Any resulting state source loss of a member that is subject to the
8 limitations of Section 1211 of the Internal Revenue Code shall be
9 carried forward by that member, and shall be treated as state source
10 short-term capital loss incurred by that member for the year for which
11 the carryover applies; and

12 (h) Any expense of one (1) member of the unitary group which is directly or
13 indirectly attributable to the nonapportionable or exempt income of another
14 member of the unitary group shall be allocated to that other member as
15 corresponding nonapportionable or exempt expense, as appropriate.

16 (9) (a) As a filing convenience, and without changing the respective liability of the
17 group members, members of a combined reporting group shall annually
18 designate one (1) taxpayer member of the combined group to file a single
19 return in the form and manner prescribed by the department, in lieu of filing
20 their own respective returns.

21 (b) The taxpayer member designated to file the single return shall consent to act
22 as surety with respect to the tax liability of all other taxpayers properly
23 included in the combined report, and shall agree to act as agent on behalf of
24 those taxpayers for the taxable year for matters relating to the combined
25 report. If for any reason the surety is unwilling or unable to perform its
26 responsibilities, tax liability may be assessed against the taxpayer members.

4 collector, except the Department of Revenue, for the administration or collection of
5 the school taxes authorized by KRS 160.605 to 160.611, 160.613 to 160.617, and
6 160.621 to 160.633 shall be reimbursed by the school district boards of education
7 on a monthly basis or on the basis agreed upon by the boards of education and the
8 tax collector. The expenses shall be borne by the school districts on a basis
9 proportionate to the revenue received by the districts.

10 (3) The following shall apply only when the Department of Revenue is acting as tax
11 collector under the authority of KRS 160.627(2):

12 (a) When the department is initially requested to be the tax collector under KRS
13 160.627(2), the department shall estimate the costs of implementing the
14 administration of the tax so requested, and shall inform the requesting school
15 district of this estimated cost. The requesting school district shall pay to the
16 department ten percent (10%) of this estimated cost referred to as "start-up
17 costs" within thirty (30) days of notification by the department. Subsequent
18 requesting school districts shall pay their pro rata share, or ten percent (10%),
19 whichever is less, of the unpaid balance of the initial "start-up costs" until the
20 department has fully recovered the costs. The payment shall be made within
21 thirty (30) days of notification by the department.

4 (b) of this subsection shall be deposited into an account entitled the "school

7 department for the costs described in paragraphs (a) and (b) of this subsection.
8 This account shall not lapse.

9 (d) The department may retain a portion of the school tax revenues collected in a
10 special account entitled the "school tax refund account" which is an account
11 created within the restricted fund group set forth in KRS 45.305. The sole
12 purpose of this account shall be to authorize the Department of Revenue to
13 refund school taxes. This account shall not lapse. Refunds shall be made in
14 accordance with the provisions in KRS 134.580(6)(~~5~~), and when the
15 taxpayer has made an overpayment or a payment where no tax was due as
16 defined in KRS 134.580(7)(~~6~~), within four (4) years of payment.

17 (e) KRS 160.621 notwithstanding, when the department is acting as tax collector

22 computed under KRS Chapter 141.

23 (f) Beginning August 1, 1982, any school district which requests the department

3 collect or defend the tax set forth in KRS 160.621 in any board or court of this
4 state.

5 (h) Any overpayments of the tax set forth in KRS 141.020 or payments made
6 when no tax was due may be applied to any tax liability arising under KRS
7 160.621 before a refund is authorized to the taxpayer. No individual's tax
8 payment shall be credited to the tax set forth in KRS 160.621 until all
9 outstanding state income tax liabilities of that individual have been paid.

10 (i) KRS 160.510 notwithstanding, the State Auditor shall be the only party
11 authorized to audit the Department of Revenue with respect to the
12 performance of its duties under KRS 160.621.

14 (1) Every pass-through entity doing business in this state shall, on or before the
15 fifteenth day of the fourth month following the close of its annual accounting
16 period, file a copy of its federal tax return with the form prescribed and furnished by
17 the department.

18 (2) Pass-through entities shall determine net income in the same manner as in the case
19 of an individual under KRS 141.010 and the adjustment required under Sections
20 703(a) and 1363(b) of the Internal Revenue Code. Computation of net income under
21 this section and the computation of the partner's, member's, or shareholder's
22 distributive share shall be computed as nearly as practicable identical with those
23 required for federal income tax purposes except to the extent required by
24 differences between this chapter and the federal income tax law and regulations.

25 (3) Individuals, estates, trusts, or corporations doing business in this state as a partner,
26 member, or shareholder in a pass-through entity shall be liable for income tax only
27 in their individual, fiduciary, or corporate capacities, and no income tax shall be

6 distributive share, whether distributed or undistributed, of each:

11 141.040.

12 (5) (a) Effective for taxable years beginning after December 31, 2011, every pass-
13 through entity required to withhold Kentucky income tax as provided by
14 subsection (4) of this section shall make a declaration and payment of

18 hundred dollars (\$500); or
- 19 2. For a corporate partner or member that is doing business in Kentucky
20 only through its ownership interest in a pass-through entity, the
21 estimated tax liability can reasonably be expected to exceed five
22 thousand dollars (\$5,000).

23 (b) The declaration and payment of estimated tax shall contain the information
24 and shall be filed as provided in KRS 141.207.

25 (6) (a) If a pass-through entity demonstrates to the department that a partner,
26 member, or shareholder has filed an appropriate tax return for the prior year
27 with the department, then the pass-through entity shall not be required to

1 withhold on that partner, member, or shareholder for the current year unless
2 the exemption from withholding has been revoked pursuant to paragraph (b)
3 of this subsection.

4 (b) An exemption from withholding shall be considered revoked if the partner,
5 member, or shareholder does not file and pay all taxes due in a timely manner.
6 An exemption so revoked shall be reinstated only with permission of the
7 department. If a partner, member, or shareholder who has been exempted from
8 withholding does not file a return or pay the tax due, the department may
9 require the pass-through entity to pay to the department the amount that
10 should have been withheld, up to the amount of the partner's, member's, or
11 shareholder's ownership interest in the entity. The pass-through entity shall be
12 entitled to recover a payment made pursuant to this paragraph from the
13 partner, member, or shareholder on whose behalf the payment was made.

14 (7) In determining the tax under this chapter, a resident individual, estate, or trust that is
15 a partner, member, or shareholder in a pass-through entity shall take into account
16 the partner's, member's, or shareholder's total distributive share of the pass-through
17 entity's items of income, loss, deduction, and credit.

24 2. If the pass-through entity is doing business both within and without this
25 state, the partner's, member's, or shareholder's distributive share of the

20 section.

21 (b) For purposes of determining an apportionment fraction under paragraph (a) of
22 this subsection, if the pass-through entity is:

23 1. Doing business both within and without this state; and

19 state. Payments made pursuant to subsection (5) of this section shall be
20 credited against any tax due.

21 3. The pass-through entity filing a composite return shall still make
