13 breath alcohol analyzer and prevents a motor vehicle ignition or motorcycle
14 ignition from starting, and from continuing to operate, if a driver's breath
15 alcohol concentration exceeds 0.02, as measured by the device; **and**

16 (b) **Has a fully functional camera that is equipped to record the date, time, and**
17 **photo of all persons providing breath samples to the device;**

18 (4)~~(3)~~ "Ignition interlock **certificate**~~[certification]~~ of installation" means a certificate

 - 17 (e) While under the combined influence of alcohol and any other substance

- 23 (2) With the exception of the results of the tests administered pursuant to KRS
24 189A.103(7);~~[]~~
- 25 (a) If the sample of the person's blood or breath that is used to determine the
26 alcohol concentration thereof was obtained more than two (2) hours after
27 cessation of operation or physical control of a motor vehicle, the results of the

1 test or tests shall be inadmissible as evidence in a prosecution under
 2 subsection (1)(a) or (f) of this section. The results of the test or tests, however,

 23 together with other competent evidence, in determining the guilt or innocence
 24 of the defendant.

25 The provisions of this subsection shall not be construed as limiting the introduction
 26 of any other competent evidence bearing upon the questions of whether the
 27 defendant was under the influence of alcohol or other substances, in any prosecution

1 for a violation of subsection (1)(b) or (e) of this section.

2 (4) (a) Except as provided in paragraph (b) of this subsection, the fact that any person

6 (b) A laboratory test or tests for a controlled substance shall be inadmissible as
7 evidence in a prosecution under subsection (1)(d) of this section upon a
8 finding by the court that the defendant consumed the substance under a valid
