

1 AN ACT relating to cities.

2 ***Be it enacted by the General Assembly of the Commonwealth of Kentucky:***

3 ➔Section 1. KRS 24A.140 is amended to read as follows:

4 (1) When sessions of District Court are held in:

5 (a) The county courthouse or other county-owned facility;

6 (b) Urban-county facilities;

7 (c) State-owned, leased, or controlled facilities;

8 (d) Special district facilities; or

9 (e) Private facilities;

10 the sheriff shall be responsible for attending court, keeping order, and providing the  
11 same services to District Court as are provided to the Circuit Court.

12 (2) The sheriff shall be compensated for these services in the same manner and at the  
13 same rates as for similar services rendered to the Circuit Court.

14 (3) When sessions of District Court are held in city facilities the city police ~~or city~~  
15 ~~marshal, as appropriate,~~ shall be responsible for attending court, keeping order, and  
16 providing the same services to District Court as are provided by the sheriff to  
17 Circuit Court. Compensation for these services shall be the same as allowed to the  
18 sheriff as provided in subsection (2) of this section.

19 (4) If the Administrative Office of the Courts determines that the provision of services  
20 by any law enforcement officer or agency named herein would place an undue  
21 burden on such officer or agency the Administrative Office of the Courts may  
22 arrange with any other law enforcement officer or agency in the Commonwealth to  
23 provide such services. Compensation shall be as provided in subsection (2) of this  
24 section.

25 ➔Section 2. KRS 29A.180 is amended to read as follows:

26 (1) The sheriff or ~~city police, [or city marshal, ]~~as appropriate, shall be responsible  
27 for meals, housing, and other incidental needs of grand jurors and petit jurors in

1 Circuit Court and in District Court when the jurors are kept overnight or otherwise  
2 sequestered when ordered to do so by the judge of the court for which the jurors  
3 were summoned. The expenses for these services shall be borne by the Finance and  
4 Administration Cabinet and the officer shall be reimbursed in accordance with  
5 administrative regulations issued by the Finance and Administration Cabinet,  
6 pursuant to KRS Chapter 13A.

7 (2) The sheriff ~~or~~ city police, ~~for city marshal,~~ as appropriate, shall be responsible  
8 for the transportation of jurors and other authorized persons to views of the scene or  
9 other locations authorized by the court pursuant to KRS 29A.310. In criminal cases  
10 the expenses for these services shall be borne by the Finance and Administration  
11 Cabinet, and the sheriff shall be reimbursed in accordance with administrative  
12 regulations issued by the Finance and Administration Cabinet, pursuant to KRS  
13 Chapter 13A. Excepting views conducted under the Eminent Domain Act of  
14 Kentucky, in civil cases these expenses shall be paid by the party requesting the  
15 viewing.

16 (3) The sheriff ~~or~~ city police, ~~for city marshal,~~ as appropriate, shall be responsible  
17 for providing any specialized security personnel, equipment, and services which the  
18 judge, with the consent of the Chief Justice, shall deem necessary for the conduct of  
19 a trial in which the judge believes that special security precautions are necessary or  
20 desirable. The expenses for these services shall be borne by the Finance and  
21 Administration Cabinet, and the officer shall be reimbursed in accordance with  
22 administrative regulations issued by the Finance and Administration Cabinet,  
23 pursuant to KRS Chapter 13A. In such cases, the judge may also request the Chief  
24 Justice to provide the services of the Department of Kentucky State Police to ensure  
25 proper security precautions relating to the case.

13 time are promulgated by federal and state governmental agencies providing funding  
14 for the then applicable housing program.

15 ➔Section 10. KRS 81.005 is amended to read as follows:

16 (1) Cities shall be organized into two (2) classes based on the form of their respective  
17 government. The two (2) classes of cities shall be:

18 (a) First class, which shall include cities organized and operating under the  
19 mayor-alderman plan of government in accordance with KRS Chapter 83; and

20 (b) Home rule class, which shall include any city government organized and  
21 operating under the following forms~~[classes]~~ of government:

- 22 1. City manager plan of government in accordance with KRS 83A.150;
- 23 2. Mayor-council plan of government in accordance with KRS 83A.130; or
- 24 3. Commission plan of government in accordance with KRS 83A.140.

25 (2) Cities incorporated before January 1, 2015, shall be classified in accordance with  
26 the classes set out in subsection (1) of this section on January 1, 2015.

27 (3) When a city is incorporated on or after January 1, 2015, that city's initial

1 classification shall be the form of government designated by the court upon  
2 incorporation in accordance with KRS 81.060.

3 (4) A city shall be deemed to be reclassified to the class designated under subsection  
4 (2) of this section upon the effective date of a change in the form of government  
5 pursuant to KRS 83A.160.

6 (5) When a city changes class, it shall thereafter be governed by the laws relating to the  
7 class to which it is assigned, but the change from one (1) class to another shall not  
8 affect any ordinance previously enacted by the city, except that any ordinance in  
9 conflict with the laws relating to cities of the class to which the city is assigned shall  
10 be repealed to the extent the ordinance so conflicts.

11 (6) A city that is reclassified shall provide the Secretary of State written notice of the  
12 reclassification, including the effective date of the reclassification no later than  
13 thirty (30) days after the effective date of the reclassification pursuant to KRS  
14 83A.160.

15 (7) In order to update the record of incorporation of cities in the Secretary of State's  
16 office, every city operating as a public corporation and a unit of local government  
17 shall file with the Secretary of State before January 1, 2015, a document listing the  
18 name of the city, the year of its incorporation, form of government, and the  
19 classification assigned the city by this section. If a city fails to comply with this  
20 subsection, it shall be barred from receiving state moneys until such time as the city  
21 complies.

22 ➔Section 11. KRS 82.082 is amended to read as follows:

23 (1) A city may exercise any power and perform any function within its boundaries,  
24 including the power of eminent domain in accordance with the provisions of the  
25 Eminent Domain Act of Kentucky, that is in furtherance of a public purpose of the  
26 city and not in conflict with a constitutional provision or statute.

27 (2) A power or function is in conflict with a statute if it is expressly prohibited by a

1 statute or there is a comprehensive scheme of legislation on the same general  
2 subject embodied in the Kentucky Revised Statutes~~[ including, but not limited to,~~  
3 ~~the provisions of KRS Chapters 95 and 96].~~

4 ➔Section 12. KRS 92.281 is amended to read as follows:

- 5 (1) Cities of all classes are authorized to levy and collect any and all taxes provided for  
6 in Section 181 of the Constitution of the Commonwealth of Kentucky, and to use  
7 the revenue therefrom for such purposes as may be provided by the legislative body  
8 of the city.
- 9 (2) Nothing in this section shall be construed to repeal, amend, or affect in any way the  
10 provisions of KRS 243.070.
- 11 (3) This section shall not in any wise repeal, amend, affect, or apply to any existing  
12 statute exempting property from local taxation or fixing a special rate on proper  
13 classification or imposing a state tax which is declared to be in lieu of all local  
14 taxation, nor shall it be construed to authorize a city to require any company that  
15 pays both an ad valorem tax and a franchise tax to pay a license tax.
- 16 (4) This section shall also be subject to the provisions of KRS 91.200 in cities of the  
17 first class having a sinking fund and commissioners of a sinking fund.
- 18 (5) ~~{(a) License fees on businesses, trades, occupations, or professions may not be~~  
19 ~~imposed by a city with a population of less than one thousand (1,000) based~~  
20 ~~upon the most recent federal decennial census at a percentage rate on salaries,~~  
21 ~~wages, commissions, or other compensation earned by persons for work done~~  
22 ~~or services performed within that city nor the net profits of businesses,~~  
23 ~~professions, or occupations from activities conducted in that city.~~
- 24 ~~(b) Notwithstanding paragraph (a) of this subsection, a city with a population of~~  
25 ~~less than one thousand (1,000) based upon the most recent federal decennial~~  
26 ~~census that, prior to January 1, 2014, imposed a license fee at a percentage~~  
27 ~~rate on salaries, wages, commissions, or other compensation for work done or~~

1           ~~services performed within the city or on the net profits or gross receipts of~~  
2           ~~businesses, professions, and occupations from activities conducted within the~~  
3           ~~city may continue to impose that fee on a percentage rate.~~

4 ~~(6)~~ License fees or occupational taxes may not be imposed against or collected on  
5           income received by precinct workers for election training or work at election booths  
6           in state, county, and local primary, regular, or special elections.

7 ~~(6)~~~~(7)~~ License fees or occupational taxes may not be imposed against or collected on  
8           any profits, earnings, or distributions of an investment fund which would qualify  
9           under KRS 154.20-250 to 154.20-284 to the extent any profits, earnings, or  
10          distributions would not be taxable to an individual investor.

11 ~~(7)~~~~(8)~~ (a) It is the intent of the General Assembly to continue the exemption from  
12          local license fees and occupational taxes that existed on January 1, 2006, for  
13          providers of multichannel video programming services or communications  
14          services as defined in KRS 136.602 that were taxed under KRS 136.120 prior  
15          to January 1, 2006.

16          (b) To further this intent, license fees or occupational taxes may not be imposed  
17          against any company providing multichannel video programming services or  
18          communications services as defined in KRS 136.602. If only a portion of an  
19          entity's business is providing multichannel video programming services or  
20          communications services including products or services that are related to and  
21          provided in support of the multichannel video programming services or  
22          communications services, this exclusion applies only to that portion of the  
23          business that provides multichannel video programming services or  
24          communications services including products or services that are related to and  
25          provided in support of the multichannel video programming services or  
26          communications services.

27          ➔Section 13. KRS 95.761 is amended to read as follows:

1 (1) Any city with a population equal to or greater than one thousand (1,000) but less  
2 than eight thousand (8,000) based upon the most recent federal decennial census  
3 which has now, or in which there may be hereafter established a regular police or  
4 fire department in the future, may by ordinance create a civil service commission,  
5 whose duties shall be to hold examinations as to the qualifications of applicants for  
6 employment within the police or fire departments. If a city elects to establish a civil  
7 service system for its police and fire employees under this section, then it may adopt  
8 either the provisions of this section, or KRS 95.762 ~~to~~, ~~95.763, 95.764, 95.765,~~  
9 ~~and~~ 95.766, or it may adopt the provisions of KRS 90.300 to 90.420. A city  
10 meeting the population criteria of this subsection may adopt the provisions of KRS  
11 90.300 to 90.420 for municipal employees who are not police or fire personnel.

12 (2) Any city meeting the criteria of subsection (6) of this section may provide a  
13 retirement system for any of its employees, including police and firefighters,  
14 pursuant to KRS 90.400 or 90.410. If a city creates a retirement system for its police  
15 and firefighters pursuant to KRS 90.400 or 90.410, it shall establish a board of  
16 trustees for that system. The provisions of KRS 90.400 and 90.410 notwithstanding,  
17 a majority of the board shall be members of the retirement system elected by the  
18 members of the retirement system, except that if there are fewer than six (6) active  
19 and retired members of the fund, the board of trustees shall be composed of the  
20 mayor, city treasurer or chief financial officer, and two (2) employees appointed by  
21 the mayor, one (1) from the city police department and one (1) from the city fire  
22 department, who shall serve for one (1) year and until their respective successors are  
23 appointed and qualified. If all of the members of the pension fund are from one (1)  
24 department, no appointment shall be made from the other department. The board of  
25 trustees shall control and manage the retirement fund, for the exclusive purposes of  
26 providing benefits to members and their beneficiaries and defraying reasonable  
27 expenses of administering the plan. The board may contract with investment

1 advisors or managers to perform investment services as deemed necessary and  
2 prudent by the board.

3 (3) A city meeting the criteria of subsection (6) of this section may adopt the provisions  
4 of KRS 79.080 or 78.510 to 78.852 for any of its employees, or either KRS 95.520  
5 to 95.620 or KRS 95.767 to 95.784 for its police and firefighters. After adoption of  
6 the provisions of any of the statutes listed in this section, the city may not revoke,  
7 rescind or repeal these adoptions for any employee covered thereby.

8 (4) (a) Any of the following offices, positions, and places of employment, in the  
9 police and fire departments, may be excluded from the classified service: The  
10 chief of police, assistant chief of police, chief of firefighters and assistant  
11 chief of firefighters.

12 (b) Any classified employee in either department who shall accept an appointment  
13 and qualify as chief of police, assistant chief of police, chief of firefighters, or  
14 assistant chief of firefighters, shall be deemed to have received a leave of  
15 absence from the classified service for, and during the incumbency of, any of  
16 said respective positions. Should any such chief or assistant chief, cease to  
17 serve as such, the same classification and rank which he had prior to said  
18 appointment shall be restored to him.

19 (5) After August 1, 1988, no city shall create a new pension fund pursuant to this  
20 section other than by adopting KRS 78.510 to 78.852, or by adopting a deferred  
21 compensation program pursuant to KRS 18A.270 or a defined contribution or  
22 money purchase plan qualified under Section 401(a) of the Internal Revenue Code  
23 of 1954 as amended. Any city which adopted a pension system pursuant to this  
24 section on or prior to August 1, 1988, shall participate in the County Employees  
25 Retirement System effective August 1, 1988.

26 (6) As used in subsections (2) and (3) of this section, "city" means only those cities that  
27 were previously classified as cities of the fourth and fifth class under the

1 classification system that was in effect before August 1, 1988.

2 (7) Notwithstanding subsection (1) of this section, no city shall adopt any~~[a]~~ civil  
3 service system for any of its employees ~~[under KRS 90.300 to 90.420 or under KRS~~  
4 ~~95.761, 95.762, 95.763, 95.764, 95.765, and 95.766 ]~~during the months of  
5 November or December in any even-numbered year.

6 (8) Any city that creates a civil service commission pursuant to this section may repeal  
7 or amend the ordinance at the discretion of the city legislative body. The city  
8 legislative body shall not repeal any provisions of the ordinance governing the  
9 maintenance of a pension fund.

10 ➔Section 14. KRS 96.045 is amended to read as follows:

11 (1) No municipality, in which there is located an existing electric, water or gas public  
12 utility plant or facility shall construct or cause to be constructed any similar utility  
13 plant or any similar public utility facility duplicating such existing plant or facility  
14 or to obtain or acquire any similar public utility plant or facility other than by the  
15 purchase of the existing plant or facility or by the acquisition of such existing plant  
16 or facility by the exercise of the power of eminent domain.

17 (2) "Municipality" means any county, city, and~~[town, village and]~~ municipal  
18 corporation ~~[of any and every class ]~~in the Commonwealth of Kentucky, and any  
19 board, commission or agency thereof.

20 (3) All laws and parts of laws in conflict herewith to the extent of such conflict are  
21 repealed.

22 ➔Section 15. KRS 96.120 is amended to read as follows:

23 (1) Any city *that owns and operates its own water or light plant* may acquire a  
24 franchise to furnish water and light to any other city, in the same manner that any  
25 private corporation or individual may acquire such a franchise.

26 (2) *Any city that owns and operates its own water or light plant may contract with*  
27 *any other city to furnish water and light to that other city. Those contracts may be*

1 entered into by the legislative bodies of the cities, and the legislative bodies are  
 2 given full power to so contract in regard to the furnishing of water or light. Each  
 3 contract shall be specific in its terms. Any city may pay to any other city a rental  
 4 for water and light from year to year, or for a term of years.

5 (3) Any city may construct, lay, or maintain mains, pipes, lines, or other necessary  
 6 apparatus to convey water or light from any city that owns and operates its own  
 7 water or light plant, or may contract with the other city to do these things, and the  
 8 other city shall have the same power. For this purpose, any city may acquire  
 9 rights and rights-of-way in the same manner that private corporations or  
 10 individuals may acquire rights and rights-of-way, and may do any other things in  
 11 carrying into effect the provisions of this section that any individual or  
 12 corporation may do.

13 ➔Section 16. KRS 96.189 is amended to read as follows:

14 (1) Any city ~~[with a population equal to or greater than eight thousand (8,000) based~~  
 15 ~~upon the most recent federal decennial census ]~~may, pursuant to an ordinance so  
 16 providing, acquire any streetcar system existing in the city, with all its appliances,  
 17 or may establish and install a streetcar system, and may operate within and not more  
 18 than ten (10) air miles beyond the corporate limits of the city, improve and extend a  
 19 system so acquired or installed upon the terms and conditions as may be provided  
 20 by ordinance and by the terms of the contract by which the system is acquired or  
 21 installed. Any city ~~[meeting the population requirements of this section ]~~may  
 22 acquire, establish, and install a street omnibus or taxicab system, and operate it  
 23 upon the terms and conditions as are prescribed by ordinance.

24 (2) To provide for the financing of the streetcar system or street omnibus or taxicab  
 25 line, the city may issue bonds at not less than par and accrued interest, to bear  
 26 interest at a rate or rates or method of determining rates as the city determines,  
 27 payable at least annually, and to mature at any time not exceeding twenty (20) years

1 after their date, and may provide for a sinking fund to meet the bonds at their  
2 maturity. No bonds shall be issued except in compliance with the general law in  
3 reference to the amount of indebtedness that may be incurred by the city, nor until  
4 after a vote is taken as required by law to authorize the incurring of indebtedness.

5 ➔Section 17. KRS 96.200 is amended to read as follows:

6 Except as otherwise provided in KRS ~~96.330 or~~ 96.550 to 96.900, ~~for,~~ the legislative  
7 body of any city may, by ordinance, provide in what manner and for what purpose any  
8 profits, earnings or surplus funds arising from the operation of any public utility owned or  
9 operated by the city may be used and expended. The ordinance may be amended or  
10 repealed from time to time. Until such an ordinance is enacted any surplus earnings shall  
11 be paid into the city treasury, to be expended for the general purposes of government in  
12 the city.

13 ➔Section 18. KRS 107.020 is amended to read as follows:

14 (1) The term "governing body," as used in this chapter, means and includes the  
15 legislative body of any city, whether the same be designated by applicable statutes  
16 as a general council, a common council, a city council, a board of commissioners,  
17 or otherwise. The term "governing body," as used in KRS 107.010 to 107.220 shall  
18 include the legislative body of any county unless the context requires otherwise. The  
19 terms "municipality" and "city" as used in KRS 107.010 to 107.220 shall include  
20 county within their meaning unless the context requires otherwise.

21 (2) The term "ordinance" means and includes any ordinance enacted in accordance with  
22 the general laws applicable to ordinances of the class of city in question, and the  
23 form of government thereof, and in accordance with the provisions of this chapter.

24 (3) The term "public way" means and includes streets, boulevards, avenues, roads,  
25 lanes, alleys, parkways, courts, terraces, and other courses of travel open to the  
26 general public by whatsoever name designated.

27 (4) The terms "improvement" and "project" mean and include:

- 1 (a) The construction of public ways or the substantial reconstruction or widening  
2 thereof;
- 3 (b) The construction, installation, or substantial reconstruction of sanitary, storm,  
4 or combined sewers and appurtenances;
- 5 (c) The construction, enlargement or substantial reconstruction of sewage  
6 treatment plants for rendering sewage less hazardous to public health, safety,  
7 and general welfare;
- 8 (d) The construction, installation, or substantial replacement of fire hydrants  
9 and~~[in cities with populations of less than twenty thousand (20,000) based~~  
10 ~~upon the most recent federal decennial census,]~~ necessary water mains and  
11 appurtenances in any city~~[ in a city in a county containing a city of the first~~  
12 ~~class or a city with a population equal to or greater than twenty thousand~~  
13 ~~(20,000) based upon the most recent federal decennial census];~~ or
- 14 (e) Any combination of the same. Bonds for improvements defined in paragraphs  
15 (b), (c) and (d) of this subsection may be caused to mature as to principal in  
16 term or serial maturities not to exceed thirty (30) years from date of issue.
- 17 (5) The term "costs" as applied to any project undertaken under this chapter includes  
18 the cost of labor, materials, and equipment necessary to complete the project in a  
19 satisfactory manner, cost of land acquired, and every expense connected with the  
20 project, including preliminary and other surveys, inspections of the work, engineers'  
21 fees and costs, attorneys' fees, preparation of plans and specifications, publication of  
22 ordinances and notices, interest which will accrue on the bonds until the due date of  
23 the first annual improvement assessment levied in connection therewith, a sum  
24 equal to any discount in the sale of the bonds (if discount bids are authorized and  
25 permitted by the governing body), a reasonable allowance for unforeseen  
26 contingencies, the printing of bonds, and other costs of financing which may  
27 include the payment of a fee to a fiscal agent for advice and assistance in the

- 1 preparation and marketing of the bonds. As applied to wastewater collection  
2 projects undertaken by metropolitan sewer districts "costs" also include:
- 3 (a) The cost of inspections of work as construction progresses;
  - 4 (b) Interest which will accrue on the bonds until the due date of the first annual  
5 improvement assessment if a lump sum is not paid;
  - 6 (c) Capitalized interest on the bonds for a period not to exceed three (3) years;
  - 7 (d) All or any portion of the debt service reserve requirement, if determination is  
8 made to finance same from bond proceeds;
  - 9 (e) Payment of attorneys' fees, underwriting and fiscal agency fees, trustees' fees,  
10 rating service fees if approved by the fiscal court; and
  - 11 (f) Other costs of issuance of bonds.
- 12 (6) The term "assessed value basis" means the plan for the levying of annual  
13 improvement benefit assessments on the basis of the assessed values of the  
14 benefited properties, as authorized by this chapter. As applied to wastewater  
15 collection projects undertaken by metropolitan sewer districts, "assessed value  
16 basis" means the plan for the levying of annual improvement benefit assessments  
17 upon benefited property for the benefits conferred by the construction of projects on  
18 the basis of the ad valorem assessed values (land only) of the benefited property,  
19 whether the owners pay such levies in full or on an annual basis to amortize bonds.  
20 Identical annual improvement benefit assessments upon classified zones of  
21 benefited property may also be included in this plan where determination is made by  
22 order of a metropolitan sewer district, as provided in KRS 107.030, that benefits  
23 conferred by construction of a project are substantially equal and that the assessed  
24 value (land only) of all benefited property or designated zones thereof shall  
25 therefore be deemed equal in respect of a given wastewater collection project.
- 26 (7) The term "front-foot basis" refers to the plan for financing improvements by  
27 apportioning the cost among benefited properties upon the basis of the number of

1 linear feet thereof abutting upon the improvement project, as otherwise provided by  
2 law.

3 (8) The terms "property to be benefited," "properties to be benefited," "benefited  
4 property" and "benefited properties" all mean and refer to the property or properties  
5 defined in KRS 107.140. As applied to wastewater collection projects undertaken  
6 by metropolitan sewer districts, "benefited property" and "property to be benefited"  
7 mean the property (land only) proposed to be benefited by construction of a  
8 wastewater collection project instituted by a metropolitan sewer district and against  
9 which lump-sum or annual improvement benefit assessments are to be levied.

10 (9) "Construction" means the following services and facilities provided by a  
11 metropolitan sewer district:

12 (a) Preliminary planning to determine the economic and engineering feasibility of  
13 construction of wastewater collection projects, and any engineering,  
14 architectural, legal, fiscal, and economic investigations and studies necessary.  
15 Also included are all necessary surveys, designs, plans, working drawings,  
16 specifications, procedures, and other required actions incident to the  
17 construction of wastewater collection projects;

18 (b) The building, acquisition, installation, erection, alteration, remodeling,  
19 improvement, expansion, or extension of wastewater collection projects and  
20 any other physical devices reasonably associated with such projects;

21 (c) The provision of sewer collection services and facilities to benefited property  
22 although not directly financed by the issuance of bonds; and

23 (d) Inspection and supervision incident to the acquisition, construction, and  
24 installation of wastewater collection projects.

25 (10) "Debt service reserve requirement" means with respect to any particular issue of  
26 bonds for a wastewater collection project of a metropolitan sewer district, the  
27 maximum annual requirements for payment of principal of and interest on such

1 bond issue funded either in whole or in part by application of bond proceeds or  
2 accrued by the levying of improvement benefit assessments as provided in KRS  
3 Chapters 76 and 107.

4 (11) "Metropolitan sewer district" means a joint metropolitan sewer district which has  
5 been duly created under KRS 76.005 to 76.210.

6 (12) "Order" means a formal and binding enactment of the board of a metropolitan sewer  
7 district entered in connection with the financing by such district of a wastewater  
8 collection project.

9 (13) "Wastewater" means any water or liquid substance containing sewage, industrial  
10 waste, or other pollutants or contaminants.

11 (14) "Wastewater collection project" means treatment plants and all or part of any  
12 facilities and systems of a metropolitan sewer district used in the collection,  
13 holding, or transmission of wastewater from a benefited property to wastewater  
14 treatment plants or other similar facilities for final disposition. These terms shall  
15 include, without being limited to, sanitary sewage collection lines, intercepting  
16 sewers, outfall sewers, sewer laterals, power stations and pumping stations, and  
17 other equipment and their appurtenances necessary to enable the project to fulfill its  
18 function, including land acquisition, if required, whether such project facilities are  
19 provided by funds derived from issuance of bonds or otherwise provided by a  
20 district in any manner.

21 (15) "Classified zone" means any portion of any construction phase of a wastewater  
22 collection project designated by a metropolitan sewer district after a determination  
23 that all property located in such zone is benefited substantially equal by such  
24 construction.

25 ➔Section 19. KRS 107.030 is amended to read as follows:

26 If a municipality desires to authorize, construct, and finance an improvement pursuant to  
27 this chapter, its governing body shall initiate the proceedings by adopting an ordinance,

1 herein called the "First Ordinance," in which announcement shall be made of the public  
2 way or ways (which need not be contiguous) proposed to be improved and the  
3 geographical limits of the proposed improvement in such manner as to identify the  
4 benefited properties or the identity of the property or properties to be benefited by the fire  
5 hydrant in a city~~[cities with a population of less than twenty thousand (20,000) based~~  
6 ~~upon the most recent federal decennial census]~~ or by the sewer installations (which may  
7 include a sewage treatment plant) which properties may be identified by naming the  
8 public way or ways upon which they abut, if any, or by geographical location, or both. In  
9 either case the ordinance shall recite the nature and scope of the improvement, a  
10 preliminary estimate of the costs thereof, as submitted in writing by an engineer, or firm  
11 of engineers, holding a license from the Commonwealth of Kentucky, and the amount, if  
12 any, which the city proposes to appropriate from available city funds toward the estimated  
13 cost. Any metropolitan sewer district desiring to initiate a wastewater collection project  
14 pursuant to this chapter shall, by order of its board cause a written preliminary  
15 engineering and financing report to be prepared by one (1) or more engineers, or one (1)  
16 or more firms of engineers, licensed to do business in the Commonwealth of Kentucky, or  
17 alternatively, by district personnel, for submission to the district. The preliminary  
18 engineering and financing report shall designate a geographical area in which a  
19 wastewater collection project is recommended for construction. The report shall contain a  
20 reasonable description of the project facilities proposed to be constructed, a statement as  
21 to benefits to be conferred by the proposed project, the distribution of the benefits and an  
22 estimate of the cost of the proposed project. The board of the district shall receive the  
23 preliminary engineering and financing report at a regular meeting. The board shall study  
24 and evaluate it, and by duly entered order either approve, disapprove the report as  
25 submitted, or amend and approve the report. Following approval of the preliminary  
26 engineering and financing report by the board of the metropolitan sewer district, the board  
27 shall formally initiate proceedings for the construction and financing of the proposed

1 wastewater collection project. This announcement shall identify all benefited properties  
2 by naming the public way upon which such benefited properties abut, if any, or by  
3 geographical location, or by other appropriate description. The first ordinance shall  
4 describe the nature, scope and preliminary cost estimate of the wastewater collection  
5 project being proposed. The ordinance shall determine that each parcel of land identified  
6 as benefited property shall be afforded benefits by the projects unless specifically  
7 excluded. A public hearing shall be held in respect of the proposed wastewater collection  
8 project. In all succeeding proceedings, the city shall be bound and limited by the  
9 preliminary report of the engineer, or engineers, with regard to the nature, scope, and  
10 extent of the proposed improvement project (unless the first ordinance be amended, as  
11 hereinafter provided); but shall not be bound by, or limited to, the preliminary estimate of  
12 costs. The costs shall be determined upon the basis of construction bids publicly solicited  
13 as hereinafter provided, and shall be binding upon the city, and upon the owners of  
14 property to be benefited by the proposed improvement project, whether the same turn out  
15 to be equal to, below, or above such preliminary estimate. Architects, attorneys,  
16 consultants, engineers, and fiscal agents shall be employed after reasonable advertisement  
17 of the need for their services and with such competition as is permitted by law. In a first  
18 ordinance for a wastewater collection project, the board of a metropolitan sewer district  
19 shall make findings of fact regarding the degree and nature of the benefit which will  
20 accrue to benefited properties by the installation of the project. If the board determines as  
21 a fact that groups of or all of the benefited properties will be affected and benefited in  
22 substantially the same manner and to substantially the same degree, the board may  
23 classify such benefited properties into one (1) or more assessment zones based upon the  
24 similarity of benefits to be derived. In such case, the board may deem all benefited  
25 properties within a particular assessment zone to be equally benefited and therefore  
26 equally treated for purposes of levying improvement benefit assessments for amortization  
27 of bonds issued to provide funds to pay the costs of the project. It is the intent of KRS

1 Chapters 76 and 107 to vest in the board of any metropolitan sewer district undertaking a  
2 project authority to make findings of fact in order to classify properties according to  
3 benefits conferred from the construction of projects. The board may, by appropriate order,  
4 determine that identified groups of benefited properties will be benefited in substantially  
5 the same manner by a project and these properties shall be treated equally for purposes of  
6 annual improvement benefit assessment of such benefited properties. The board may rely  
7 upon any pertinent data in making such findings of fact, including the size and diameter  
8 of sanitary sewer service connections to be made available. If the board of the district  
9 determines that all properties situated within a particularly described geographic area will  
10 not receive substantially equal benefits from the project, the board shall determine in the  
11 first ordinance that such properties shall be annually assessed for benefits conferred based  
12 upon the relative assessed land valuation of each benefited property as it relates to the  
13 aggregated assessed land valuation of all benefited properties within such particularly  
14 described geographic area. Whichever basis of assessment is selected, it shall be used  
15 both initially, when land owners may pay improvement benefit assessments in a lump  
16 sum, and subsequently during each annual period in which project bonds are outstanding  
17 if a lump-sum payment is not paid. The first ordinance shall provide for a public hearing  
18 at a time and place specified therein (not less than one (1) week after publication) and  
19 shall give notice that at the hearing any owner of property to be benefited may appear and  
20 be heard as to:

- 21 (1) Whether the proposed project should be undertaken or abandoned;
- 22 (2) Whether the nature and scope of the project shall be altered;
- 23 (3) Whether the project shall be financed through the issuance of bonds according to  
24 the "assessed value basis," authorized by this chapter; or
- 25 (4) Whether the project shall be financed through assessments made and apportioned  
26 on a front-foot basis, as may otherwise be authorized by law. The first ordinance  
27 shall be published pursuant to KRS Chapter 424. The first ordinance may designate

1 a person, who may be the mayor, a member of the governing body, or any city  
2 official, to preside at and conduct such public hearing. In the absence of a  
3 designation in the ordinance, the mayor or a person designated by the mayor shall  
4 preside. Notwithstanding the foregoing, the public hearing shall not be deemed  
5 irregular or improper if it is in fact presided over and conducted at the designated  
6 time and place by any elected city officer or member of the governing body.

7 ➔Section 20. KRS 107.140 is amended to read as follows:

8 (1) (a) In the case of improvements of public ways, the benefited property shall  
9 consist of all real property abutting upon both sides of the improvement  
10 project, and the cost of improving intersections shall be included in the total  
11 costs to be assessed and apportioned, unless and to the extent the city shall  
12 appropriate, within constitutional limitations, from available funds, a definite  
13 and specified sum as a contribution thereto, or a portion of the aggregate cost,  
14 or the cost of specified portions of the improvement; provided, however, that  
15 if provisions shall be made for sidewalk improvements, as an integral part of  
16 the improvement of a "public way," as defined in subsection (3) of KRS  
17 107.020, upon only one side of the project, the costs of the sidewalk  
18 improvement shall be ascertained and assessed separately against the property  
19 abutting upon that side only, but the governing body may provide that such  
20 assessment shall include a fair share of the over-all costs as herein defined,  
21 other than the amounts of the actual construction contracts.

22 (b) In the case of improvements for draining sewage, storm water, or a  
23 combination thereof, the benefited properties shall consist of all properties  
24 which are thereby afforded a means of drainage, including not only the  
25 properties which may be contiguous to the improvements, but also adjacent  
26 properties within a reasonable distance therefrom as the governing body may  
27 in the proceedings set forth.

- 1 (c) In the case of an improvement project consisting in whole or in part of a  
2 sewage treatment plant, or enlargement or substantial reconstruction of an  
3 existing sewage treatment plant, the benefited properties shall be all those  
4 properties the sewage from which is treated in such plant, including properties  
5 already provided with sewer drainage facilities as well as those properties  
6 which the improvement project will provide with such drainage facilities, but  
7 the governing body may classify properties according to the extent of benefits  
8 to be afforded to them, and may establish one (1) rate of assessment  
9 applicable to all properties participating in the benefits of the sewage  
10 treatment installations, and an additional rate of assessment applicable to  
11 properties for which the improvement project will also provide sewer drainage  
12 facilities. In relation to wastewater collection projects constructed by  
13 metropolitan sewer districts, benefited property shall consist of all property  
14 whether improved or unimproved to which the project affords a means of  
15 discharging wastewater.
- 16 (d) The governing body may, either in the proceedings initiating an improvement  
17 project, or in subsequent proceedings, recognize the necessity or desirability in  
18 the interest of the public health, safety and general welfare, that properties  
19 other than the properties originally benefited by an improvement under  
20 paragraphs (b) or (c) of this subsection, be permitted to connect to such sewer  
21 drainage and/or treatment facilities, and may make equitable provisions which  
22 may be adjustable from year to year as bonds are retired, whereby the owners  
23 of such later-connecting properties, may, by paying charges for the privilege  
24 of connecting, and/or by assuming a share of improvement assessments, or  
25 otherwise, be placed as nearly as practicable on a basis of financial equity with  
26 the owners of properties initially provided to be assessed.
- 27 (e) The governing body may, either in the proceedings initiating an improvement

1 project, or in subsequent proceedings, recognize the necessity or desirability in  
2 the interest of the public health, safety and general welfare that residential  
3 properties within one thousand feet (1000'), measured along paved roads, of a  
4 fire hydrant in a city~~[cities with a population of less than twenty thousand~~  
5 ~~(20,000) based upon the most recent federal decennial census]~~ may be  
6 assessed on the same basis as property abutting upon a street where a fire  
7 hydrant is to be installed.

8 (2) (a) Benefited property owned by the city or county, or owned by the United States  
9 government or any of its agencies, if such property is subject to assessment by  
10 Act of Congress, shall be assessed annually the same as private property, and  
11 the amount of the annual assessment shall be paid by the city, county, or  
12 United States government, as the case may be. The same right of action shall  
13 lie against the county as against a private owner.

14 (b) Benefited property owned by the state, except property the title to which is  
15 vested in the Commonwealth for the benefit of a district board of education  
16 pursuant to KRS 162.010, shall be assessed as follows: Before assessing the  
17 state, the governing body shall serve written notice on the secretary of the  
18 Finance and Administration Cabinet setting forth specific details including the  
19 estimated total amount of any improvement assessment proposed to be levied  
20 against any state property relative to any proposed improvement project. Said  
21 written notice shall be served prior to the next even-numbered-year regular  
22 session of the General Assembly so that the amount of any specific  
23 improvement assessment may be included in the biennial executive branch  
24 budget recommendation to be submitted to the General Assembly. Payment of  
25 any assessment shall be made only from funds specifically appropriated for  
26 that assessment. If an amount sufficient to pay the total amount of any  
27 assessment has been appropriated, then the total amount shall be paid; if an

1 amount sufficient only to pay annual assessments has been appropriated, then  
2 only the amount of the annual assessment shall be paid. The amount of the  
3 assessment shall be certified by the city treasurer to the Finance and  
4 Administration Cabinet, which shall thereupon draw a warrant upon the State  
5 Treasurer, payable to the city treasurer, and the State Treasurer shall pay the  
6 same.

7 (c) In the case of property the title to which is vested in the Commonwealth for  
8 the benefit of a district board of education, the amount of the annual  
9 assessment shall be paid by the city or other local governmental agency or  
10 authority which undertook the improvement project.

11 (3) No benefited property shall be exempt from assessment.

12 ➔Section 21. KRS 107.190 is amended to read as follows:

13 If the ordinances and proceedings authorized by this chapter shall encompass and include  
14 less than all of the undertakings authorized and contemplated by the definitions set forth  
15 in KRS 107.020, (i.e., a street improvement project with or without sidewalk, curb,  
16 gutter, and/or storm or surface water sewers or drains or sanitary sewers, or sewage  
17 treatment facilities or fire hydrant in a city~~[cities with a population of less than twenty~~  
18 ~~thousand (20,000) based upon the most recent federal decennial census]~~), the city shall  
19 not be precluded from ordaining and requiring the omitted matters and structures to be  
20 constructed at the expense of the benefited properties at any time in the future, in  
21 accordance with the provisions of this chapter, or in accordance with any other applicable  
22 laws. If the improvement project shall encompass all of the elements included in the  
23 definition of "improvement" or "project" as set forth in this chapter, the city shall not  
24 thereafter undertake any project for any part of the improvements as herein defined except  
25 (a) at the exclusive cost of the city, or (b) at the cost of the benefited properties from and  
26 after fifteen (15) years after completion and acceptance of the project, or (c) from the  
27 proceeds of revenue bonds payable from service charges.

1           ➔Section 22. KRS 154.1-010 is amended to read as follows:

24 income taxes, the limited liability entity tax imposed by KRS 141.0401, state  
25 income taxes paid by employees who work in the project, state property taxes, state  
26 corporation license taxes, or state sales and use taxes.

27 ➔Section 23. KRS 281.765 is amended to read as follows:

1 Any peace officer, including sheriffs and their deputies, constables and their deputies, city  
2 police officers ~~and marshals of cities or incorporated towns~~, county police or patrols,  
3 and special officers appointed by any agency of the Commonwealth of Kentucky for the  
4 enforcement of its laws relating to motor vehicles and boats or boating, now existing or  
5 hereafter enacted, shall be authorized and it is hereby made the duty of each of them to  
6 enforce the provisions of this chapter and to make arrests for any violation or violations  
7 thereof, and for violations of any other law relating to motor vehicles and boating,  
8 without warrant if the offense be committed in his presence, and with warrant or  
9 summons if he does not observe the commission of the offense. When in pursuit of any  
10 offender for any offense committed within his jurisdiction, any such officer may follow  
11 and effect an arrest beyond the limits of his jurisdiction. If the arrest be made without  
12 warrant, the accused may elect to be immediately taken before the nearest court having  
13 jurisdiction, whereupon it shall be the duty of the officer to so take him. If the accused  
14 elects not to be so taken, then it shall be the duty of the officer to require of the accused a  
15 bail-bond in a sum not less than one hundred dollars (\$100), conditioned that the accused  
16 binds himself to appear in the court of jurisdiction at the time fixed in the bond, not  
17 however in any case later than six (6) days from the day of arrest. In case the arrested  
18 person fails to appear on the day fixed, the bond shall be forfeited in the manner as is  
19 provided for the forfeiture of bonds in other cases. No officer shall be permitted to take a  
20 cash bond. The officer making the arrest and taking the bond shall report the same to the  
21 court having jurisdiction within eighteen (18) hours after taking such bond.

22 ➔Section 24. KRS 146.280 is amended to read as follows:

23 (1) Within the boundaries of a designated stream area, as established and authorized by  
24 the Kentucky General Assembly, the office shall be authorized and empowered to  
25 acquire by purchase, exercise of the rights of eminent domain, grant, gift, devise, or  
26 otherwise, the fee simple title, an easement, or any acceptable lesser interest in any  
27 lands, and by lease or conveyance, contract for the right to use and occupy any

1 lands. Where property within such boundaries is owned by the federal government,  
2 the office can enter into agreements with the landowning agency concerning use of  
3 the property consistent with the objectives of KRS 146.200 to 146.360. Nothing in  
4 KRS 146.200 to 146.360 shall be construed to deprive a landowner of the fee  
5 simple title to or lesser interest in his property without just compensation.

6 (2) The office may not exercise authority to acquire lands or interests in lands located  
7 within any incorporated city~~[, village,]~~ or county when such entities have in force a  
8 duly adopted, valid ordinance or plan for the management, zoning and protection of  
9 such lands in accordance with the provisions of KRS 146.200 to 146.360.

10 ➔Section 25. KRS 177.230 is amended to read as follows:

11 The highway authorities of the state, counties, cities, **and** towns, ~~[and villages,]~~ acting  
12 alone or in cooperation, with each other or with any federal, state, or local agency or any  
13 other state having authority to participate in the construction and maintenance of  
14 highways, are hereby authorized to plan, designate, establish, regulate, vacate, alter,  
15 improve, maintain, and provide limited access facilities for public use wherever such  
16 authority or authorities are of the opinion that traffic conditions, present or future, will  
17 justify such special facilities: provided, that within cities ~~[and villages]~~ such authority  
18 shall be subject to such municipal consent as may be provided by law. Said highway  
19 authorities of the state, counties, cities, ~~[villages,]~~ and towns, in addition to the specific  
20 powers granted in KRS 177.220 to 177.310, shall also have and may exercise, relative to  
21 limited access facilities, any and all additional authority now or hereafter vested in them  
22 relative to highways or streets within their respective jurisdictions. Said units may  
23 regulate, restrict, or prohibit the use of such limited access facilities by the various classes  
24 of vehicles or traffic in a manner consistent with KRS 177.220.

25 ➔Section 26. KRS 177.240 is amended to read as follows:

26 The highway authorities of the state, county, city, **and** town~~[, and village]~~ are authorized  
27 to so design any limited access facility and to so regulate, restrict, or prohibit access as to

1 best serve the traffic for which such facility is intended, and its determination of such  
2 design shall be final. In this connection, such highway authorities are authorized to divide  
3 and separate any limited access facility into separate roadways by the construction of  
4 raised curbing, central dividing sections, or other physical separations, or by designating  
5 such separate roadways by signs, markers, stripes, and the proper lane for such traffic by  
6 appropriate signs, markers, stripes, and other devices. No person shall have any right of  
7 ingress or egress to, from, or across limited access facilities to or from abutting lands,  
8 except at such designated points at which access may be permitted, upon such terms and  
9 conditions as may be specified from time to time.

10 →Section 27. KRS 177.270 is amended to read as follows:

11 The highway authority of the state, county, city, **and** town~~[, or village]~~ may designate and  
12 establish limited access highways as new and additional facilities or may designate and  
13 establish an existing street or highway as included within a limited access facility. The  
14 state or any of its subdivisions shall have authority to provide for the elimination of  
15 intersections at grade of limited access facilities with existing state and county roads, and  
16 city and town ~~[or village]~~ streets, by grade separation or service road, or by closing off  
17 such roads and streets at the right-of-way boundary line of such limited access facility;  
18 and after the establishment of any limited access facility, no highway or street which is  
19 not part of said facility shall intersect the same at grade. No city~~[,]~~ **or** town~~[, or village]~~  
20 street, county or state highway or other public way shall be opened into or connected with  
21 any such limited access facility without the consent and previous approval of the highway  
22 authority in the state, county, city, **or** town~~[, or village]~~ having jurisdiction over such  
23 limited access facility. Such consent and approval shall be given only if the public interest  
24 shall be served thereby.

25 →Section 28. KRS 177.280 is amended to read as follows:

26 The highway authorities of the state, city, county, **and** town~~[, or village]~~ are authorized to  
27 enter into agreements with each other, or with the federal government, respecting the

1 financing, planning, establishment, improvement, maintenance, use, regulation, or  
2 vacation of limited access facilities or other public ways in their respective jurisdictions,  
3 to facilitate the purposes of KRS 177.220 to 177.310.

4 →Section 29. KRS 177.290 is amended to read as follows:

5 In connection with the development of any limited access facility the state, county, city,  
6 **and** town~~[, or village]~~ highway authorities are authorized to plan, designate, establish,  
7 use, regulate, alter, improve, maintain, and vacate local service roads and streets or to  
8 designate as local service roads and streets any existing road or street, and to exercise  
9 jurisdiction over service roads in the same manner as is authorized over limited access  
10 facilities under the terms of KRS 177.220 to 177.310, if in their opinion such local  
11 service roads and streets are necessary or desirable. Such local service roads or streets  
12 shall be of appropriate design, and shall be separated from the limited access facility  
13 proper by means of all devices designated as necessary or desirable by the proper  
14 authority.

15 →Section 30. KRS 262.180 is amended to read as follows:

- 16 (1) The territory of a district shall include all lands lying within the boundaries of a  
17 district, including incorporated cities~~[,]~~ **and** towns~~[, and villages]~~.
- 18 (2) Petitions for including additional territory within an existing district may be filed  
19 with the commission, and the proceedings provided for by KRS 262.100 to 262.180  
20 in the case of petitions to organize a district shall be observed as far as may be  
21 practicable in the case of petitions for inclusion. The commission shall prescribe the  
22 form for such petitions, which shall be as nearly as may be in the form prescribed by  
23 KRS 262.100 for petitions to organize a district. The Secretary of State shall receive  
24 the application for inclusion of the area within the district and shall attach such  
25 application to the original file containing the papers by which such district was  
26 organized. Where the total number of landowners in the area proposed for inclusion  
27 is less than twenty-five (25), the petition may be filed when signed by a majority of

1 the landowners of the area, and in that case, no referendum need be held. In a  
2 referendum upon a petition for inclusion of additional territory, all owners of land  
3 lying within the proposed additional area shall be eligible to vote.

4 ➔Section 31. KRS 267.130 is amended to read as follows:

5 (1) When the court refers to it any proceeding to establish or construct any  
6 improvement, the board shall employ a competent drainage engineer, who shall be  
7 the chief engineer for the work. The board may prescribe the number of assistant  
8 engineers to be selected by the chief engineer. The chief engineer shall have control  
9 of the work until completed, or until his removal by the board, and may assign  
10 portions to each assistant. He may, with the consent of the board, consult any  
11 eminent engineer and obtain his opinion or advice concerning the drainage of the  
12 district. He may employ such assistants as are necessary to make a complete  
13 topographical survey of the district, and shall enter upon the ground and make a  
14 survey of the main drains and all the laterals.

15 (2) The line of each ditch, drain or levee shall be plainly and substantially marked on  
16 the ground. The course and distance of each ditch, and width of right-of-way, shall  
17 be carefully noted and sufficient notes made so that it may be accurately plotted and  
18 mapped. A line of levels shall be run for the entire work and sufficient data secured  
19 from which accurate profiles and plans may be made. Frequent bench marks shall  
20 be established along the line, on permanent objects, and their elevation recorded in  
21 the field books. Other levels may be run to determine the fall from one part of the  
22 district to another. If an old watercourse, ditch or channel is being altered it shall be  
23 accurately cross sectioned, so as to compute the amount of cubic yards saved by the  
24 use of the old channel. If a private ditch is utilized, the saving by reason of its use  
25 shall be carefully computed and reported, with the name of the owner. A drainage  
26 map of the district shall then be completed, showing the location of every  
27 improvement and the boundary, as closely as may be reasonably determined, of the

1 lands owned by each individual landowner within the district. The location of any  
2 railroad or public highway and the boundary of any incorporated ~~city~~<sup>town or</sup>  
3 ~~village~~ within the district shall be shown on the map. There shall be prepared to  
4 accompany the map a profile showing the surface of the ground, and the bottom or  
5 grade of the proposed improvement.

6 (3) The engineer shall make an estimate of the cost of the work, and plans and  
7 specifications therefor, and file the same, together with all maps and profiles, with  
8 the county clerk, to be made a part of the record of the proceedings. All such maps,  
9 profiles, plans and specifications, together with the report of the engineer and all  
10 exhibits filed therewith, shall be made in duplicate, one to be marked original and  
11 the other duplicate. If lands in counties other than the one in which the proceeding  
12 is pending are affected, an additional copy of the maps and profiles shall be made  
13 and filed with the county clerk of the other counties. The original shall not be  
14 withdrawn from the custody of the clerk, but the duplicate may be withdrawn for  
15 use by the viewers, the board, or for use on the work by the engineer or contractor.  
16 This material shall be receipted for by the person withdrawing it, and returned  
17 promptly.

18 ➔Section 32. KRS 353.610 is amended to read as follows:

19 (1) Except as provided in KRS 353.500 to 353.720, no permits shall be issued for the  
20 drilling, deepening, or reopening of any shallow well for the production of oil,  
21 unless the proposed location of the well shall be at least three hundred thirty (330)  
22 feet from the nearest mineral boundary of the premises upon which the well is to be  
23 drilled, deepened or reopened; and, the proposed location must be at least six  
24 hundred sixty (660) feet from the nearest oil producing well. This subsection shall  
25 not be construed to regulate the distance between wells which do not produce oil  
26 from the same pool.

27 (2) Except as provided in KRS 353.500 to 353.720, no permit shall be issued for the

1 drilling, deepening or reopening of any shallow well for the production of gas  
2 unless the proposed location of the well shall be at least five hundred (500) feet  
3 from the nearest mineral boundary of the premises upon which such well is to be  
4 drilled, deepened or reopened; and, the proposed location must be at least one  
5 thousand (1,000) feet from the nearest gas producing well. This subsection shall not  
6 be construed to regulate the distance between wells which do not produce gas from  
7 the same pool.

8 (3) This section shall not apply:

9 (a) To wells drilled, deepened, or reopened for the injection of water, gas or other  
10 fluids into an oil or gas producing formation.

11 (b) To any well drilled, deepened or reopened in a pool or portion thereof, which  
12 is included in a secondary recovery program commenced or proposed, if the  
13 location or proposed location of the well conforms to a geometric pattern  
14 already established on all premises which will be offset and affected by the  
15 well.

16 (c) To wells drilled or deepened as water supply wells and geological or structure  
17 test holes; or

18 (d) To premises within the limits of any incorporated city~~, town or village~~ which  
19 has enacted or enacts hereafter an ordinance regulating the location or spacing  
20 of wells for the production of oil and gas at distances of not less than the  
21 distances prescribed in this section.

22 (e) To wells for the production of oil to be drilled, deepened, or reopened and  
23 completed at a depth of less than two thousand (2,000) feet where there are no  
24 workable beds of coal at lesser depths and the formation from which the oil is  
25 expected to be extracted is not appreciably affected by factors, as determined  
26 by the commissioner, other than natural drainage. The location of wells for the  
27 production of oil coming within this exception shall be at least two hundred

1 (200) feet from the nearest boundary of the premises upon which the well is to  
2 be drilled, deepened or reopened; and the proposed location must be at least  
3 four hundred (400) feet from the nearest oil producing well. This subsection  
4 shall not be construed to regulate the distance between wells which do not  
5 produce from the same pool.
