(f) "Unitary business" means a single economic enterprise that is made up either of separate parts of a single corporation or of a commonly controlled group of corporations that are sufficiently interdependent, integrated, and interrelated through their activities so as to provide a synergy and mutual benefit that produces a sharing or exchange of value among them and a significant flow of value to the separate parts. For purposes of this section, the term "unitary business" shall be broadly construed, to the extent permitted by the United States Constitution; and

(g) "United States" means the fifty (50) states of the United States, the District of Columbia, and United States' territories and possessions.

3. (a) Except as provided in KRS 141.201, a taxpayer engaged in a unitary business with one (1) or more other corporations shall file a combined report which includes the income, determined under subsection (5) of this section, and the apportionment fraction, determined under KRS 141.120 and paragraph (d) of this subsection, of all corporations that are members of the unitary business, and any other information as required by the department. The combined report
shall be filed on a waters-edge basis under subsection (8) of this section.

(b) The department may, by administrative regulation, require that the combined report include the income and associated apportionment factors of any corporations that are not included as provided by paragraph (a) of this subsection, but that are members of a unitary business, in order to reflect proper apportionment of income of the entire unitary businesses. Authority to require combination by administrative regulation under this paragraph includes authority to require combination of corporations that are not, or would not be combined, if the corporation were doing business in this state.

(c) In addition, if the department determines that the reported income or loss of a taxpayer engaged in a unitary business with any corporation not included as provided by paragraph (a) of this subsection represents an avoidance or evasion of tax by the taxpayer, the department may, on a case-by-case basis, require all or any part of the income and associated apportionment factors of the corporation be included in the taxpayer's combined report.

(d) With respect to the inclusion of associated apportionment factors as provided in paragraph (a) of this subsection, the department may require the inclusion of any one (1) or more additional factors which will fairly represent the taxpayer's business activity in this state, or the employment of any other method to effectuate a proper reflection of the total amount of income subject to apportionment and an equitable allocation and apportionment of the taxpayer's income.

(e) A unitary business shall consider the combined gross receipts and combined income from all sources of all members under subsection (8) of this section, including eliminating entries for transactions among the members under subsection (8)(e) of this section.

(f) Notwithstanding paragraphs (a) to (e) of this subsection, a consolidated return
may be filed as provided in KRS 141.201 if the taxpayer makes an election according to KRS 141.201.

(4) The use of a combined report does not disregard the separate identities of the taxpayer members of the combined group. Each taxpayer member is responsible for tax based on its taxable income or loss apportioned or allocated to this state, which shall include, in addition to the other types of income, the taxpayer member's share of apportionable income of the combined group, where apportionable income of the combined group is calculated as a summation of the individual net incomes of all members of the combined group. A member's net income is determined by removing all but apportionable income, expense, and loss from that member's total income as provided in subsection (5) of this section.

(5) (a) Each taxpayer member is responsible for tax based on its taxable income or loss apportioned or allocated to this state, which shall include:

1. Its share of any income apportionable to this state of each of the combined groups of which it is a member, determined under subsection (6) of this section;
2. Its share of any income apportionable to this state of a distinct business activity conducted within and without the state wholly by the taxpayer member, determined under KRS 141.120;
3. Its income from a business conducted wholly by the taxpayer member entirely within the state;
4. Its income sourced to this state from the sale or exchange of capital or assets, and from involuntary conversions, as determined under subsection (8)(g)(k) of this section;
5. Its nonapportionable income or loss allocable to this state, determined under KRS 141.120;
6. Its income or loss allocated or apportioned in an earlier year, required to
be taken into account as state source income during the income year, other than a net operating loss; and

7. Its net operating loss carryover.

(b) No tax credit or post-apportionment deduction earned by one (1) member of the group, but not fully used by or allowed to that member, may be used in whole or in part by another member of the group or applied in whole or in part against the total income of the combined group, **except as provided in paragraph (c) of this subsection.**

(c) If the taxable income computed pursuant to KRS 141.039 results in a net loss for a taxpayer member of the combined group, that taxpayer member has a Kentucky net operating loss, subject to the net operating loss limitations and carry forward provisions of KRS 141.011. No prior year net operating loss carryforward shall be available to entities that were not doing business in this state in the year in which the loss was incurred. A Kentucky net operating loss carryover incurred by a taxpayer member of a combined group shall be deducted from income or loss apportioned to this state pursuant to this section as follows:

1. For taxable years beginning on or after the first day of the initial taxable year for which a combined unitary tax return is required under this section, if the computation of a combined group's Kentucky net income before apportionment to this state results in a net operating loss, a taxpayer member of the group may carry over its share of the net operating loss as apportioned to this state, as calculated under this section and in accordance with KRS 141.120 or 141.121, and it shall be deductible from a taxpayer member's apportioned net income derived from the unitary business in a future tax year to the extent that the carryover and deduction is otherwise consistent with KRS 141.011;
2. Where a taxpayer member of a combined group has a Kentucky net operating loss carryover derived from a loss incurred by a combined group in a tax year beginning on or after the first day of the initial tax year for which a combined unitary tax return is required under this section, then the taxpayer member may share the net operating loss carryover with other taxpayer members of the combined group if the other taxpayer members were members of the combined group in the tax year that the loss was incurred. Any amount of net operating loss carryover that is deducted by another taxpayer member of the combined group shall reduce the amount of net operating loss carryover that may be carried over by the taxpayer member that originally incurred the loss;

3. Where a taxpayer member of a combined group has a net operating loss carryover derived from a loss incurred in a tax year prior to the initial tax year for which a combined unitary tax return is required under this section, the carryover shall remain available to be deducted by that taxpayer member and any other taxpayer members of the combined group, but in no case shall the deduction reduce any taxpayer member’s Kentucky apportioned taxable income by more than fifty percent (50%) in any taxable year, other than the taxpayer member that originally incurred the net operating loss, in which case no limitation is provided except as provided by Section 172 of the Internal Revenue Code. Any net operating loss carryover that is not utilized in a particular taxable year shall be carried over by the taxpayer member that generated the loss and utilized in the future consistent with the limitations of this subparagraph; or

4. Where a taxpayer member of a combined group has a net operating loss carryover derived from a loss incurred in a tax year during which the
taxpayer member was not a taxpayer member of the combined group, the
carryover shall remain available to be deducted by that taxpayer member
or other taxpayer members, but in no case shall the deduction reduce any
taxpayer member's Kentucky apportioned taxable income by more than
fifty percent (50%) in any taxable year, other than the taxpayer member
that originally incurred the net operating loss, in which case no
limitation is provided except as provided by Section 172 of the Internal
Revenue Code. Any net operating loss carryover that is not utilized in a
particular taxable year, shall be carried over by the taxpayer member that
generated the loss and utilized in the future consistent with the
limitations of this subparagraph.

(6) The taxpayer's share of the business income apportionable to this state of each
combined group of which it is a member shall be the product of:
(a) The apportionable income of the combined group, determined under
subsection (7) of this section; and
(b) The taxpayer member's apportionment fraction, determined under KRS
141.120, including in the sales factor numerator the taxpayer's sales associated
with the combined group's unitary business in this state, and including in the
denominator the sales of all members of the combined group, including the
taxpayer, which sales are associated with the combined group's unitary
business wherever located. The sales of a pass-through entity shall be included
in the determination of the partner's apportionment percentage in proportion to
a ratio, the numerator of which is the amount of the partner's distributive share
of the pass-through entity's unitary income included in the income of the
combined group as provided in subsection (8) of this section and the
denominator of which is the amount of pass-through entity's total unitary
income.
(7) The apportionable income of a combined group is determined as follows:

(a) The total income of the combined group is the sum of the income of each member of the combined group determined under federal income tax laws, as adjusted for state purposes, as if the member were not consolidated for federal purposes; and

(b) From the total income of the combined group determined under subsection (8) of this section, subtract any income and add any expense or loss, other than the apportionable income, expense, or loss of the combined group.

(8) To determine the total income of the combined group, taxpayer members shall take into account all or a portion of the income and apportionment factor of only the following members otherwise included in the combined group as provided in subsection (3) of this section:

(a) The entire income and apportionment percentage of any member, incorporated in the United States or formed under the laws of any state, the District of Columbia, or any territory or possession of the United States, that earns less than eighty percent (80%) of its income from sources outside of the United States, the District of Columbia, or any territory or possession of the United States;

(b) Any member that earns more than twenty percent (20%) of its income, directly or indirectly, from intangible property or service related activities that are deductible against the apportionable income of other members of the combined group, to the extent of that income and the apportionment factor related to that income. If a non-United States corporation is includible as a member in the combined group, to the extent that the non-United States corporation's income is excluded from United States taxation pursuant to the provisions of a comprehensive income tax treaty, the income or loss is not includible in the combined group's net income or loss. The member's expenses
or apportionment factors attributable to income that is excluded from United States taxation pursuant to the provisions of a comprehensive income tax treaty are not to be included in the combined report;

(c) The entire income and apportionment factor of any member that is doing business in a tax haven. If the member’s business activity within a tax haven is entirely outside the scope of the laws, provisions, and practices that cause the jurisdiction to meet the definition established in subsection (2)(d) of this section, the activity of the member shall be treated as not having been conducted in a tax haven;

(d) If a unitary business includes income from a pass-through entity, the income to be included in the total income of the combined group shall be the member of the combined group’s direct and indirect distributive share of the pass-through entity’s unitary income;

(e) Income from an intercompany transaction between members of the same combined group shall be deferred in a manner similar to 26 C.F.R. 1.1502-13. Upon the occurrence of any of the following events, deferred income resulting from an intercompany transaction between members of a combined group shall be restored to the income of the seller, and shall be apportionable income earned immediately before the event:

1. The object of a deferred intercompany transaction is:
   a. Resold by the buyer to an entity that is not a member of the combined group;
   b. Resold by the buyer to an entity that is a member of the combined group for use outside the unitary business in which the buyer and seller are engaged; or
   c. Converted by the buyer to a use outside the unitary business in which the buyer and seller are engaged; or
2. The buyer and seller are no longer members of the same combined group, regardless of whether the members remain unitary;

(f) A charitable expense incurred by a member of a combined group shall, to the extent allowable as a deduction provided by Section 170 of the Internal Revenue Code, be subtracted first from the apportionable income of the combined group, subject to the income limitations of that section applied to the entire apportionable income of the group, and any remaining amount shall then be treated as a nonapportionable expense allocable to the member that incurred the expense, subject to the income limitations of that section applied to the nonapportionable income of that specific member. Any charitable deduction disallowed under this paragraph, but allowed as a carryover deduction in a subsequent year, shall be treated as originally incurred in the subsequent year by the same member, and this paragraph shall apply in the subsequent year in determining the allowable deduction in that year;

(g) Gain or loss from the sale or exchange of capital assets, property described by Section 1231(a)(3) of the Internal Revenue Code, and property subject to an involuntary conversion shall be removed from the total separate net income of each member of a combined group and shall be apportioned and allocated as follows:

1. For each class of gain or loss, including short-term capital, long-term capital, Internal Revenue Code Section 1231, and involuntary conversions, all members' gain and loss for the class shall be combined, without netting between the classes, and each class of net gain or loss separately apportioned to each member using the member's apportionment percentage determined under subsection (6) of this section;

2. Each taxpayer member shall then net its apportioned business gain or
loss for all classes, including any apportioned gain and loss from other combined groups, against the taxpayer member's nonapportionable gain and loss for all classes allocated to this state, using the rules of Sections 1231 and 1222 of the Internal Revenue Code, without regard to any of the taxpayer member's gains or losses from the sale or exchange of capital assets, Internal Revenue Code Section 1231 property, and involuntary conversions which are nonapportionable items allocated to another state;

3. Any resulting state source income or loss, if the loss is not subject to the limitations of Section 1211 of the Internal Revenue Code, of a taxpayer member produced by the application of subparagraphs 1. and 2. of this paragraph shall then be applied to all other state source income or loss of that member; and

4. Any resulting state source loss of a member that is subject to the limitations of Section 1211 of the Internal Revenue Code shall be carried forward by that member, and shall be treated as state source short-term capital loss incurred by that member for the year for which the carryover applies; and

(h) Any expense of one (1) member of the unitary group which is directly or indirectly attributable to the nonapportionable or exempt income of another member of the unitary group shall be allocated to that other member as corresponding nonapportionable or exempt expense, as appropriate.

(9) (a) As a filing convenience, and without changing the respective liability of the group members, members of a combined reporting group shall annually designate one (1) taxpayer member of the combined group to file a single return in the form and manner prescribed by the department, in lieu of filing their own respective returns.
(b) The taxpayer member designated to file the single return shall consent to act as surety with respect to the tax liability of all other taxpayers properly included in the combined report, and shall agree to act as agent on behalf of those taxpayers for the taxable year for matters relating to the combined report. If for any reason the surety is unwilling or unable to perform its responsibilities, tax liability may be assessed against the taxpayer members.

Section 13. KRS 141.205 is amended to read as follows:

(1) As used in this section:

(a) "Intangible property" means franchises, patents, patent applications, trade names, trademarks, service marks, copyrights, trade secrets, and similar types of intangible assets;

(b) "Intangible expenses" includes the following only to the extent that the amounts are allowed as deductions or costs in determining taxable net income before the application of any net operating loss deduction provided under Chapter 1 of the Internal Revenue Code:

1. Expenses, losses, and costs for, related to, or in connection directly or indirectly with the direct or indirect acquisition, use, maintenance, management, ownership, sale, exchange, or any other disposition of intangible property;

2. Losses related to, or incurred in connection directly or indirectly with, factoring transactions or discounting transactions;

3. Royalty, patent, technical, and copyright fees;

4. Licensing fees; and

5. Other similar expenses and costs;

(c) "Intangible interest expense" means only those amounts which are directly or indirectly allowed as deductions under Section 163 of the Internal Revenue Code for purposes of determining taxable income under that code, to the
extent that the amounts are directly or indirectly for, related to, or connected to the direct or indirect acquisition, use, maintenance, management, ownership, sale, exchange, or any other disposition of intangible property;

(d) "Management fees" includes but is not limited to expenses and costs paid for services pertaining to accounts receivable and payable, employee benefit plans, insurance, legal, payroll, data processing, purchasing, tax, financial and securities, accounting, reporting and compliance services or similar services, only to the extent that the amounts are allowed as a deduction or cost in determining taxable net income before application of the net operating loss deduction for the taxable year provided under Chapter 1 of the Internal Revenue Code;

(e) "Affiliated group" has the same meaning as as [provided] in Section 11 of this Act [KRS 141.200];

(f) "Foreign corporation" means a corporation that is organized under the laws of a country other than the United States and that would be a related member if it were a domestic corporation;

(g) "Related member" means a person that, with respect to the entity during all or any portion of the taxable year, is:

1. A person or entity that has, directly or indirectly, at least fifty percent (50%) of the equity ownership interest in the taxpayer, as determined under Section 318 of the Internal Revenue Code;

2. A component member as defined in Section 1563(b) of the Internal Revenue Code;

3. A person to or from whom there is attribution of stock ownership in accordance with Section 1563(e) of the Internal Revenue Code; or

4. A person that, notwithstanding its form of organization, bears the same relationship to the taxpayer as a person described in subparagraphs 1. to
3. of this paragraph;

(h) "Recipient" means a related member or foreign corporation to whom the item of income that corresponds to the intangible interest expense, the intangible expense, or the management fees, is paid;

(i) "Unrelated party" means a person that has no direct, indirect, beneficial or constructive ownership interest in the recipient; and in which the recipient has no direct, indirect, beneficial or constructive ownership interest;

(j) "Disclosure" means that the entity shall provide the following information to the Department of Revenue with its tax return regarding a related party transaction:

1. The name of the recipient;
2. The state or country of domicile of the recipient;
3. The amount paid to the recipient; and
4. A description of the nature of the payment made to the recipient;

(k) "Other related party transaction" means a transaction which:

1. Is undertaken by an entity which was not required to file a consolidated return under Section 11 of this Act [KRS 141.200];
2. Is undertaken by an entity, directly or indirectly, with one (1) or more of its stockholders, members, partners, or affiliated entities; and
3. Is not within the scope of subsections (2) and (3) of this section;

(l) "Related party costs" means intangible expense, intangible interest expense, management fees and any costs or expenses associated with other related party transactions; and

(m) "Entity" means any taxpayer other than a natural person.

(2) An entity subject to the tax imposed by this chapter shall not be allowed to deduct an intangible expense, an intangible interest expense, or a management fee directly or indirectly paid, accrued or incurred to, or in connection directly or indirectly with
one (1) or more direct or indirect transactions with one (1) or more related members
or with a foreign corporation as defined in subsection (1) of this section, or with an
entity that would be included in the affiliated group based upon ownership interest
if it were organized as a corporation.

(3) The disallowance of deductions provided by subsection (2) of this section shall not
apply if:

(a) The entity and the recipient are both included in the same consolidated
Kentucky corporation income tax return for the relevant taxable year; or

(b) The entity makes a disclosure, and establishes by a preponderance of the
evidence that:

1. The payment made to the recipient was subject to, in its state or country
of commercial domicile, a net income tax, or a franchise tax measured
by, in whole or in part, net income. If the recipient is a foreign
corporation, the foreign nation shall have in force a comprehensive
income tax treaty with the United States; and

2. The recipient is engaged in substantial business activities separate and
apart from the acquisition, use, licensing, management, ownership, sale,
exchange, or any other disposition of intangible property, or in the
financing of related members, as evidenced by the maintenance of
permanent office space and full-time employees dedicated to the
maintenance and protection of intangible property; and

3. The transaction giving rise to the intangible interest expense, intangible
expense, or management fees between the entity and the recipient was
made at a commercially reasonable rate and at terms comparable to an
arm's-length transaction; or

(c) The entity makes a disclosure, and establishes by preponderance of the
evidence that the recipient regularly engages in transactions with one (1) or
more unrelated parties on terms identical to that of the subject transaction; or

(d) The entity and the Department of Revenue agree in writing to the application
or use of an alternative method of apportionment under KRS 141.120.

(4) An entity subject to the tax imposed by this chapter may deduct expenses or costs
associated with an other related party transaction only in an amount equal to the
amount which would have resulted if the other related party transaction had been
carried out at arm's length. In any dispute between the department and the entity
with respect to the amount which would have resulted if the transaction had been
carried out at arm's length, the entity shall bear the burden of establishing the
amount by a preponderance of the evidence.

(5) Nothing in this section shall be deemed to prohibit an entity from deducting a
related party cost in an amount permitted by this section, provided that the entity
has incurred related party costs equal to or greater than the amounts permitted by
this section.

(6) If it is determined by the department that the amount of a deduction claimed by an
entity with respect to a related party cost is greater than the amount permitted by
this section, the net income of the entity shall be adjusted to reflect the amount of
the related party cost permitted by this section.

(7) For tax periods ending before January 1, 2005, in the case of entities not required to
file a consolidated or combined return under subsection (1) of this section that
carried on transactions with stockholders or affiliated entities directly or indirectly,
the department shall adjust the net income of such entities to an amount that would
result if such transactions were carried on at arm's length.

Section 14. KRS 141.206 is amended to read as follows:

(1) Every pass-through entity doing business in this state shall, on or before the
fifteenth day of the fourth month following the close of its annual accounting
period, file a copy of its federal tax return with the form prescribed and furnished by
the department.

(2) Pass-through entities shall calculate net income in the same manner as in the case of an individual under KRS 141.019 and the adjustment required under Sections 703(a) and 1363(b) of the Internal Revenue Code. Computation of net income under this section and the computation of the partner's, member's, or shareholder's distributive share shall be computed as nearly as practicable identical with those required for federal income tax purposes except to the extent required by differences between this chapter and the federal income tax law and regulations.

(3) Individuals, estates, trusts, or corporations doing business in this state as a partner, member, or shareholder in a pass-through entity shall be liable for income tax only in their individual, fiduciary, or corporate capacities, and no income tax shall be assessed against the net income of any pass-through entity, except as required for S corporations by KRS 141.040.

(4) (a) Every pass-through entity required to file a return under subsection (1) of this section, except publicly traded partnerships as described in KRS 141.0401(6)(a) and (b)14., shall withhold Kentucky income tax on the distributive share, whether distributed or undistributed, of each:

1. Nonresident individual partner, member, or shareholder; and
2. Corporate partner or member that is doing business in Kentucky only through its ownership interest in a pass-through entity.

(b) Withholding shall be at the maximum rate provided in KRS 141.020 or 141.040.

(5) (a) Effective for taxable years beginning after December 31, 2018, every pass-through entity required to withhold Kentucky income tax as provided by subsection (4) of this section shall pay estimated tax for the taxable year if:

1. For a nonresident individual partner, member, or shareholder, the
estimated tax liability can reasonably be expected to exceed five hundred dollars ($500); or

2. For a corporate partner or member that is doing business in Kentucky only through its ownership interest in a pass-through entity, the estimated tax liability can reasonably be expected to exceed five thousand dollars ($5,000).

(b) The payment of estimated tax shall contain the information and shall be filed as provided in KRS 141.207.

(6) (a) If a pass-through entity demonstrates to the department that a partner, member, or shareholder has filed an appropriate tax return for the prior year with the department, then the pass-through entity shall not be required to withhold on that partner, member, or shareholder for the current year unless the exemption from withholding has been revoked pursuant to paragraph (b) of this subsection.

(b) An exemption from withholding shall be considered revoked if the partner, member, or shareholder does not file and pay all taxes due in a timely manner. An exemption so revoked shall be reinstated only with permission of the department. If a partner, member, or shareholder who has been exempted from withholding does not file a return or pay the tax due, the department may require the pass-through entity to pay to the department the amount that should have been withheld, up to the amount of the partner's, member's, or shareholder's ownership interest in the entity. The pass-through entity shall be entitled to recover a payment made pursuant to this paragraph from the partner, member, or shareholder on whose behalf the payment was made.

(7) In determining the tax under this chapter, a resident individual, estate, or trust that is a partner, member, or shareholder in a pass-through entity shall take into account the partner's, member's, or shareholder's total distributive share of the pass-through
entity's items of income, loss, deduction, and credit.

(8) In determining the tax under this chapter, a nonresident individual, estate, or trust that is a partner, member, or shareholder in a pass-through entity required to file a return under subsection (1) of this section shall take into account:

(a) 1. If the pass-through entity is doing business only in this state, the partner's, member's, or shareholder's total distributive share of the pass-through entity's items of income, loss, and deduction; or

2. If the pass-through entity is doing business both within and without this state, the partner's, member's, or shareholder's distributive share of the pass-through entity's items of income, loss, and deduction multiplied by the apportionment fraction of the pass-through entity as prescribed in subsection (11) of this section; and

(b) The partner's, member's, or shareholder's total distributive share of credits of the pass-through entity.

(9) A corporation that is subject to tax under KRS 141.040 and is a partner or member in a pass-through entity shall take into account the corporation's distributive share of the pass-through entity's items of income, loss, and deduction and:

(a) 1. For taxable years beginning on or after January 1, 2007, but prior to January 1, 2018, shall include the proportionate share of the sales, property, and payroll of the limited liability pass-through entity or general partnership in computing its own apportionment factor; and

2. For taxable years beginning on or after January 1, 2018, shall include the proportionate share of the sales of the limited liability pass-through entity or general partnership in computing its own apportionment factor; and

(b) Credits from the partnership.

(10) (a) If a pass-through entity is doing business both within and without this state,
the pass-through entity shall compute and furnish to each partner, member, or
shareholder the numerator and denominator of each factor of the
apportionment fraction determined in accordance with subsection (11) of this
section.
(b) For purposes of determining an apportionment fraction under paragraph (a) of
this subsection, if the pass-through entity is:
1. Doing business both within and without this state; and
2. A partner or member in another pass-through entity;
then the pass-through entity shall be deemed to own the pro rata share of the
property owned or leased by the other pass-through entity, and shall also
include its pro rata share of the other pass-through entity's payroll and sales.
(c) The phrases "a partner or member in another pass-through entity" and "doing
business both within and without this state" shall extend to each level of
multiple-tiered pass-through entities.
(d) The attribution to the pass-through entity of the pro rata share of property,
payroll and sales from its role as a partner or member in another pass-through
entity will also apply when determining the pass-through entity's ultimate
apportionment factor for property, payroll and sales as required under
subsection (11) of this section.
(11) (a) For taxable years beginning prior to January 1, 2018, a pass-through entity
doing business within and without the state shall compute an apportionment
fraction, the numerator of which is the property factor, representing twenty-five
percent (25%) of the fraction, plus the payroll factor, representing twenty-five
percent (25%) of the fraction, plus the sales factor, representing fifty percent (50%)
of the fraction, with each factor determined in the same manner as provided in KRS 141.901, and the denominator of which is four (4), reduced by the number of factors, if any, having no denominator, provided
that if the sales factor has no denominator, then the denominator shall be
reduced by two (2).

(b) For taxable years beginning on or after January 1, 2018, a pass-through entity
doing business within and without the state shall compute an apportionment
fraction as provided in KRS 141.120.

(12) Resident individuals, estates, or trusts that are partners in a partnership, members of
a limited liability company electing partnership tax treatment for federal income tax
purposes, owners of single member limited liability companies, or shareholders in
an S corporation which does not do business in this state are subject to tax under
KRS 141.020 on federal net income, gain, deduction, or loss passed through the
partnership, limited liability company, or S corporation.

(13) An S corporation election made in accordance with Section 1362 of the Internal
Revenue Code for federal tax purposes is a binding election for Kentucky tax
purposes.

(14) (a) Nonresident individuals shall not be taxable on investment income distributed
by a qualified investment partnership. For purposes of this subsection, a
"qualified investment partnership" means a pass-through entity that, during the
taxable year, holds only investments that produce income that would not be
taxable to a nonresident individual if held or owned individually.

(b) A qualified investment partnership shall be subject to all other provisions
relating to a pass-through entity under this section and shall not be subject to
the tax imposed under KRS 141.040 or 141.0401.

(15) (a) 1. A pass-through entity may file a composite income tax return on behalf
of electing nonresident individual partners, members, or shareholders.

2. The pass-through entity shall report and pay on the composite income
tax return income tax at the highest marginal rate provided in this
chapter on any portion of the partners', members', or shareholders' pro
rata or distributive shares of income of the pass-through entity from
doing business in this state or deriving income from sources within this
state. Payments made pursuant to subsection (5) of this section shall be
credited against any tax due.

3. The pass-through entity filing a composite return shall still make
estimated tax payments if required to do so by subsection (5) of this
section, and shall remain subject to any penalty under KRS 141.044 and
141.305 for any underpayment of estimated tax determined under KRS
141.044 or 141.305.

4. The partners', members', or shareholders' pro rata or distributive share of
income shall include all items of income or deduction used to compute
adjusted gross income on the Kentucky return that is passed through to
