statements prepared in accordance with accounting principles generally accepted in the United States of America, as of January 1, 2019, shall be eligible for this deduction.

If the provisions of KRS 141.202 result in an aggregate increase to the member's net deferred tax liability, an aggregate decrease to the member's net deferred tax asset, or an aggregate change from a net deferred tax asset to a net deferred tax liability, the combined group shall be entitled to a deduction, as determined in this paragraph.

5. For ten (10) years beginning with the combined group's first taxable year beginning on or after January 1, 2024, a combined group shall be entitled to a deduction from the combined group's entire net income equal to one-tenth (1/10) of the amount necessary to offset the increase in the net deferred tax liability, decrease in the net deferred tax asset, or aggregate change from a net deferred tax asset to a net deferred tax liability. The increase in the net deferred tax liability, decrease in the net deferred tax asset, or the aggregate change from a net deferred tax asset to a net deferred tax liability shall be computed based on the change that would result from the imposition of the combined reporting requirement under KRS 141.202, but for the deduction provided under this paragraph as of June 27, 2019.

factor determined by KRS 141.120 or 141.121 that was used by the
combined group in the calculation of the deferred tax assets and
defined tax liabilities as described in subparagraph 5. of this
paragraph; and

c. The resulting amount represents the total net deferred tax
deduction available over the ten (10) year period as described in
subparagraph 5. of this paragraph.

7. The deduction calculated under this paragraph shall not be adjusted as a
result of any events happening subsequent to the calculation, including
but not limited to any disposition or abandonment of assets. The
deduction shall be calculated without regard to the federal tax effect and
shall not alter the tax basis of any asset. If the deduction under this
section is greater than the combined group's entire Kentucky net income,
any excess deduction shall be carried forward and applied as a deduction
to the combined group's entire net income in future taxable years until
fully utilized.

8. Any combined group intending to claim a deduction under this
paragraph shall file a statement with the department on or before July 1,
2019. The statement shall specify the total amount of the deduction
which the combined group claims on the form, including calculations
and other information supporting the total amounts of the deduction as
required by the department. No deduction shall be allowed under this

      need for a local substantive presence or prohibits these entities
      from having any commercial impact on the local economy;
   d. Explicitly or implicitly excludes the jurisdiction's resident
      taxpayers from taking advantage of the tax regime's benefits or
      prohibits enterprises that benefit from the regime from operating in
      the jurisdiction's domestic market; or
e. Has created a tax regime which is favorable for tax avoidance, based upon an overall assessment of relevant factors, including whether the jurisdiction has a significant untaxed offshore financial or other services sector relative to its overall economy.

2. "Tax haven" does not include a jurisdiction that has entered into a comprehensive income tax treaty with the United States, which the Secretary of the Treasury has determined is satisfactory for purposes of Section 1(h)(11)(C)(i)(II) of the Internal Revenue Code;

(e) "Taxpayer" means any corporation subject to the tax imposed under this chapter;

(f) "Unitary business" means a single economic enterprise that is made up either of separate parts of a single corporation or of a commonly controlled group of corporations that are sufficiently interdependent, integrated, and interrelated through their activities so as to provide a synergy and mutual benefit that produces a sharing or exchange of value among them and a significant flow of value to the separate parts. For purposes of this section, the term "unitary business" shall be broadly construed, to the extent permitted by the United States Constitution; and

(g) "United States" means the fifty (50) states of the United States, the District of Columbia, and United States' territories and possessions.

(3) (a) Except as provided in KRS 141.201, a taxpayer engaged in a unitary business with one (1) or more other corporations shall file a combined report which includes the income, determined under subsection (5) of this section, and the apportionment fraction, determined under KRS 141.120 and paragraph (d) of this subsection, of all corporations that are members of the unitary business, and any other information as required by the department. The combined report shall be filed on a waters-edge basis under subsection (8) of this section.
(b) The department may, by administrative regulation, require that the combined report include the income and associated apportionment factors of any corporations that are not included as provided by paragraph (a) of this subsection, but that are members of a unitary business, in order to reflect proper apportionment of income of the entire unitary businesses. Authority to require combination by administrative regulation under this paragraph includes authority to require combination of corporations that are not, or would not be combined, if the corporation were doing business in this state.

(c) In addition, if the department determines that the reported income or loss of a taxpayer engaged in a unitary business with any corporation not included as provided by paragraph (a) of this subsection represents an avoidance or evasion of tax by the taxpayer, the department may, on a case-by-case basis, require all or any part of the income and associated apportionment factors of the corporation be included in the taxpayer's combined report.

(d) With respect to the inclusion of associated apportionment factors as provided in paragraph (a) of this subsection, the department may require the inclusion of any one (1) or more additional factors which will fairly represent the taxpayer's business activity in this state, or the employment of any other method to effectuate a proper reflection of the total amount of income subject to apportionment and an equitable allocation and apportionment of the taxpayer's income.

(e) A unitary business shall consider the combined gross receipts and combined income from all sources of all members under subsection (8) of this section, including eliminating entries for transactions among the members under subsection (8)(e) of this section.

(f) Notwithstanding paragraphs (a) to (e) of this subsection, a consolidated return may be filed as provided in KRS 141.201 if the taxpayer makes an election
(4) The use of a combined report does not disregard the separate identities of the taxpayer members of the combined group. Each taxpayer member is responsible for tax based on its taxable income or loss apportioned or allocated to this state, which shall include, in addition to the other types of income, the taxpayer member's share of apportionable income of the combined group, where apportionable income of the combined group is calculated as a summation of the individual net incomes of all members of the combined group. A member's net income is determined by removing all but apportionable income, expense, and loss from that member's total income as provided in subsection (5) of this section.

(5) (a) Each taxpayer member is responsible for tax based on its taxable income or loss apportioned or allocated to this state, which shall include:

1. Its share of any income apportionable to this state of each of the combined groups of which it is a member, determined under subsection (6) of this section;

2. Its share of any income apportionable to this state of a distinct business activity conducted within and without the state wholly by the taxpayer member, determined under KRS 141.120;

3. Its income from a business conducted wholly by the taxpayer member entirely within the state;

4. Its income sourced to this state from the sale or exchange of capital or assets, and from involuntary conversions, as determined under subsection (8)(g)(k) of this section;

5. Its nonapportionable income or loss allocable to this state, determined under KRS 141.120;

6. Its income or loss allocated or apportioned in an earlier year, required to be taken into account as state source income during the income year,
other than a net operating loss; and

7. Its net operating loss carryover.

(b) No tax credit or post-apportionment deduction earned by one (1) member of the group, but not fully used by or allowed to that member, may be used in whole or in part by another member of the group or applied in whole or in part against the total income of the combined group, except as provided in paragraph (c) of this subsection.

(c) If the taxable income computed pursuant to KRS 141.039 results in a net loss for a taxpayer member of the combined group, that taxpayer member has a Kentucky net operating loss, subject to the net operating loss limitations and carry forward provisions of KRS 141.011. No prior year net operating loss carryforward shall be available to entities that were not doing business in this state in the year in which the loss was incurred. A Kentucky net operating loss carryover incurred by a taxpayer member of a combined group shall be deducted from income or loss apportioned to this state pursuant to this section as follows:

1. For taxable years beginning on or after the first day of the initial taxable year for which a combined unitary tax return is required under this section, if the computation of a combined group's Kentucky net income before apportionment to this state results in a net operating loss, a taxpayer member of the group may carry over its share of the net operating loss as apportioned to this state, as calculated under this section and in accordance with KRS 141.120 or 141.121, and it shall be deductible from a taxpayer member's apportioned net income derived from the unitary business in a future tax year to the extent that the carryover and deduction is otherwise consistent with KRS 141.011;

2. Where a taxpayer member of a combined group has a Kentucky net
operating loss carryover derived from a loss incurred by a combined
group in a tax year beginning on or after the first day of the initial tax
year for which a combined unitary tax return is required under this
section, then the taxpayer member may share the net operating loss
carryover with other taxpayer members of the combined group if the
other taxpayer members were members of the combined group in the tax
year that the loss was incurred. Any amount of net operating loss
carryover that is deducted by another taxpayer member of the combined
group shall reduce the amount of net operating loss carryover that may
be carried over by the taxpayer member that originally incurred the loss;
3. Where a taxpayer member of a combined group has a net operating loss
carryover derived from a loss incurred in a tax year prior to the initial
tax year for which a combined unitary tax return is required under this
section, the carryover shall remain available to be deducted by that
taxpayer member and any other taxpayer members of the combined
group, but in no case shall the deduction reduce any taxpayer member's
Kentucky apportioned taxable income by more than fifty percent (50%)
in any taxable year, other than the taxpayer member that originally
incurred the net operating loss, in which case no limitation is provided
except as provided by Section 172 of the Internal Revenue Code. Any
net operating loss carryover that is not utilized in a particular taxable
year shall be carried over by the taxpayer member that generated the loss
and utilized in the future consistent with the limitations of this
subparagraph; or
4. Where a taxpayer member of a combined group has a net operating loss
carryover derived from a loss incurred in a tax year during which the
taxpayer member was not a taxpayer member of the combined group, the
carryover shall remain available to be deducted by that taxpayer member or other taxpayer members, but in no case shall the deduction reduce any taxpayer member's Kentucky apportioned taxable income by more than fifty percent (50%) in any taxable year, other than the taxpayer member that originally incurred the net operating loss, in which case no limitation is provided except as provided by Section 172 of the Internal Revenue Code. Any net operating loss carryover that is not utilized in a particular taxable year, shall be carried over by the taxpayer member that generated the loss and utilized in the future consistent with the limitations of this subparagraph.

(6) The taxpayer's share of the business income apportionable to this state of each combined group of which it is a member shall be the product of:

(a) The apportionable income of the combined group, determined under subsection (7) of this section; and

(b) The taxpayer member's apportionment fraction, determined under KRS 141.120, including in the sales factor numerator the taxpayer's sales associated with the combined group's unitary business in this state, and including in the denominator the sales of all members of the combined group, including the taxpayer, which sales are associated with the combined group's unitary business wherever located. The sales of a pass-through entity shall be included in the determination of the partner's apportionment percentage in proportion to a ratio, the numerator of which is the amount of the partner's distributive share of the pass-through entity's unitary income included in the income of the combined group as provided in subsection (8) of this section and the denominator of which is the amount of pass-through entity's total unitary income.

(7) The apportionable income of a combined group is determined as follows:
(a) The total income of the combined group is the sum of the income of each
member of the combined group determined under federal income tax laws, as
adjusted for state purposes, as if the member were not consolidated for federal
purposes; and

(b) From the total income of the combined group determined under subsection (8)
of this section, subtract any income and add any expense or loss, other than
the apportionable income, expense, or loss of the combined group.

(8) To determine the total income of the combined group, taxpayer members shall take
into account all or a portion of the income and apportionment factor of only the
following members otherwise included in the combined group as provided in
subsection (3) of this section:

(a) The entire income and apportionment percentage of any member, incorporated
in the United States or formed under the laws of any state, the District of
Columbia, or any territory or possession of the United States, that earns less
than eighty percent (80%) of its income from sources outside of the United
States, the District of Columbia, or any territory or possession of the United
States;

(b) Any member that earns more than twenty percent (20%) of its income, directly
or indirectly, from intangible property or service related activities that are
deductible against the apportionable income of other members of the
combined group, to the extent of that income and the apportionment factor
related to that income. If a non-United States corporation is includible as a
member in the combined group, to the extent that the non-United States
corporation's income is excluded from United States taxation pursuant to the
provisions of a comprehensive income tax treaty, the income or loss is not
includible in the combined group's net income or loss. The member's expenses
or apportionment factors attributable to income that is excluded from United
States taxation pursuant to the provisions of a comprehensive income tax treaty are not to be included in the combined report;

(c) The entire income and apportionment factor of any member that is doing business in a tax haven. If the member's business activity within a tax haven is entirely outside the scope of the laws, provisions, and practices that cause the jurisdiction to meet the definition established in subsection (2)(d) of this section, the activity of the member shall be treated as not having been conducted in a tax haven;

(d) If a unitary business includes income from a pass-through entity, the income to be included in the total income of the combined group shall be the member of the combined group's direct and indirect distributive share of the pass-through entity's unitary income;

(e) Income from an intercompany transaction between members of the same combined group shall be deferred in a manner similar to 26 C.F.R. 1.1502-13. Upon the occurrence of any of the following events, deferred income resulting from an intercompany transaction between members of a combined group shall be restored to the income of the seller, and shall be apportionable income earned immediately before the event:

1. The object of a deferred intercompany transaction is:
   a. Resold by the buyer to an entity that is not a member of the combined group;
   b. Resold by the buyer to an entity that is a member of the combined group for use outside the unitary business in which the buyer and seller are engaged; or
   c. Converted by the buyer to a use outside the unitary business in which the buyer and seller are engaged; or

2. The buyer and seller are no longer members of the same combined
group, regardless of whether the members remain unitary;

(f) A charitable expense incurred by a member of a combined group shall, to the extent allowable as a deduction provided by Section 170 of the Internal Revenue Code, be subtracted first from the apportionable income of the combined group, subject to the income limitations of that section applied to the entire apportionable income of the group, and any remaining amount shall then be treated as a nonapportionable expense allocable to the member that incurred the expense, subject to the income limitations of that section applied to the nonapportionable income of that specific member. Any charitable deduction disallowed under this paragraph, but allowed as a carryover deduction in a subsequent year, shall be treated as originally incurred in the subsequent year by the same member, and this paragraph shall apply in the subsequent year in determining the allowable deduction in that year;

(g) Gain or loss from the sale or exchange of capital assets, property described by Section 1231(a)(3) of the Internal Revenue Code, and property subject to an involuntary conversion shall be removed from the total separate net income of each member of a combined group and shall be apportioned and allocated as follows:

1. For each class of gain or loss, including short-term capital, long-term capital, Internal Revenue Code Section 1231, and involuntary conversions, all members' gain and loss for the class shall be combined, without netting between the classes, and each class of net gain or loss separately apportioned to each member using the member's apportionment percentage determined under subsection (6) of this section;

2. Each taxpayer member shall then net its apportioned business gain or loss for all classes, including any apportioned gain and loss from other
combined groups, against the taxpayer member's nonapportionable gain
and loss for all classes allocated to this state, using the rules of Sections
1231 and 1222 of the Internal Revenue Code, without regard to any of
the taxpayer member's gains or losses from the sale or exchange of
capital assets, Internal Revenue Code Section 1231 property, and
involuntary conversions which are nonapportionable items allocated to
another state;

3. Any resulting state source income or loss, if the loss is not subject to the
limitations of Section 1211 of the Internal Revenue Code, of a taxpayer
member produced by the application of subparagraphs 1. and 2. of this
paragraph shall then be applied to all other state source income or loss of
that member; and

4. Any resulting state source loss of a member that is subject to the
limitations of Section 1211 of the Internal Revenue Code shall be
carried forward by that member, and shall be treated as state source
short-term capital loss incurred by that member for the year for which
the carryover applies; and

(h) Any expense of one (1) member of the unitary group which is directly or
indirectly attributable to the nonapportionable or exempt income of another
member of the unitary group shall be allocated to that other member as
corresponding nonapportionable or exempt expense, as appropriate.

(9) (a) As a filing convenience, and without changing the respective liability of the
group members, members of a combined reporting group shall annually
designate one (1) taxpayer member of the combined group to file a single
return in the form and manner prescribed by the department, in lieu of filing
their own respective returns.

(b) The taxpayer member designated to file the single return shall consent to act
as surety with respect to the tax liability of all other taxpayers properly
included in the combined report, and shall agree to act as agent on behalf of
those taxpayers for the taxable year for matters relating to the combined
report. If for any reason the surety is unwilling or unable to perform its
responsibilities, tax liability may be assessed against the taxpayer members.

Section 13. KRS 141.205 is amended to read as follows:

(1) As used in this section:

(a) "Intangible property" means franchises, patents, patent applications, trade
names, trademarks, service marks, copyrights, trade secrets, and similar types
of intangible assets;

(b) "Intangible expenses" includes the following only to the extent that the
amounts are allowed as deductions or costs in determining taxable net income
before the application of any net operating loss deduction provided under
Chapter 1 of the Internal Revenue Code:

1. Expenses, losses, and costs for, related to, or in connection directly or
   indirectly with the direct or indirect acquisition, use, maintenance,
   management, ownership, sale, exchange, or any other disposition of
   intangible property;

2. Losses related to, or incurred in connection directly or indirectly with,
   factoring transactions or discounting transactions;

indirectly allowed as deductions under Section 163 of the Internal Revenue
Code for purposes of determining taxable income under that code, to the
extent that the amounts are directly or indirectly for, related to, or connected
to the direct or indirect acquisition, use, maintenance, management, ownership, sale, exchange, or any other disposition of intangible property;

(d) "Management fees" includes but is not limited to expenses and costs paid for services pertaining to accounts receivable and payable, employee benefit plans, insurance, legal, payroll, data processing, purchasing, tax, financial and securities, accounting, reporting and compliance services or similar services, only to the extent that the amounts are allowed as a deduction or cost in determining taxable net income before application of the net operating loss deduction for the taxable year provided under Chapter 1 of the Internal Revenue Code;

(e) "Affiliated group" has the same meaning as [provided] in Section 11 of this Act [KRS 141.200];

(f) "Foreign corporation" means a corporation that is organized under the laws of a country other than the United States and that would be a related member if it were a domestic corporation;

(g) "Related member" means a person that, with respect to the entity during all or any portion of the taxable year, is:

1. A person or entity that has, directly or indirectly, at least fifty percent (50%) of the equity ownership interest in the taxpayer, as determined under Section 318 of the Internal Revenue Code;

2. A component member as defined in Section 1563(b) of the Internal Revenue Code;

3. A person to or from whom there is attribution of stock ownership in accordance with Section 1563(e) of the Internal Revenue Code; or

4. A person that, notwithstanding its form of organization, bears the same relationship to the taxpayer as a person described in subparagraphs 1. to 3. of this paragraph;
(h) "Recipient" means a related member or foreign corporation to whom the item of income that corresponds to the intangible interest expense, the intangible expense, or the management fees, is paid;

(i) "Unrelated party" means a person that has no direct, indirect, beneficial or constructive ownership interest in the recipient; and in which the recipient has no direct, indirect, beneficial or constructive ownership interest;

(j) "Disclosure" means that the entity shall provide the following information to the Department of Revenue with its tax return regarding a related party transaction:

1. The name of the recipient;
2. The state or country of domicile of the recipient;
3. The amount paid to the recipient; and
4. A description of the nature of the payment made to the recipient;

(k) "Other related party transaction" means a transaction which:

1. Is undertaken by an entity which was not required to file a consolidated return under Section 11 of this Act [KRS 141.200];
2. Is undertaken by an entity, directly or indirectly, with one (1) or more of its stockholders, members, partners, or affiliated entities; and

(l) "Related party costs" means intangible expense, intangible interest expense, management fees and any costs or expenses associated with other related party transactions; and

(m) "Entity" means any taxpayer other than a natural person.

(2) An entity subject to the tax imposed by this chapter shall not be allowed to deduct an intangible expense, an intangible interest expense, or a management fee directly or indirectly paid, accrued or incurred to, or in connection directly or indirectly with one (1) or more direct or indirect transactions with one (1) or more related members.
or with a foreign corporation as defined in subsection (1) of this section, or with an
entity that would be included in the affiliated group based upon ownership interest
if it were organized as a corporation.

(3) The disallowance of deductions provided by subsection (2) of this section shall not
apply if:

(a) The entity and the recipient are both included in the same consolidated
Kentucky corporation income tax return for the relevant taxable year; or

(b) The entity makes a disclosure, and establishes by a preponderance of the
evidence that:

1. The payment made to the recipient was subject to, in its state or country
of commercial domicile, a net income tax, or a franchise tax measured
by, in whole or in part, net income. If the recipient is a foreign
corporation, the foreign nation shall have in force a comprehensive
income tax treaty with the United States; and

2. The recipient is engaged in substantial business activities separate and
apart from the acquisition, use, licensing, management, ownership, sale,
exchange, or any other disposition of intangible property, or in the
financing of related members, as evidenced by the maintenance of
permanent office space and full-time employees dedicated to the
maintenance and protection of intangible property; and

3. The transaction giving rise to the intangible interest expense, intangible
expense, or management fees between the entity and the recipient was
made at a commercially reasonable rate and at terms comparable to an
arm's-length transaction; or

(c) The entity makes a disclosure, and establishes by preponderance of the
evidence that the recipient regularly engages in transactions with one (1) or
more unrelated parties on terms identical to that of the subject transaction; or
(d) The entity and the Department of Revenue agree in writing to the application
or use of an alternative method of apportionment under KRS 141.120.

(4) An entity subject to the tax imposed by this chapter may deduct expenses or costs
associated with an other related party transaction only in an amount equal to the
amount which would have resulted if the other related party transaction had been
carried out at arm's length. In any dispute between the department and the entity
with respect to the amount which would have resulted if the transaction had been
carried out at arm's length, the entity shall bear the burden of establishing the
amount by a preponderance of the evidence.

(5) Nothing in this section shall be deemed to prohibit an entity from deducting a
related party cost in an amount permitted by this section, provided that the entity
has incurred related party costs equal to or greater than the amounts permitted by
this section.

(6) If it is determined by the department that the amount of a deduction claimed by an
entity with respect to a related party cost is greater than the amount permitted by
this section, the net income of the entity shall be adjusted to reflect the amount of
the related party cost permitted by this section.

(7) For tax periods ending before January 1, 2005, in the case of entities not required to
file a consolidated or combined return under subsection (1) of this section that
carried on transactions with stockholders or affiliated entities directly or indirectly,
the department shall adjust the net income of such entities to an amount that would
result if such transactions were carried on at arm's length.

Section 14. KRS 141.206 is amended to read as follows:

(1) Every pass-through entity doing business in this state shall, on or before the
fifteenth day of the fourth month following the close of its annual accounting
period, file a copy of its federal tax return with the form prescribed and furnished by
the department.
(2) Pass-through entities shall calculate net income in the same manner as in the case of an individual under KRS 141.010 and the adjustment required under Sections 703(a) and 1363(b) of the Internal Revenue Code. Computation of net income under this section and the computation of the partner's, member's, or shareholder's distributive share shall be computed as nearly as practicable identical with those required for federal income tax purposes except to the extent required by differences between this chapter and the federal income tax law and regulations.

(3) Individuals, estates, trusts, or corporations doing business in this state as a partner, member, or shareholder in a pass-through entity shall be liable for income tax only in their individual, fiduciary, or corporate capacities, and no income tax shall be assessed against the net income of any pass-through entity, except as required for S corporations by KRS 141.040.

(4) (a) Every pass-through entity required to file a return under subsection (1) of this section, except publicly traded partnerships as described in KRS 141.0401(6)(a) and (b)14., shall withhold Kentucky income tax on the distributive share, whether distributed or undistributed, of each:

1. Nonresident individual partner, member, or shareholder; and
2. Corporate partner or member that is doing business in Kentucky only through its ownership interest in a pass-through entity.

(b) Withholding shall be at the maximum rate provided in KRS 141.020 or 141.040.

(5) (a) Effective for taxable years beginning after December 31, 2018, every pass-through entity required to withhold Kentucky income tax as provided by subsection (4) of this section shall pay estimated tax for the taxable year if:

1. For a nonresident individual partner, member, or shareholder, the estimated tax liability can reasonably be expected to exceed five
hundred dollars ($500); or

2. For a corporate partner or member that is doing business in Kentucky only through its ownership interest in a pass-through entity, the estimated tax liability can reasonably be expected to exceed five thousand dollars ($5,000).

(b) The payment of estimated tax shall contain the information and shall be filed as provided in KRS 141.207.

(6) (a) If a pass-through entity demonstrates to the department that a partner, member, or shareholder has filed an appropriate tax return for the prior year with the department, then the pass-through entity shall not be required to withhold on that partner, member, or shareholder for the current year unless the exemption from withholding has been revoked pursuant to paragraph (b) of this subsection.

(b) An exemption from withholding shall be considered revoked if the partner, member, or shareholder does not file and pay all taxes due in a timely manner. An exemption so revoked shall be reinstated only with permission of the department. If a partner, member, or shareholder who has been exempted from withholding does not file a return or pay the tax due, the department may require the pass-through entity to pay to the department the amount that should have been withheld, up to the amount of the partner's, member's, or shareholder's ownership interest in the entity. The pass-through entity shall be entitled to recover a payment made pursuant to this paragraph from the partner, member, or shareholder on whose behalf the payment was made.

(7) In determining the tax under this chapter, a resident individual, estate, or trust that is a partner, member, or shareholder in a pass-through entity shall take into account the partner's, member's, or shareholder's total distributive share of the pass-through entity's items of income, loss, deduction, and credit.
(8) In determining the tax under this chapter, a nonresident individual, estate, or trust
that is a partner, member, or shareholder in a pass-through entity required to file a
return under subsection (1) of this section shall take into account:

(a) 1. If the pass-through entity is doing business only in this state, the
partner's, member's, or shareholder's total distributive share of the pass-
through entity's items of income, loss, and deduction; or

2. If the pass-through entity is doing business both within and without this
state, the partner's, member's, or shareholder's distributive share of the
pass-through entity's items of income, loss, and deduction multiplied by
the apportionment fraction of the pass-through entity as prescribed in
subsection (11) of this section; and

(b) The partner's, member's, or shareholder's total distributive share of credits of
the pass-through entity.

(9) A corporation that is subject to tax under KRS 141.040 and is a partner or member
in a pass-through entity shall take into account the corporation's distributive share of
the pass-through entity's items of income, loss, and deduction and:

(a) 1. For taxable years beginning on or after January 1, 2007, but prior to
January 1, 2018, shall include the proportionate share of the sales,
property, and payroll of the limited liability pass-through entity or
general partnership in computing its own apportionment factor; and

2. For taxable years beginning on or after January 1, 2018, shall include the
proportionate share of the sales of the limited liability pass-through
entity or general partnership in computing its own apportionment factor;

and

(b) Credits from the partnership.

(10) (a) If a pass-through entity is doing business both within and without this state,
the pass-through entity shall compute and furnish to each partner, member, or
shareholder the numerator and denominator of each factor of the
apportionment fraction determined in accordance with subsection (11) of this
section.

(b) For purposes of determining an apportionment fraction under paragraph (a) of
this subsection, if the pass-through entity is:

1. Doing business both within and without this state; and

2. A partner or member in another pass-through entity;

then the pass-through entity shall be deemed to own the pro rata share of the
property owned or leased by the other pass-through entity, and shall also
include its pro rata share of the other pass-through entity's payroll and sales.

(c) The phrases "a partner or member in another pass-through entity" and "doing
business both within and without this state" shall extend to each level of
multiple-tiered pass-through entities.

(d) The attribution to the pass-through entity of the pro rata share of property,
payroll and sales from its role as a partner or member in another pass-through
entity will also apply when determining the pass-through entity's ultimate
apportionment factor for property, payroll and sales as required under
subsection (11) of this section.

(11) (a) For taxable years beginning prior to January 1, 2018, a pass-through entity
doing business within and without the state shall compute an apportionment
fraction, the numerator of which is the property factor, representing twenty-
five percent (25%) of the fraction, plus the payroll factor, representing twenty-
five percent (25%) of the fraction, plus the sales factor, representing fifty
percent (50%) of the fraction, with each factor determined in the same manner
as provided in KRS 141.901, and the denominator of which is four (4),
reduced by the number of factors, if any, having no denominator, provided
that if the sales factor has no denominator, then the denominator shall be
reduced by two (2).

(b) For taxable years beginning on or after January 1, 2018, a pass-through entity doing business within and without the state shall compute an apportionment fraction as provided in KRS 141.120.

(12) Resident individuals, estates, or trusts that are partners in a partnership, members of a limited liability company electing partnership tax treatment for federal income tax purposes, owners of single member limited liability companies, or shareholders in an S corporation which does not do business in this state are subject to tax under KRS 141.020 on federal net income, gain, deduction, or loss passed through the partnership, limited liability company, or S corporation.

(13) An S corporation election made in accordance with Section 1362 of the Internal Revenue Code for federal tax purposes is a binding election for Kentucky tax purposes.

(14) (a) Nonresident individuals shall not be taxable on investment income distributed by a qualified investment partnership. For purposes of this subsection, a "qualified investment partnership" means a pass-through entity that, during the taxable year, holds only investments that produce income that would not be taxable to a nonresident individual if held or owned individually.

tear, and obsolescence of property used in a trade or business shall be allowed and
computed as set out in subsections (3) to (11) of this section. For property placed in
service after December 31, 1989, the depreciation and expense deductions allowed
under Sections 168 and 179 of the Internal Revenue Code shall be allowed.

(3) Effective August 1, 1985, "reasonable allowance" as used in subsection (2) of this
section shall mean depreciation computed in accordance with Section 167 of the
Internal Revenue Code and related regulations in effect on December 31, 1980, for

(a) Dividing the total of the deductions allowed under Internal Revenue Code Section 168 by one and four tenths (1.4); and

(b) Calculating the deduction that would be allowed or allowable under the provisions of Section 167 of the Internal Revenue Code.

(8) Transition from Section 168 of the Internal Revenue Code, Accelerated Cost Recovery System (ACRS) depreciation, to the depreciation allowed or allowable under this section shall be reported in the first taxable year beginning on or after

A taxpayer may elect to treat the cost of property placed in service on or after August 1, 1985, as an expense as provided in Section 179 of the Internal Revenue Code in effect on December 31, 1980. (10) Upon the sale, exchange, or disposition of any depreciable property placed in service on or after January 1, 1981, capital gains or losses and the amount of ordinary income determined under the provisions of the Internal Revenue Code...
shall be computed for Kentucky income tax purposes as follows:

(a) Compute the Kentucky unadjusted basis which is the cost of the asset reduced by any basis adjustment made by the taxpayer under Section 48(q)(1) of the Internal Revenue Code and any expense allowed and utilized under Section 179 of the Internal Revenue Code (First Year Expense) in determining Kentucky net income in prior years, and

(b) Compute the adjusted basis by subtracting the depreciation allowed or allowable for Kentucky income tax purposes from the unadjusted basis, except corporations will not be permitted to adjust the basis of assets by the ACRS depreciation not allowed for Kentucky income tax purposes in the tax years beginning on or before June 30, 1984, and

(c) Compute the gain or loss by subtracting the adjusted basis from the value received from the disposition of the depreciable property, and

(d) Compute the recapture of depreciation required under Sections 1245 through 1256 of the Internal Revenue Code and related regulations, and

(e) Unless otherwise provided in this subsection the provisions of the Internal Revenue Code and related regulations governing the determination of capital gains or losses shall apply for Kentucky income tax purposes.

(11) Unless otherwise provided by this chapter, the basis of property placed in service prior to January 1, 1990, for purposes of Kentucky income tax shall be the basis, adjusted or unadjusted, required to be used under Section 167 of the Internal Revenue Code in effect on December 31, 1980.

2. The total accumulated depreciation and election to expense deductions allowed or allowable for federal income tax purposes.

(e) "Transition amount" means the net difference between the adjusted Kentucky basis and the adjusted federal basis of all transition property determined as of the first day of the first taxable year beginning after December 31, 1993.

(13) For taxable years beginning after December 31, 1993, the amounts of depreciation and election to expense deductions, allowed or allowable, the basis of assets, adjusted or unadjusted, and the gain or loss from the sale or other disposition of assets shall be the same for Kentucky income tax purposes as determined under Chapter 1 of the Internal Revenue Code.

(14) For taxable years beginning after December 31, 1993, the transition amount computed in accordance with the provisions of paragraph (e) of subsection (12) of this section shall be reported by the taxpayer as follows:

(a) In the first taxable year beginning after December 31, 1993, and the eleven (11) succeeding taxable years, the taxpayer shall include in gross income one-twelfth (1/12) of the transition amount if:

1. The adjusted federal basis of transition property exceeds the adjusted
Kentucky basis of transition property;

2. The transition amount exceeds five million dollars ($5,000,000);

3. The transition amount includes property for which an election was made under Section 338 of the Internal Revenue Code; and

4. The taxpayer elects the provisions of this paragraph with the filing of an amended income tax return for the first taxable year beginning after December 31, 1993.

(b) In the first taxable year beginning after December 31, 1993 and the three (3) succeeding taxable years, if the transition amount exceeds one hundred thousand dollars ($100,000), or if the transition amount does not exceed one hundred thousand dollars ($100,000) and the taxpayer elects the provision of this paragraph with the filing of the income tax return for the first taxable year beginning after December 31, 1993, the taxpayer shall:

1. Deduct from gross income twenty-five percent (25%) of the transition amount if the adjusted Kentucky basis of transition property exceeds the adjusted federal basis of transition property; or

2. Add to gross income twenty-five percent (25%) of the transition amount if the adjusted federal basis of transition property exceeds the adjusted Kentucky basis of transition property.

(c) In the first taxable year beginning after December 31, 1993, if the transition amount does not exceed one hundred thousand dollars ($100,000) and the taxpayer does not elect the provisions of paragraph (b) of this subsection, the taxpayer shall:

1. Deduct from gross income the total transition amount if the adjusted Kentucky basis of transition property exceeds the adjusted federal basis of transition property; or

2. Add to gross income the total transition amount if the adjusted federal
basis of transition property exceeds the adjusted Kentucky basis of
transition property.

(15) Notwithstanding any other provision of this section to the contrary, any qualified
farming operation, as defined in KRS 141.410, shall be allowed to compute the
depreciation deduction for new buildings and equipment purchased to enable
participation in a networking project, as defined in KRS 141.410, on an accelerated
basis at two (2) times the rate that would otherwise be permitted under the
provisions of this section. The accumulated depreciation allowed under this
subsection shall not exceed the taxpayer’s basis in such property.

(16) (a) For property placed in service after September 10, 2001, only the depreciation
deduction allowed under Section 168 of the Internal Revenue Code in effect
on December 31, 2001, exclusive of any amendments made subsequent to that
date, shall be allowed.

Revenue Code in effect on December 31, 2001, exclusive of any amendments
made subsequent to that date, shall be allowed.

(c) For property placed in service on or after January 1, 2020, only the expense

Section 31. KRS 224.60-130 is amended to read as follows:

(1) The Energy and Environment Cabinet, Department for Environmental Protection,
Division of Waste Management, shall:

(a) Establish by administrative regulation the policy, guidelines, and procedures
   to administer the financial responsibility and petroleum storage tank accounts
of the petroleum storage tank environmental assurance fund. In adopting
administrative regulations to carry out this section, the division may
distinguish between types, classes, and ages of petroleum storage tanks. The
division may establish a range of amounts to be paid from the fund, or may
base payments on methods such as pay for performance, task order, or firm
fixed pricing, which are designed to provide incentives for contractors to more
tightly control corrective action costs, and shall establish criteria to be met by
persons who contract to perform corrective action to be eligible for
reimbursement from the fund. The criteria may include the certification of
individuals, partnerships, and companies. Criteria shall be established to
certify laboratories that contract to perform analytical testing related to the
underground storage tank program. Owners and operators shall have all
required analytical testing performed by a certified laboratory to be eligible for
fund participation. Persons who contract with petroleum storage tank owners
or operators shall not be paid more than the amount authorized by the division
for reimbursement from the fund for the performance of corrective action. At
a minimum, the division shall promulgate administrative regulations that will
insure an unobligated balance in the fund adequate to meet financial assurance
requirements and corrective action requirements of KRS 224.60-135(2) and
(4). If the unobligated balance in the fund is not adequate to meet the
requirements of this paragraph, the division shall obligate funds necessary to
meet these requirements;

(b) Establish by administrative regulation the criteria to be met to be eligible to
participate in the financial responsibility and petroleum storage tank accounts
and to receive reimbursement from these accounts. The division may establish
eligibility criteria for the petroleum storage tank account based upon the
financial ability of the petroleum storage tank owner or operator. Owners or
operators seeking coverage under the petroleum storage tank account shall file for eligibility and for financial assistance with the division. To ensure cost effectiveness, the division shall promulgate administrative regulations specifying the circumstances under which prior approval of corrective action costs shall be required for those costs to be eligible for reimbursement from the fund. In promulgating administrative regulations to carry out this section, the division may distinguish between types, classes, and ages of petroleum storage tanks and the degree of compliance of the facility with any administrative regulations of the cabinet promulgated pursuant to KRS 224.60-105 or applicable federal regulations;

(c) Establish a financial responsibility account within the fund which may be used by petroleum storage tank owners and operators to demonstrate financial responsibility as required by administrative regulations of the cabinet or the federal regulations applicable to petroleum storage tanks, consistent with the intent of the General Assembly as set forth in KRS 224.60-120(5). The account shall receive four-tenths of one cent ($0.004) from the one and four-tenths cent ($0.014) paid on each gallon of gasoline and special fuels received in this state pursuant to KRS 224.60-145. To be eligible to use this account to demonstrate compliance with financial responsibility requirements of the cabinet or federal regulations, or to receive reimbursement from this account for taking corrective action and for compensating third parties for bodily injury and property damage, the petroleum storage tank owner or operator shall meet the eligibility requirements established by administrative regulation promulgated by the division;

(d) Establish a small operator assistance account within the fund which may be used by the division to make or participate in the making of loans, to purchase or participate in the purchase of the loans, which purchase may be from
eligible lenders, or to insure loans made by eligible lenders;

(e) Establish a petroleum storage tank account within the fund to be used to pay the costs of corrective action due to a release from a petroleum storage tank not eligible for reimbursement from the financial responsibility account. Reimbursements of corrective action projects performed under the petroleum storage tank account shall be carried out on or before July 15, 2028. Any corrective action costs incurred after this date shall not be eligible for reimbursement under the petroleum storage tank account. The account shall receive one cent ($0.01) from the one and four-tenths cent ($0.014) paid on each gallon of gasoline and special fuels received in this state pursuant to KRS 224.60-145. This account shall not be used to compensate third parties for bodily injury and property damage. Within three (3) months after July 15, 2004, the division shall develop a plan to address the payment of claims and completion of corrective action at facilities eligible for reimbursement from this account. The division shall establish a ranking system to be used for the distribution of amounts from this account for the purpose of corrective action.

In promulgating administrative regulations to carry out this section, the division shall consider the financial ability of the petroleum storage tank owner or operator to perform corrective action and the extent of damage caused by a release into the environment from a petroleum storage tank;

(f) Hear complaints brought before the division regarding the payment of claims from the fund in accordance with KRS 224.10-410 to 224.10-470;

(g) Establish and maintain necessary offices within this state, appoint employees and agents as necessary, and prescribe their duties and compensation;

(h) Employ, in accordance with the procedures found in KRS 45A.690 to 45A.725 for awarding personal service contracts, a qualified actuary to perform actuarial studies, as directed by the division, for determining an
appropriate reserve in the financial responsibility account and the petroleum storage tank account sufficient to satisfy the obligations in each account for all eligible facilities and to satisfy future liabilities and expenses necessary to operate each account. The division shall, by administrative regulation, set the entry level for participation in the fund;

(i) Authorize expenditures from the fund to carry out the purpose of KRS 224.60-105 to 224.60-160, including reasonable costs of administering the fund, the procurement of legal services, and the procurement of analytical testing services when necessary to confirm the accuracy of analytical testing results obtained by a petroleum storage tank owner or operator. The expenditures shall be paid from the appropriate account;

(j) Establish a small operators' tank removal account within the fund to reimburse the reasonable cost of tank system removal for small owners and operators. The account shall not be used when an owner or operator is removing the tank with the intention of replacing or upgrading the tank. In promulgating administrative regulations to carry out this paragraph, the division may distinguish among owners and operators based on income and types and classes of tanks. The division shall not place a limit on the number of tanks that an owner or operator has in order to be eligible to participate in the program and receive reimbursement under this paragraph;

(k) Establish by administrative regulation the policy, guidelines, and procedures to perform financial audits of any petroleum storage tank owner or operator receiving reimbursement from the fund or any entity contracting or subcontracting to provide corrective action services for facilities eligible for fund reimbursement. Financial audits shall be limited to those files, records, computer records, receipts, and other documents related to corrective action performed at a facility where the costs of corrective action have been
reimbursed by the fund. Files, records, computer records, receipts, and other
documents related to corrective action reimbursed by the fund shall be subject
to a financial audit for a period of three (3) years after the date of final
reimbursement from the fund. Results of the audits shall be protected from
disclosure as allowed by KRS 61.878(1)(c). Financial auditing services may
be contracted for or personnel may be employed as needed to implement the
requirements of this paragraph;

(l) Be authorized to enter and inspect any facility intending to seek
reimbursement for the cost of corrective action to determine the
reasonableness and necessity of the cost of corrective action. The division may
collect soil or water samples or require storage tank owners or operators to
split samples with the division for analytical testing. Refusal to allow entry
and inspection of a facility or refusal to allow the division to collect or split
samples shall make the facility ineligible for fund participation;

(m) Have inspectors on site at all tank system removals. Failure to comply with
this provision shall make the facility ineligible for fund participation. A
petroleum storage tank owner or operator may request through certified mail
that the division schedule an inspector to be present at an upcoming tank
removal. If the request is made at least two (2) weeks before the time for the
removal and an inspector fails to be present at the time scheduled, the tank
removal may proceed without making the facility ineligible for fund
participation unless the owner is notified by the division no later than ten (10)
days prior to the proposed date that an inspector is not available on the
proposed date, in which event a representative of the division shall contact the
operator and schedule a new date. If no inspector is present at the rescheduled
date, the removal may then proceed without penalty; and

(n) Establish that the deadline for submission of final reimbursement requests
under the petroleum storage tank account is two (2) years after receipt of a no
further action letter.

(2) The division may advise the cabinet on the promulgation of administrative
regulations concerning petroleum storage tanks.

(3) The division may sue and be sued in its own name.

(4) The division may transfer funds from the petroleum storage tank account to the
small operator tank removal account as needed to satisfy the obligations, future
liabilities, and expenses necessary to operate that account. The division may transfer
funds to the financial responsibility account as needed to maintain within that
account sufficient funds to demonstrate financial responsibility and to ensure
payment of claims as provided in subsection (1)(c) of this section.

Section 32. KRS 224.60-142 is amended to read as follows:

(1) To be eligible to participate in the fund, the owner of any petroleum storage tank
containing motor fuels installed and placed in operation after July 15, 2004, shall
register the petroleum storage tank with the cabinet as required by KRS 224.60-105
prior to applying for participation in the financial responsibility account.

(2) The owner of any petroleum storage tank containing motor fuels currently existing,
or removed from the ground after January 1, 1974, shall register the petroleum
storage tank containing motor fuels with the cabinet prior to applying to the fund,
and shall register the petroleum storage tank containing motor fuels by July 15,
2021. Owners or operators may submit affidavits and applications relevant to
current petroleum storage tank accounts through July 15, 2025.

(1) Except as provided in subsection (2) of this section, there is established a petroleum
environmental assurance fee to be paid by dealers on each gallon of gasoline and
special fuels received in this state.

(2) All deductions detailed in KRS 138.240(2) and all credits detailed in KRS 138.358
are exempt from the fee. If a dealer has on file, pursuant to KRS Chapter 138, a statement supporting a claimed exemption, an additional statement shall not be required for claiming exemption from the fee.

3

(4) The petroleum environmental assurance fee shall be set at one and four-tenths cent ($0.014) for each gallon. Four-tenths of a cent ($0.004) per gallon shall be deposited in the financial responsibility account and one cent ($0.01) shall be deposited in the petroleum storage tank account.

5

"Surplus" means funds in excess of the amounts necessary to satisfy the obligations in each account for all eligible facilities, to satisfy future liabilities and expenses necessary to operate each account, and to maintain an appropriate reserve in the financial responsibility account to demonstrate financial responsibility and compensate for third-party claims. The state budget director shall report the determination to the Interim Joint Committee on Appropriations and Revenue. After a determination that a surplus exists, the surplus shall be transferred to a restricted account and retained until appropriated by the General Assembly.

6

(6) All provisions of law related to the Department of Revenue's administration and enforcement of the gasoline and special fuels tax and all other powers generally conveyed to the Department of Revenue by the Kentucky Revised Statutes for the assessment and collection of taxes shall apply with regard to the fee levied by KRS 224.60-105 to 224.60-160.

7

(7) The Department of Revenue shall refund the fee imposed by KRS 224.60-145(1) to
any person who paid the fee provided they are entitled to a refund of motor fuel tax under KRS 138.344 to KRS 138.355 and to any person who paid the fee on transactions exempted under KRS 224.60-145(2).

(8) Notwithstanding any other provisions of KRS 65.180, 65.182, 68.600 to 68.606, 139.470, 183.165, 224.60-115, 224.60-130, 224.60-137, 224.60-140, 224.60-142, and this section to the contrary, the small operator assistance account and small operator tank removal account established under KRS 224.60-130 shall continue in effect until July 15, 2025, and thereafter until all eligible claims related to tanks registered by that date are resolved, and sufficient money shall be allocated to and maintained in that account to assure prompt payment of all eligible claims, and to provide for removal of tanks for eligible owners and operators as directed by this chapter.

    state of, tangible personal property or digital property which this state is prohibited
    from taxing under the Constitution or laws of the United States, or under the
    Constitution of this state;

(b) Returnable containers when sold with the contents in connection with a retail sale of the contents or when resold for refilling;

As used in this section the term "returnable containers" means containers of a kind customarily returned by the buyer of the contents for reuse. All other containers are "nonreturnable containers";

(3) Gross receipts from occasional sales of tangible personal property or digital property and the storage, use, or other consumption in this state of tangible personal property or digital property, the transfer of which to the purchaser is an occasional sale;

(4) Gross receipts from sales of tangible personal property to a common carrier, shipped by the retailer via the purchasing carrier under a bill of lading, whether the freight is paid in advance or the shipment is made freight charges collect, to a point outside this state and the property is actually transported to the out-of-state destination for use by the carrier in the conduct of its business as a common carrier;

(5) Gross receipts from sales of tangible personal property sold through coin-operated bulk vending machines, if the sale amounts to fifty cents ($0.50) or less, if the retailer is primarily engaged in making the sales and maintains records satisfactory to the department. As used in this subsection, "bulk vending machine" means a vending machine containing unsorted merchandise which, upon insertion of a coin, dispenses the same in approximately equal portions, at random and without selection by the customer;

(6) Gross receipts from sales to any cabinet, department, bureau, commission, board, or other statutory or constitutional agency of the state and gross receipts from sales to

As used in this subsection, "fuel" shall include but not be limited to natural gas, electricity, fuel oil, bottled gas, coal, coke, and wood. Determinations of eligibility for the exemption shall be made by the department;

2. Classified as "residential" by a municipally owned electric distributor which purchases its power at wholesale from the Tennessee Valley Authority;

3. Classified as "residential" by the governing body of a municipally owned electric distributor which does not purchase its power from the Tennessee Valley Authority, if the "residential" classification is reasonably consistent with the definitions of "residential" contained in tariff filings accepted and approved by the Public Service Commission with respect to utilities which are subject to Public Service Commission regulation.

If the service is classified as residential, use other than for "residential" purposes by the customer shall not negate the exemption;
(c) The exemption shall not apply if charges for sewer service, water, and fuel are
billed to an owner or operator of a multi-unit residential rental facility or
mobile home and recreational vehicle park other than residential
classification; and

(d) The exemption shall apply also to residential property which may be held by

retailer maintains a file of the proof;

(3) (a) For calendar year 2000, the salary schedule in subsection (2) of this section shall be increased by the amount of increase in the annual consumer price index as published by the United States Department of Commerce for the year ended December 31, 1999. This salary adjustment shall take effect on July 14, 2000, and shall not be retroactive to the preceding January 1.

(b) For each calendar year beginning after December 31, 2000, upon publication of the annual consumer price index by the United States Department of Commerce, the annual rate of salary for the property valuation administrator shall be determined by applying the increase in the consumer price index to
the salary in effect for the previous year. This salary determination shall be
retroactive to the preceding January 1.

(c) In addition to the step increases based on service in office, each property
valuation administrator shall be paid an annual incentive of six hundred
eighty-seven dollars and sixty-seven cents ($687.67) per calendar year for
each forty (40) hour training unit successfully completed based on continuing
service in that office and, except as provided in this subsection, completion of
at least forty (40) hours of approved training in each subsequent calendar year.

If a property valuation administrator fails without good cause, as determined
by the commissioner of the Kentucky Department of Revenue, to obtain the
minimum amount of approved training in any year, the officer shall lose all
training incentives previously accumulated. No property valuation
administrator shall receive more than one (1) training unit per calendar year
nor more than four (4) incentive payments per calendar year. Each property
valuation administrator shall be allowed to carry forward up to forty (40)
hours of training credit into the following calendar year for the purpose of
satisfying the minimum amount of training for that year. This amount shall be
increased by the consumer price index adjustments prescribed in paragraphs
(a) and (b) of this subsection. Each training unit shall be approved and
certified by the Kentucky Department of Revenue. Each unit shall be available
to property valuation administrators in each office based on continuing service
in that office. The Kentucky Department of Revenue shall promulgate
administrative regulations in accordance with KRS Chapter 13A to establish
guidelines for the approval and certification of training units.

(4) Notwithstanding any provision contained in this section, no property valuation
administrator holding office on July 14, 2000, shall receive any reduction in salary
or reduction in adjustment to salary otherwise allowable by the statutes in force on

(5) Deputy property valuation administrators and other authorized personnel may be advanced one (1) step in grade upon completion of twelve (12) months' continuous service. The Department of Revenue may make grade classification changes corresponding to any approved for department employees in comparable positions, so long as the changes do not violate the integrity of the classification system. Subject to availability of funds, the department may extend cost-of-living increases approved for department employees to deputy property valuation administrators and other authorized personnel, by advancement in grade.

(6) Beginning with the 1990-1992 biennium, the Department of Revenue shall prepare a biennial budget request for the staffing of property valuation administrators' offices. An equitable allocation of employee positions to each property valuation administrator's office in the state shall be made on the basis of comparative assessment work units. Assessment work units shall be determined from the most current objective information available from the United States Bureau of the Census and other similar sources of unbiased information. Beginning with the 1996-1998 biennium, assessment work units shall be based on parcel count per employee. The total sum allowed by the state to any property valuation administrator's office as compensation for deputies, other authorized personnel, and for other authorized expenditures shall not exceed the amount fixed by the Department of Revenue. However, each property valuation administrator's office shall be allowed as a minimum such funds that are required to meet the federal minimum wage requirements for two (2) full-time deputies.

(7) Beginning with the 1990-1992 biennium each property valuation administrator shall submit by June 1 of each year for the following fiscal year to the Department of Revenue a budget request for his office which shall be based upon the number of employee positions allocated to his office under subsection (6) of this section and
upon the county and city funds available to his office and show the amount to be
expended for deputy and other authorized personnel including employer's share of
FICA and state retirement, and other authorized expenses of the office. The
Department of Revenue shall return to each property valuation administrator, no
later than July 1, an approved budget for the fiscal year.

(8) Each property valuation administrator may appoint any persons approved by the
Department of Revenue to assist him in the discharge of his duties. Each deputy
shall be more than twenty-one (21) years of age and may be removed at the pleasure
of the property valuation administrator. The salaries of deputies and other
authorized personnel shall be fixed by the property valuation administrator in
accordance with the grade classification system established by the Department of
Revenue and shall be subject to the approval of the Department of Revenue. The
Personnel Cabinet shall provide advice and technical assistance to the Department
of Revenue in the revision and updating of the personnel classification system,
which shall be equitable in all respects to the personnel classification systems
maintained for other state employees. Any deputy property valuation administrator
employed or promoted to a higher position may be examined by the Department of
Revenue in accordance with standards of the Personnel Cabinet, for the position to
which he is being appointed or promoted. No state funds available to any property
valuation administrator's office as compensation for deputies and other authorized
personnel or for other authorized expenditures shall be paid without authorization of
the Department of Revenue prior to the employment by the property valuation
administrator of deputies or other authorized personnel or the incurring of other
authorized expenditures.

(9) Each county fiscal court shall annually appropriate and pay each fiscal year to the
office of the property valuation administrator as its cost for use of the assessment, as
required by KRS 132.280, an amount determined as follows:

This allowance shall be based on the assessment as of the previous January 1 and shall be used for deputy and other personnel allowance, supplies, maps and equipment, travel allowance for the property valuation administrator and his deputies and other authorized personnel, and other authorized expenses of the office.

(11) Annually, after appropriation by the county of funds required of it by subsection (9) of this section, and no later than August 1, the property valuation administrator shall file a claim with the county for that amount of the appropriation specified in his approved budget for compensation of deputies and assistants, including employer's shares of FICA and state retirement, for the fiscal year. The amount so requested shall be paid by the county into the State Treasury by September 1, or paid to the property valuation administrator and be submitted to the State Treasury by September 1. These funds shall be expended by the Department of Revenue only for compensation of approved deputies and assistants and the employer's share of FICA and state retirement in the appropriating county. Any funds paid into the State Treasury in accordance with this provision but unexpended by the close of the fiscal year for which they were appropriated shall be returned to the county from which they were received.

(12) After submission to the State Treasury or to the property valuation administrator of the county funds budgeted for personnel compensation under subsection (11) of this section, the fiscal court shall pay the remainder of the county appropriation to the office of the property valuation administrator on a quarterly basis. Four (4) equal payments shall be made on or before September 1, December 1, March 1, and June 1 respectively. Any unexpended county funds at the close of each fiscal year shall be retained by the property valuation administrator, except as provided in KRS 132.601(2). During county election years the property valuation administrator shall
not expend in excess of forty percent (40%) of the allowances available to his office from county funds during the first five (5) months of the fiscal year in which the general election is held.

(13) The provisions of this section shall apply to urban-county governments and consolidated local governments. In an urban-county government and a consolidated local government, all the rights and obligations conferred on fiscal courts or consolidated local governments by the provisions of this section shall be exercised by the urban-county government or consolidated local government.

(14) When an urban-county form of government is established through merger of existing city and county governments as provided in KRS Chapter 67A or when a consolidated local government is established through merger of existing city and county governments as provided by KRS Chapter 67C, the annual county assessment shall be presumed to have been adopted as if the city had exercised the option to adopt as provided in KRS 132.285, and the annual amount to be appropriated to the property valuation administrator's office shall be the combined amount that is required of the county under this section and that required of the city under KRS 132.285, except that the total shall not exceed one hundred thousand dollars ($100,000) for any urban-county government or consolidated local government with an assessment subject to countywide tax of less than five billion dollars ($5,000,000,000), one hundred seventy-five thousand dollars ($175,000) for an urban-county government or consolidated local government with an assessment subject to countywide tax between five billion dollars ($5,000,000,000) and seven billion five hundred million dollars ($7,500,000,000), and two hundred fifty thousand dollars ($250,000) for an urban-county government or consolidated local government with an assessment subject to countywide tax in excess of seven billion five hundred million dollars ($7,500,000,000). For purposes of this subsection, the amount to be considered as the assessment for purposes of KRS 132.285 shall be
the amount subject to taxation for full urban services.

(15) Notwithstanding the provisions of subsection (9) of this section, the amount
appropriated and paid by each county fiscal court to the office of the property
valuation administrator for 1996 and subsequent years shall be equal to the amount
paid to the office of the property valuation administrator for 1995, or the amount
required by the provisions of subsections (9) and (10) of this section, whichever is
greater.

Section 46. KRS 15.460 is amended to read as follows:

(1) (a) Except as provided in subsection (4)(a) of this section, an eligible unit of
government shall be entitled to receive an annual supplement of three
thousand dollars ($3,000) for each qualified police officer it employs. The
supplement amount shall be increased to four thousand dollars ($4,000)
beginning July 1, 2018, for each qualified police officer it employs.

Beginning in fiscal year 2022-2023, an eligible unit of government shall be
entitled to receive an annual supplement that is calculated by multiplying
the annual supplement received in the immediately preceding fiscal year by
the average of the previous two (2) calendar years percent increase in the
non-seasonally adjusted annual average Consumer Price Index for All
Urban Consumers (CPI-U), U.S. City Average, All Items, as published by

(b) 1. In addition to the supplement, the unit of government shall receive an
amount equal to the required employer’s contribution on the supplement
to the retirement plan and duty category to which the officer belongs. In
the case of County Employees Retirement System membership, the
retirement plan contribution on the supplement shall be paid whether the
officer enters the system under hazardous duty coverage or
nonhazardous coverage.
2. The unit of government shall pay the amount received for retirement plan coverage to the appropriate retirement system to cover the required employer contribution on the pay supplement.

3. If the foundation program funds are insufficient to pay employer contributions to the system, then the total amount available for retirement plan payments shall be prorated to each eligible government so that each receives the same percentage of required retirement plan costs attributable to the cash salary supplement.

(c) 1. In addition to the payments received under paragraphs (a) and (b) of this subsection, but only if sufficient funds are available to make all payments required under paragraph (b) of this subsection, each unit of government shall receive an administrative expense reimbursement in an amount equal to seven and sixty-five one-hundredths percent (7.65%) of the total annual supplement received greater than three thousand one hundred dollars ($3,100) for each qualified police officer that is a local officer as defined in KRS 15.420(2)(a)1. that it employs, subject to the cap established by subparagraph 3. of this paragraph.

2. The unit of government may use the moneys received under this paragraph in any manner it deems necessary to partially cover the costs of administering the payments received under paragraph (a) of this subsection.

3. The total amount distributed under this paragraph shall not exceed the total sum of five hundred twenty-five thousand dollars ($525,000) for each fiscal year. If there are insufficient funds to provide for full reimbursement as provided in subparagraph 1. of this paragraph, then the amount shall be distributed pro rata to each eligible unit of government so that each receives the same percentage attributable to its
total receipt of the cash salary supplement.

(d) In addition to the payments received under paragraphs (a) and (b) of this subsection, each unit of government shall receive the associated fringe benefits costs for the total supplement of four thousand dollars ($4,000) for each qualified police officer that is a state officer as defined in KRS 15.420(2)(a)2. that it employs. Fringe benefits shall be limited to retirement plan contributions and the federal insurance contributions act tax.

(e) Notwithstanding paragraphs (a) to (d) of this subsection, a Kentucky Department of Fish and Wildlife Resources conservation officer appointed pursuant to KRS 150.090(2) and listed in KRS 15.420(2)(a)2.n. shall be a participant in the Kentucky Law Enforcement Foundation Program fund, but shall not receive an annual supplement from that fund. A conservation officer shall receive an annual training stipend commensurate to the annual supplement paid to the police officer as defined in KRS 15.420. The annual training stipend disbursed to a conservation officer shall be paid from the game and fish fund pursuant to KRS 150.150.

(f) Any peace officer sanctioned by the Tourism, Arts and Heritage Cabinet shall be deemed a police officer solely for the purpose of inclusion in the Law Enforcement Foundation Program fund.

(2) The supplement provided in subsection (1) of this section shall be paid by the unit of government to each police officer whose qualifications resulted in receipt of a supplemental payment. The payment shall be in addition to the police officer's regular salary and, except as provided in subsection (4)(b) of this section, shall continue to be paid to a police officer who is a member of:

(a) The Kentucky National Guard during any period of activation under Title 10 or 32 of the United States Code or KRS 38.030; or

(b) Any reserve component of the United States Armed Forces during any period
of activation with the United States Armed Forces.

(3)  
(a) A qualified sheriff who receives the maximum salary allowed by Section 246 of the Kentucky Constitution and KRS 64.527 shall not receive a supplement.

(b) A qualified sheriff who does not receive the maximum salary allowed by Section 246 of the Kentucky Constitution and KRS 64.527, excluding the expense allowance provided by KRS 70.170, shall upon annual settlement with the fiscal court under KRS 134.192, receive that portion of the supplement that will not cause his or her compensation to exceed the maximum salary.

(c) A qualified sheriff who seeks to participate in the fund shall forward a copy of the annual settlement prepared under KRS 134.192 to the fund. The sheriff shall reimburse the fund if an audit of the annual settlement conducted pursuant to KRS 134.192 reflects that the sheriff received all or a portion of the supplement in violation of this section. A sheriff who fails to provide a copy of the annual settlement to the fund or to reimburse the fund after correction by audit, if required, shall not be qualified to participate in the fund for a period of two (2) years.

(d) A qualified deputy sheriff shall receive the supplement from the sheriff if the sheriff administers his or her own budget or from the county treasurer if the sheriff pools his or her fees. The failure of a sheriff to comply with the provisions of this section shall not affect the qualification of his or her deputies to participate in the fund.

(4)  
(a) Eligible units of government shall receive the salary supplement, excluding funds applicable to the employer's retirement plan contribution, provided in subsection (1) of this section for distribution to a police officer who is eligible under subsection (2) of this section.

(b) A qualified police officer receiving a salary supplement during any period of
military activation, as provided in subsection (2) of this section, shall not be
entitled to receive the employer's retirement plan contribution, and the salary
supplement shall not be subjected to an employee's contribution to a
retirement plan. The salary supplement shall otherwise be taxable for all
purposes.

(5) A unit of government receiving disbursements under this section shall follow all
laws applicable to it that may govern due process disciplinary procedures for its
officers, but this subsection shall not be interpreted to:

(a) Authorize the department, the cabinet, or the council to investigate, judge, or
exercise any control or jurisdiction regarding the compliance of a unit of
government with laws that may govern due process disciplinary procedures
for its officers, except as otherwise provided by laws;

(b) Create a private right of action for any police officer regarding an agency's
participation in this section;

(c) Authorize a termination of an agency's participation as a result of a judgment
that the unit of government failed to follow its procedures in any independent
cause of action brought by the police officer against the unit of government; or

(d) Prevent the adoption, amendment, or repeal of any laws that may govern the
due process disciplinary procedures of a unit of government's police officers.

Section 47. KRS 95A.250 is amended to read as follows:

(1) (a) An eligible local government shall be entitled to receive an annual supplement
of three thousand dollars ($3,000) and, beginning July 1, 2018, an annual
supplement of four thousand dollars ($4,000) for each qualified professional
firefighter it employs, plus an amount equal to the required employer's
contribution on the supplement to the defined benefit pension plan, or to a
plan qualified under Section 401(a) or Section 457 of the Internal Revenue
Code of 1954 as amended. **Beginning in fiscal year 2022-2023, an eligible**
local government shall be entitled to receive an annual supplement that is calculated by multiplying the annual supplement received in the immediately preceding fiscal year by the average of the previous two (2) calendar years percent increase in the non-seasonally adjusted annual average Consumer Price Index for All Urban Consumers (CPI-U), U.S. City Average, All Items, as published by the United States Bureau of Labor Statistics.

(b) The employer's contribution to any of these plans on the supplement shall not exceed the required employer's contribution to the County Employees Retirement System pursuant to KRS Chapter 78 for the hazardous duty category. The pension contribution on the supplement shall be paid whether the professional firefighter entered the system under hazardous duty coverage or nonhazardous coverage.

(c) The local unit of government shall pay the amount received for retirement coverage to the appropriate retirement system to cover the required employer contribution on the supplement.

(d) Should the foundation program funds be insufficient to pay employer contributions to the system, then the total amount available for pension payments shall be prorated to each eligible government so that each receives the same percentage of required pension costs attributable to the supplement.

(e) 1. In addition to the payments received under paragraphs (a) and (b) of this subsection, but only if sufficient funds are available to fully reimburse each eligible local government for the employer contributions to the pension system, each local government shall receive an administrative expense reimbursement in an amount equal to seven and sixty-five one-hundredths percent (7.65%) of the total annual supplement received greater than three thousand one hundred dollars ($3,100) for each
qualified professional firefighter it employs, subject to the cap 
established by subparagraph 3. of this paragraph.

2. The local government may use the moneys received under this paragraph 
in any manner it deems necessary to partially cover the costs of 
administering the payments received under paragraph (a) of this 
subsection.

3. The total amount distributed under this paragraph shall not exceed the 
total sum of two hundred fifty thousand dollars ($250,000) for each 
fiscal year. If there are insufficient funds to provide for full 
reimbursement as provided in subparagraph 1. of this paragraph, then 
the amount shall be distributed pro rata to each eligible local 
government so that each receives the same percentage attributable to its 
total receipt of the cash salary supplement.

(2) (a) Each qualified professional firefighter, whose local government receives a 
supplement pursuant to subsection (1)(a) of this section due to employment of 
the firefighter, shall receive distribution of the supplement from that local 
government in twelve (12) equal monthly installments with his or her pay for 
the last pay period of each month. The monthly distribution shall be calculated 
by dividing the supplement amount established in subsection (1)(a) of this 
section by twelve (12).

(b) The supplement disbursed to a qualified professional firefighter pursuant to 
this section shall not be considered "wages” as defined by KRS 
337.010(1)(c)1. and shall not be included in the hourly wage rate for 
calculation of overtime pursuant to KRS 337.285 for scheduled overtime. The 
supplement shall be included in the hourly wage rates for calculation of 
overtime for unscheduled overtime pursuant to KRS 337.285.

(c) To determine the addition to the hourly wage rate for calculation of overtime
on unscheduled overtime, the annual supplement shall be divided by two
thousand eighty (2,080). The overtime rate for unscheduled overtime shall be
calculated by adding the quotient, which is the amount of the annual
supplement divided by two thousand eighty (2,080), to the hourly wage rate
and multiplying the total by one and one-half (1.5). The enhanced overtime
rate shall be paid only for unscheduled overtime. Scheduled overtime shall be
paid at one and one-half (1.5) times the regular hourly wage rate, excluding
the supplement.

(3) (a) The Kentucky Community and Technical College System shall be entitled to
receive annually a supplement equal to the amount determined in subsection
(1) of this section for each Kentucky fire and rescue training coordinator
employed by the Kentucky Community and Technical College System who
meets the qualifications for individual firefighters required in KRS 95A.230,
plus an amount equal to the required employer's contribution on the
supplement to the defined benefit pension plan.

(b) The Department of Military Affairs shall be entitled to receive annually a
supplement equal to the amount determined in subsection (1) of this section
for each civilian firefighter employed by the Department of Military Affairs
who meets the qualifications for individual firefighters required in KRS
95A.230, plus an amount equal to the required employer's contribution on the
supplement to the defined benefit pension plan.

(c) Each fire and rescue training coordinator employed by the Kentucky
Community and Technical College System and each civilian firefighter
employed by the Department of Military Affairs, whose employer receives a
supplement pursuant to this subsection, shall receive distribution from that
employer of the supplement which his or her qualifications brought to the
employer. The supplement distributed shall be in addition to his or her regular
