13 (1) As used in this section, unless the context requires otherwise:

14 (a) "Business district" means the territory contiguous to and including a highway
15 if, within six hundred (600) feet along the highway, there are buildings in use
16 for business or industrial purposes that occupy three hundred (300) feet of
17 frontage on one (1) side or three hundred (300) feet collectively on both sides
18 of the highway;

19 (b) "Residential district" means the territory contiguous to and including a
20 highway not comprising a business district if the property on the highway for a

23 (c) "State highway" means a highway or street maintained by the Kentucky
24 Department of Highways.

25 (2) An operator of a vehicle upon a highway shall not drive at a greater speed than is
26 reasonable and prudent, having regard for the traffic and for the condition and use
27 of the highway.

- 1 (3) The speed limit for motor vehicles on state highways shall be as follows, unless
2 conditions exist that require lower speed for compliance with subsection (2) of this
3 section, or the secretary of the Transportation Cabinet establishes a different speed
4 limit in accordance with subsection (4) of this section:
- 5 (a) Sixty-five (65) miles per hour on interstate highways and parkways;
 - 6 (b) Fifty-five (55) miles per hour on all other state highways; and
 - 7 (c) Thirty-five (35) miles per hour in a business or residential district.
- 8 (4) (a) If the secretary of transportation determines, upon the basis of an engineering
9 and traffic investigation, that any speed limit is greater or less than is
10 reasonable or safe under the conditions found to exist at any intersection, or
11 upon any part of a state highway, the secretary of transportation may establish
12 by official order a reasonable and safe speed limit at the location. The
13 secretary shall not increase any speed limit established by subsection (3) of
14 this section in excess of sixty-five (65) miles per hour, except that,
15 notwithstanding the provisions of subsection (3)(a) of this section, the
16 secretary may increase the speed limit on any of the following segments of
17 highway to seventy (70) miles per hour:
- 18 1. Interstate 24 (entire length);
 - 19 2. Interstate 64 from Interstate 264 to the West Virginia state line;

8 (b) In a highway work zone, the Transportation Cabinet may temporarily reduce
 9 established speed limits without an engineering or traffic investigation. A
 10 speed limit established under this paragraph shall become effective when and
 11 where posted. The Transportation Cabinet shall post signs notifying the
 12 traveling public of the temporary highway work zone maximum speed limit.
 13 Nothing in this paragraph shall be construed to prevent the Transportation
 14 Cabinet from using moveable or portable speed limit signs in highway work
 15 zones.

16 (5) (a) A city or a county may by ordinance establish speed limits within its own
 17 jurisdiction, except as provided in paragraph (b) of this subsection.

18 (b) The alteration of speed limits on state highways within a city or a county shall
 19 not be effective until the alteration has been approved by the secretary of
 20 transportation. The secretary shall not approve any alteration that could
 21 increase any speed limit established by subsection (3)(b) or (c) of this section
 22 in excess of fifty-five (55) miles per hour.

23 (c) If a county determines, upon the basis of an engineering and traffic
 24 investigation and study, that it is unsafe to park motor vehicles on or along
 25 any highway, other than a state highway, within the unincorporated areas of
 26 the county, or that in any business district the congestion of traffic justifies a
 27 reasonable limitation on the length of time any one (1) motor vehicle is

1 permitted to park in such district so as to reduce the congestion, the fiscal
2 court may by ordinance establish "no parking" areas on the highway, or limit
3 the length of time any motor vehicle may be parked in any business district.

4 (6) The speed limit for motor vehicles in an off-street parking facility offered for public
5 use, whether publicly or privately owned, shall be fifteen (15) miles per hour.

6 (7) A person shall not drive a motor vehicle at a speed that will impede or block the
7 normal and reasonable movement of traffic, except when reduced speed is necessary
8 for safe operation or in compliance with law.

9 (8) In every charge for a violation of any speed limit specified in this section, the
10 warrant or citation shall specify the speed at which the defendant is alleged to have
11 driven, and the lawful speed limit applicable at the location where the violation is
12 charged to have occurred.
