12 and action, and improve a person's own functional movement patterns. The method
13 is based on principles of physics, biomechanics and an understanding of, or learning

5 ~~(9)~~~~(8)~~ "Trager Approach" means a form of movement education that uses subtle
 6 directed movements and the skilled touch of a practitioner. The Trager Approach
 7 combines physical movement with sensory awareness and internal imagery
 8 designed to increase the client's self-awareness and generate physiological changes
