

1 A CONCURRENT RESOLUTION supporting civic education and declaring the
2 third week in September as the kick-off week for America's Legislators Back to School
3 Program, and encouraging participation in the "Principal for a Day" program.

4 WHEREAS, the Commonwealth of Kentucky was created as a representative
5 democracy in which all governmental power is inherent in the people who exercise that
6 power through the legislative, executive, and judicial branches; and

7 WHEREAS, in recent years, citizen interest in government and knowledge of the
8 political system has declined in part due to a weakening belief in and a lack of
9 understanding of the virtues and knowledge needed for a successful republican form of
10 government; and

11 WHEREAS, Benjamin Rush, signer of the Declaration of Independence stated,
12 "There is but one method of rendering a republican form of government durable, and that
13 is by disseminating the seeds of virtue and knowledge through every part of the state by
14 means of proper places and modes of education and this can be done effectively only by
15 the aid of the legislature"; and

16 WHEREAS, the National Conference of State Legislatures (NCSL) has passed a
17 resolution that says that the operations of the state legislatures and the roles of individual
18 legislators are often little understood by citizens and that public understanding of the
19 institutions and processes of the government is critical to building public trust and
20 confidence; and

21 WHEREAS, the NCSL resolution also states that state legislatures need to bring
22 about better understanding of the concept of representative democracy and that education
23 about representative democracy should emphasize the importance of compromise and the
24 difficulty of resolving competing interests in a diverse society; and

25 WHEREAS, civic education is a vital tool to promote greater understanding of the
26 legislative institution and the role of legislators in representative democracy and is
27 required for graduation from high school in Kentucky; and

1 WHEREAS, the NCSL urges the nation's state legislatures to promote civic
2 education about representative democracy; and

3 WHEREAS, it is equally important for legislators to understand the impact of their
4 policy and funding decisions on the daily operation of schools and upon school leaders,
5 teachers and students; and

6 WHEREAS, the NCSL has established America's Legislators Back to School
7 Program, a national program where state legislators across the nation visit schools and
8 classrooms to talk about the legislature and to observe activities in the schools; and

9 WHEREAS, the Kentucky Association of School Administrators (KASA) has
10 established a "Principal for a Day" program that encourages legislators to spend a portion
11 of a school day shadowing a school principal in order to observe first-hand the role of a
12 school leader and the work of teachers and students; and

13 WHEREAS, all legislators will benefit from interacting with students, teachers, and
14 administrators and witnessing their daily commitment to improving Kentucky's schools;

15 NOW, THEREFORE,
