17 meeting the requirements of Title XXI of the Federal Social Security Act, for
18 submission to the Secretary of the United States Department of Health and Human
19 Services within such time as will permit the state to receive the maximum amounts
20 of federal matching funds available under Title XXI. The cabinet shall, by
21 administrative regulation promulgated in accordance with KRS Chapter 13A,
22 establish the following:

23 (a) The eligibility criteria for children covered by the Kentucky Children's Health

7 Federal Employees Health Benefit Plan established by U.S.C. sec.
8 8903(1);

9 2. A mid-range health benefit coverage plan that is offered and generally
10 available to state employees; or

11 3. Health insurance coverage offered by a health maintenance organization

16 the payment of premium contributions by families of children eligible for
17 coverage by the program based upon a sliding scale relating to family income.
18 Premium contributions shall be based on a six (6) month period not to exceed:

19 1. Ten dollars (\$10), to be paid by a family with income between one
20 hundred percent (100%) to one hundred thirty-three percent (133%) of
21 the federal poverty level;

13 all the services required by paragraph (b) of this subsection. The criteria shall
14 be set forth in administrative regulations under KRS Chapter 13A and shall
15 maximize competition among the providers and insurers. The Cabinet for

12 (e) Require that any required prior authorization requesting a referral or
13 consultation for specialty care be processed by the patient's primary care
14 provider and that any specialist coordinate care with the patient's primary care
15 provider.

16 (3) The cabinet or a Medicaid managed care organization shall not:

17 (a) Require a Medicaid provider to be physically present with a Medicaid
18 recipient, unless the provider determines that it is medically necessary to

20 (b) Require prior authorization, medical review, or administrative clearance for
21 telehealth that would not be required if a service were provided in person;

22 (c) Require a Medicaid provider to be employed by another provider or agency in

8 in KRS 205.510. The department shall promulgate administrative regulations to
9 establish requirements for telehealth coverage and reimbursement, which shall be
10 equivalent to the coverage for the same service provided in person unless the
11 telehealth provider and the Medicaid program or a Medicaid managed care
12 organization contractually agree to a lower reimbursement rate for telehealth
13 services, or the department establishes a different reimbursement rate.

14 (6) ~~[Benefits for a service provided to a Medicaid recipient through telehealth may be
15 made subject to a deductible, copayment, or coinsurance requirement. A deductible,
16 copayment, or coinsurance applicable to a particular service provided through
17 telehealth shall not exceed the deductible, copayment, or coinsurance required by
18 the Medicaid program for the same service provided in person.]~~

19 ~~(7)~~ Nothing in this section shall be construed to require the Medicaid program or a
20 Medicaid managed care organization to:

21 (a) Provide coverage for telehealth services that are not medically necessary; or

22 (b) Reimburse any fees charged by a telehealth facility for transmission of a
23 telehealth encounter.
