16 ➔Section 3. Recognizing the significant and imminent safety concerns and

18 requires each school district to have a COVID-19 school operations plan in place as of the
19 effective date of this Act. Each school district shall submit its COVID-19 school
20 operations plan, and any subsequent versions, to the Kentucky Department of Education
21 (KDE) for informational purposes and shall make the plan available on the district's
22 website.

23 ➔Section 4. (1) Within 14 days of the effective date of this Act, the
24 Department for Public Health shall develop a COVID-19 "test to stay" model school plan
25 that may be implemented by school districts, in whole or in part, to minimize the impact
26 of quarantining non-symptomatic students and staff.

27 (2) The model plan shall include, as an alternative to quarantining, an on-site

1 testing option that allows non-symptomatic students with school-related COVID-19
2 exposures to remain at school by testing negative for COVID-19 for a certain number of
3 days following exposure. The model plan shall provide guidance for contact tracing and
4 quarantining based on whether or not exposed individuals were masked, non-masked, or
5 fully vaccinated.

6 (3) A school district's local health department shall provide assistance in
7 implementing a school district's test-to-stay plan, or any other local school board-
8 approved COVID-19 plan for masking, contact tracing, and quarantining, including the

10 support to the local health departments in assisting the school districts.

11 ➔Section 5. (1) Notwithstanding any other statute or administrative
12 regulation to the contrary, a school district may temporarily assign students at the school,
13 grade, classroom, or student group level to remote instruction due to significant absences
14 of students or staff related to the COVID-19 pandemic until December 31, 2021.

15 (2) With prior authorization from the local board of education, the decision to
16 temporarily assign students to remote instruction shall be at the discretion of the
17 superintendent. The temporary assignment to remote instruction shall be no longer than is
18 necessary to alleviate student and staff absences due to COVID-19.

19 (3) Remote instruction may be provided to a particular school, grade, classroom,
20 or group of students up to 20 days under this section. No school district shall utilize
21 remote instruction under this section for more than 20 days. A school district shall not

23 unless all students in the school district are located in a single school facility.

25 minimum daily instruction required pursuant to KRS 158.060, which shall include the
26 content standards as provided in the Kentucky Academic Standards.

27 (5) Remote instruction provided under this section shall not be counted against

1 student attendance days authorized under a school district's approved nontraditional
2 instruction plan.

3 ➔Section 6. (1) Notwithstanding any statute or administrative regulation to
4 the contrary, for school year 2021-2022, school districts may, when submitting the

7 The selected data shall be utilized to calculate the average daily attendance that will be
8 used in calculating Support Education Excellence in Kentucky (SEEK) funds and any
9 other state funding based in whole or in part on average daily attendance for the district.

10 (2) Current year data shall be used for property assessments per KRS 160.470(5),
11 district tax rates levied, equivalent tax rates based on tax levies, exceptional and limited
12 English proficiency student counts, and state equalization.

13 (3) For school year 2021-2022, each school district shall continue to enforce
14 compulsory attendance requirements set forth in KRS Chapter 159 and report student
15 attendance in the statewide student information system as required by state statute and
16 administrative regulation.

17 (4) It is the intent of the General Assembly to enact legislation in the 2022
18 General Session to address the adjustment of SEEK calculations related to attendance
19 growth over prior school years.

20 ➔Section 7. When a school district utilizes a student attendance day under an
21 approved nontraditional instruction plan due to COVID-19, or utilizes remote instruction
22 under Section 5 of this Act, all certified staff and any classified staff designated by the
23 district shall be required to perform work duties on-site during the student attendance day,
24 except for employees quarantined due to COVID-19 who the district determines can
25 fulfill their job duties remotely.

24 160.380 are required, except, notwithstanding KRS 160.380(7)(a), a superintendent may
25 employ all individuals on probationary status upon receiving a preliminary background

7 federal act.

3 be subject to KRS 161.605, including the existing limitations on the critical shortage
4 program, except that a retiree who is reemployed according to the provisions of
5 subsection (1) of this section shall not be required to observe any additional separation of
6 service beyond the one month specified by subsection (1)(a) of this section if he or she
7 remains employed or is reemployed on or after January 15, 2022.

8 (3) Additional costs incurred to school districts under this section for the hiring of
