26 ~~(3) The grant program shall be developed to give highest funding priority to those~~
 27 ~~projects which most effectively provide broadband service to the greatest number of~~

1 ~~underserved and unserved Kentucky citizens and at the lowest cost. Funding shall~~

 2 data may include but is not limited to shapefiles detailing broadband coverage,
 3 the most current Federal Communications Commission Form 477 fixed
 4 broadband deployment data reporting, or other documentation of broadband
 5 deployment infrastructure in the project area to show that a challenged project
 6 area is underserved or unserved. A challenging provider may provide the
 7 authority with proof, including but not limited to:]

8 ~~1.~~(a) The broadband deployment project area is:

9 a. Currently served; or ~~is]~~

10 b. Under construction for provision of broadband service within
 11 twelve (12) months of the challenge; or

12 ~~2.~~(b) The applicant has received funds from another state or federally
 13 funded grant program designed to encourage broadband deployment in
 14 the broadband deployment project area that covers more than fifty
 15 percent (50%) of the eligible project expenses.

16 (c) As part of the challenge process and in order to meet the burden of proof in
 17 paragraph (b) of this subsection, the challenging provider shall submit:

18 1. A shapefile and a list of addresses containing all addresses within the
 19 broadband deployment project area that the challenging broadband
 20 service provider currently serves and the maximum megabits per
 21 second downstream speed and the maximum megabits per second
 22 upstream speed provided to each challenged address;

23 2. A feasibility study, construction plan, or other relevant documentation
 24 that clearly and convincingly demonstrates that the challenging
 25 broadband service provider will be under construction within twelve
 26 (12) months of the application date for the broadband deployment
 27 fund grant, which may be extended by the office an additional six (6)

1 months because of undue construction delays; or
2 3. Loan documents, grant award receipts, or other financial information
3 that clearly and convincingly demonstrates to the office that the
4 challenging broadband service provider has received adequate funds
5 from another state or federally funded grant program designed to
6 encourage broadband deployment in the area.

7 (d) Within five (5) business days of a challenge being submitted to the office,
8 the provider submitting the application which is challenged shall be
9 provided copies of all challenge material.

10 (e) The office shall treat any information submitted as part of a challenge as
11 confidential and exempt from disclosure under the Open Records Act, KRS
12 61.870 to 61.884, upon the challenging provider's request for confidential
13 treatment.

14 (f) Within fifteen (15) business days of receipt of the copies under paragraph
15 (d) of this subsection, the applicant shall respond to the challenge.

16 (g) Once the response to the challenge is submitted to the office by the
17 applicant, the office shall have fifteen (15) business days to resolve the
18 dispute.

19 (h) Upon a determination that a challenge is unsuccessful because the
20 challenging provider is unable to prove, within the timeframe provided
21 under this section, that the provider currently serves a broadband
22 deployment project area, the office shall move forward with the funding
23 process provided in this section.

24 (8) (a) Upon a determination that an application meets the funding criteria, but the
25 proposed project area is found to be partially served, the applicant^[authority]
26 may amend and resubmit the application within fifteen (15) business days
27 and the office may grant partial funding based on the partial service provided

1 in order to ensure that grant funds are used to only provide broadband service
 2 to addresses~~[citizens, households, or businesses]~~ deemed underserved or
 3 unserved.

4 **(b) In the event of a challenge that involves subsection (7)(c)2. of this section**
 5 **and those addresses are not under construction within twelve (12) months,**
 6 **or eighteen (18) months if extended by the office, the challenging provider**
 7 **shall pay a civil penalty to the broadband deployment fund in an amount**
 8 **equal to the amount of grant funding for those addresses plus ten percent**
 9 **(10%).**

10 **(9) When awarding grant funds, the office shall award funding to addresses with no**
 11 **service first, then to addresses that are unserved, and then lastly to addresses that**
 12 **are underserved. The office shall:**

13 **(a) Score the unserved and underserved grant applications based on the**
 14 **following criteria, giving priority consideration in the order listed:**

15 **1. Projects in unserved and underserved areas that reach the customers**
 16 **that are the least economical to serve, in the following order;**

17 **a. Projects that average zero to five (5) locations per route mile;**

18 **b. Projects that average five (5) to ten (10) locations per route mile;**

19 **and**

20 **c. Projects that average eleven (11) locations or more per route**
 21 **mile;**

22 **2. Projects in unserved and underserved areas where local, state, or**
 23 **federal funds are not available;**

24 **3. Fiber-to-the-premise projects that will deploy broadband services with**
 25 **a capacity to transmit data from or to the Internet with symmetrical**
 26 **downstream and upstream speeds of at least one (1) gigabit;**

27 **4. Projects deploying infrastructure capable of achieving symmetrical**

1 speeds at a minimum of one hundred (100) megabits per second
2 download and upload speeds;

3 5. The size and the scope of the unserved and underserved area proposed
4 to be served;

5 6. The technical, managerial, and financial capabilities of the applicant,
6 demonstrating the ability to successfully deploy the proposed project
7 and provide broadband service;

8 7. A project requesting less than fifty percent (50%) funding from the
9 requested grant;

10 8. Projects that will be eligible for the Affordable Connectivity Program
11 for low-income consumers administered by the Federal
12 Communications Commission; and

13 9. Projects that plan to encourage adoption of broadband services,
14 including community outreach to promote adoption, technical
15 support, and training on how to connect;

16 (b) Award no more than fifty percent (50%) of the total project cost, unless the
17 project meets the following density requirements:

19 may be eligible for reimbursement of up to seventy percent (70%) of
20 the cost of the project;

21 2. Projects that average five (5) to ten (10) locations per route mile,
22 which may be eligible for reimbursement of up to sixty percent (60%)
23 of the cost of the project; and

24 3. Projects that average eleven (11) locations or more per route mile,
25 which may be eligible for reimbursement of fifty percent (50%) of the
26 cost of the project;

27 (c) Require the remaining project costs to be paid by matching funds from:

- 4 government; or
- 5 3. Any combination of matching moneys provided under subparagraphs
- 6 1. and 2. of this paragraph;
- 7 (d) Allow eligible project expenses, including those that are incurred starting
- 8 on or after the date in the written acknowledgement of acceptance issued
- 9 under paragraph (f) of this subsection and ending at the conclusion of the
- 10 grant project, or grant project contractual term, whichever is earlier, and
- 11 may include:
- 12 1. Project engineering or design plans;
- 13 2. Permitting;

- 22 service provided may be granted; and
- 23 (f) 1. Issue within sixty (60) days of receipt of an application for grant
- 24 funds, except in the case of a challenged application under the

13 (12) Grant funds awarded to an applicant to supplement the applicant's federal fund

14 award may not be used for costs that will be reimbursed by the other federal

15 funds.

16 (13) No funds shall be used:

17 (a) To support any broadband deployment project involving the upgrade of an

18 existing facility already delivering broadband services, including an

20 delivering services greater than twenty-five (25) megabits per second

21 downstream and three (3) megabits per second upstream; or

22 (b) For non-capital expenses, non-broadband services, marketing, or advertising.

23 ~~[The broadband deployment project area shall be described by census block~~

24 ~~including the specific addresses to be serviced or by shapefile geospatial data.~~

22 ➔SECTION 5. A NEW SECTION OF KRS CHAPTER 224A IS CREATED TO
23 READ AS FOLLOWS:

24 *(1) The General Assembly hereby finds and declares that:*

25 *(a) A rural infrastructure improvement fund, and a program to administer the*
26 *fund, is necessary to further the Commonwealth's goal to expand and*
27 *accelerate access to broadband service throughout the entire*

1 Commonwealth; and

2 (b) Supporting the replacement of utility poles will provide benefits to Kentucky
3 residents by:

4 1. Facilitating the construction of broadband networks;

5 2. Minimizing the potential for disputes between broadband providers
6 and utility pole owners that could otherwise delay deployment;

7 3. Improving the resiliency and longevity of broadband infrastructure;
8 and

9 4. Addressing needs for broadband investment not yet fully met by
10 existing programs.

11 (2) As used in this section:

12 (a) "Application" means an application made under subsection (4) of this
13 section for eligible pole replacement costs;

14 (b) "Eligible pole replacement":

15 1. Means the removal of an existing utility pole and replacement with a
16 new utility pole in an unserved area in order to accommodate the
17 attachment of facilities to be used, in whole or in part, by a retail
18 provider to provide qualifying broadband service access to residences
19 or businesses within an unserved area; and

20 2. Does not include the removal and replacement of a utility pole in
21 order to accommodate facilities used only for the provision of
22 wholesale broadband or data transport service, where the owner of the
23 facilities, or its affiliate, does not use the facilities to provide
24 qualifying broadband services directly to residences or businesses;

25 (c) "Eligible pole replacement costs":

26 1. Means:

27 a. The actual and reasonable costs paid or incurred to perform an

1 eligible pole replacement;

2 b. The amounts of any expenditures to remove and dispose of the
3 existing utility pole, to purchase and install a replacement utility
4 pole, or to transfer any existing facilities to the new pole; and

5 c. The costs of reimbursing another party for the costs of
6 performing an eligible pole replacement, when paid or incurred
7 by the person responsible for the costs; and

8 2. Does not include:

9 a. Costs paid or incurred to perform an eligible pole replacement by
10 a party who is not responsible for those costs, and which are
11 charged or passed along to the responsible party;

12 b. Costs for which the party incurring or paying the costs
13 separately has received or is entitled to receive reimbursement
14 under the terms of a state or federal grant program for the
15 deployment of broadband facilities; and

16 c. The receipt of a state or federal grant where the pole
17 replacement costs, for which reimbursement is requested, exceed
18 the pole replacement costs that were reasonably anticipated at
19 the time of, or on which the amount of, the other support
20 funding was predicated.

21 Costs are considered separately reimbursed for purposes of this paragraph
22 if the amount of an award under another state or federal broadband
23 program included consideration, by the awarding entity, of the pole
24 replacement costs by the applicant;

25 (d) "Fund" means the rural infrastructure improvement fund established by
26 subsection (3) of this section;

27 (e) "Pole owner" means any person or entity that owns or controls a utility

1 pole;

2 (f) "Program" means the Kentucky Rural Infrastructure Improvement
3 Program established by subsection (4) of this section;

4 (g) "Qualifying broadband service" means a retail wireline broadband service
5 capable of delivering Internet access at speeds of at least one hundred (100)
6 megabits per second in both the downstream and upstream directions, and
7 with latency at a level sufficient to permit real-time, interactive applications;
8 and

9 (h) "Utility pole" means any pole used, in whole or in part, for any wire
10 communications or electric distribution, regardless of the owner or operator
11 of the pole.

12 (3) (a) There is created within the State Treasury a trust and agency account to be
13 known as the rural infrastructure improvement fund, consisting of moneys
14 appropriated by the General Assembly, federal funds, grants, and gifts.

15 (b) The fund shall be administered by the Office of Broadband Development
16 and all money deposited in the fund shall be used:

17 1. By the office to provide reimbursements to qualified applicants under
18 the Rural Infrastructure Improvement Program established under
19 subsection (4) of this section;

20 2. For the purposes of covering the costs of program administration and
21 operation; and

22 3. In a manner consistent with federal law.

23 (c) Notwithstanding KRS 45.229, any moneys remaining in the fund at the
24 close of the fiscal year shall not lapse but shall be carried forward into the
25 succeeding fiscal year to be used for the purposes set forth in this section.

26 (d) Interest earned on money deposited to the credit of the fund shall be
27 retained in the fund and shall not lapse.

1 (e) Moneys deposited in the fund are hereby appropriated for the purposes in
2 this section.

3 (4) (a) There is hereby established the Kentucky Rural Infrastructure Improvement
4 Program for the purpose of expediting and facilitating the deployment of
5 broadband service to individuals, businesses, agricultural operations, and
6 community access points in unserved areas by reimbursing a portion of
7 eligible pole replacement costs incurred by eligible applicants.

8 (b) The office shall administer and provide staff assistance for the program and
9 shall be responsible for receiving, reviewing, and approving applications for
10 pole reimbursements.

11 (c) The office shall award pole reimbursements from moneys in the fund
12 created by subsection (3) of this section until all moneys in the fund are
13 exhausted.

14 (d) No later than September 1, 2022, the office shall:

15 1. Promulgate administrative regulations under KRS Chapter 13A
16 necessary for the administration of this section;

17 2. Publish an application for pole replacement reimbursements that shall
18 require:

19 a. Information sufficient to establish the number, cost, and
20 eligibility of eligible pole replacements that qualify for
21 reimbursement;

22 b. Documentation sufficient to establish that the claimed eligible
23 pole replacements have been completed, including receipts
24 verifying the amount of eligible pole replacement costs paid by
25 the applicant;

26 c. The amount of program reimbursement requested in the
27 application and any grant funding or accounting information

d. i. A statement that the costs for which reimbursement is requested have not been reimbursed through any other state or federal broadband grant program.

ii. If the applicant is a recipient of funding from another program, the statement shall include an explanation of how the costs for which reimbursement is requested exceed the pole replacement costs on which the original award was predicated or that were reasonably anticipated at the time of the original award;

e. A notarized statement from an officer or agent of the applicant that the contents of the application are true and accurate and that the applicant accepts the requirements of this section and any promulgated administrative regulations as a condition of receiving an award of program reimbursement; and

f. Any other information necessary for the office to comply with any conditions on federal funding used in connection with the program; and

3. Publish and maintain on its Web site:

a. Statistics on the number of applications received, processed, and rejected by the office under the pole replacement program;

b. Statistics on the size, number, and status of reimbursements awarded by the office under the pole replacement program, including the pole owners and broadband providers receiving reimbursements; and

c. The amount of money remaining in the fund.

(e) An applicant who incurs or pays the costs of an eligible pole replacement to

1 accommodate broadband facilities consistent with this section may apply to
2 the office for reimbursement.

3 (f) As a condition of receiving reimbursement under this subsection, an
4 applicant shall:

5 1. Certify its compliance with the requirements of this section;

6 2. Agree to comply with any requirements that the office determines to be
7 necessary conditions on federal funding used in connection with the
8 program;

9 3. Agree to refund, with interest at the applicable federal funds rate as
10 specified by KRS 355.4A-506, to the fund, any reimbursements or
11 portions of reimbursements received from the fund under this
12 subsection, if the office finds, upon substantial evidence and after
13 notice and opportunity to respond, that the recipient materially
14 violated any of the requirements agreed to under this section;

15 4. Agree that no funds awarded by the program will be used to meet any
16 cash match requirement under any other broadband program
17 administered by the Commonwealth or one (1) of its subdivisions;

18 5. Agree to submit reports as the office may require regarding broadband
19 deployment facilitated by the program, which may include reports

22 that award; and

23 6. Agree to not include in any rates or fees charged for its services any
24 eligible pole replacement costs that were reimbursed by the program,
25 paid for by a broadband provider, or funded by another grant source.

26 (g) 1. If the necessary information is not otherwise reasonably available to
27 the applicant, the applicant may request a pole owner performing an

- 1 eligible pole replacement to provide the number and costs of the pole
2 replacements, receipts verifying the amount of pole replacement costs
3 paid by the applicant, and confirmation that the pole replacement
4 costs were incurred to accommodate the applicant's attachment and
5 not due to some other reason.
- 6 2. In the event the office requires additional information from an
7 applicant following the submission of an application to confirm the
8 eligibility of costs in an application that is in the possession of the pole
9 owner and not otherwise reasonably available to the applicant, the
10 applicant may also request that the pole owner assist with providing
11 the information as requested by the office.
- 12 3. A pole owner shall coordinate in good faith to provide the information
13 to the applicant, and may require reimbursement from the broadband
14 provider of its actual and reasonable administrative expenses in
15 connection with the coordination, which shall not exceed five percent
16 (5%) of the eligible pole replacement costs.
- 17 4. Administrative costs that a broadband provider reimburses to a pole
18 owner under this subsection are not eligible for reimbursement from
19 the fund as eligible pole replacement costs.
- 20 (h) Within sixty (60) days of receipt of a completed application establishing the
21 eligibility of costs for reimbursement, and to the extent that moneys are
22 available in the fund, the office shall award the lesser of:
- 23 1. Five thousand dollars (\$5,000) for each pole replaced; or
24 2. Fifty percent (50%) of the total amount incurred or paid by the
25 applicant for eligible pole replacement costs.
- 26 (i) Any application pending at the exhaustion of the moneys in the fund shall
27 be deemed denied but may be refiled if sufficient moneys are later made

1 available in the fund.

2 (j) No later than one (1) year after the fund receives moneys for the purpose of
 3 providing pole replacement reimbursements to qualified applicants, the
 4 authority shall, on an annual basis, cause to be conducted an independent
 5 audit of the office's administration of the fund for compliance with the
 6 requirements of this section. This audit may be performed by either the
 7 Auditor of Public Accounts or a certified public accountant in conjunction
 8 with the annual audit of the authority. The authority shall comply with the
 9 provisions of KRS 45.149 before entering into a contract for audit services
 10 with a certified public accountant.

11 (5) A broadband provider's use of funds reimbursed under this subsection to pay
 12 eligible pole replacement costs shall have no effect on the subsequent ownership
 13 of any replacement pole purchases and installed by a pole owner using the funds.

14 ➔Section 6. KRS 278.5461 is amended to read as follows:

15 In addition to the definitions in KRS 278.010 and KRS 278.516(2), for KRS 278.546 to
 16 278.5462, ~~the following definitions shall apply:~~

17 ~~(1) "Broadband" means any service that is used to deliver video or to provide access to~~

 20 ~~least one direction; or any service that combines computer processing, information~~
 21 ~~storage, and protocol conversion to enable users to access Internet content and~~
 22 ~~services. Nothing in this definition shall be construed to include any intrastate~~
 23 ~~service, other than digital subscriber line service, tariffed at the commission as of~~
 24 ~~July 15, 2004.~~

25 ~~(2) "local exchange carrier" means any company certified by the commission to~~
 26 ~~provide local exchange telecommunications service in the Commonwealth on or~~
 27 ~~before June 30, 1995.~~

2 (1) The General Assembly recognizes and declares:

3 (a) The provision of broadband service to residential, commercial, and industrial
4 customers is critical to securing a sound economy and promoting the general
5 welfare of the Commonwealth; and

6 (b) Distribution cooperatives are able to access and leverage federal funding to
7 extend and enhance the availability of broadband service to Kentucky
