

1 AN ACT relating to workers' compensation.

2 ***Be it enacted by the General Assembly of the Commonwealth of Kentucky:***

3 ➔Section 1. KRS 342.610 is amended to read as follows:

- 4 (1) Every employer subject to this chapter shall be liable for compensation for injury,  
5 occupational disease, or death without regard to fault as a cause of the injury,  
6 occupational disease, or death.
- 7 (2) A contractor who subcontracts all or any part of a contract and his or her carrier  
8 shall be liable for the payment of compensation to the employees of the  
9 subcontractor unless the subcontractor primarily liable for the payment of such  
10 compensation has secured the payment of compensation as provided for in this  
11 chapter. Any contractor or his or her carrier who shall become liable for such  
12 compensation may recover the amount of such compensation paid and necessary  
13 expenses from the subcontractor primarily liable therefor. A person who contracts  
14 with another:
- 15 (a) To have work performed consisting of the removal, excavation, or drilling of  
16 soil, rock, or mineral, or the cutting or removal of timber from land; or
- 17 (b) To have work performed of a kind which is a regular or recurrent part of the  
18 work of the trade, business, occupation, or profession of such person  
19 shall for the purposes of this section be deemed a contractor, and such other person  
20 a subcontractor. This subsection shall not apply to the owner or lessee of land  
21 principally used for agriculture.
- 22 (3) Liability for compensation shall not apply to injury, occupational disease, or death  
23 to the employee if the employee willfully intended to injure or kill himself, herself,  
24 or another.
- 25 (4) If an employee voluntarily introduced an illegal, nonprescribed substance or  
26 substances or a prescribed substance or substances in amounts in excess of  
27 prescribed amounts into his or her body detected in the blood, as measured by a

1 scientifically reliable test, that could cause a disturbance of mental or physical  
2 capacities, it shall not be presumed but may be considered that the illegal,  
3 nonprescribed substance or substances or the prescribed substance or substances in  
4 amounts in excess of prescribed amounts may have caused the injury, occupational  
5 disease, or death of the employee. In the event that the administrative law judge  
6 determines that the intoxication caused by the illegal, nonprescribed substance or  
7 substances, or the prescribed substance or substances in amounts in excess of  
8 prescribed amounts, proximately caused the injury,~~—and~~ liability for  
9 compensation shall not apply to the injury, occupational disease, or death to the  
10 employee.

11 (5) If injury or death results to an employee through the deliberate intention of his or  
12 her employer to produce such injury or death, the employee or the employee's  
13 dependent as herein defined shall receive the amount provided in this chapter in a  
14 lump sum to be used, if desired, to prosecute the employer. The dependents may  
15 bring suit against the employer for any amount they desire. If injury or death results  
16 to an employee through the deliberate intention of his or her employer to produce  
17 such injury or death, the employee or the employee's dependents may take under  
18 this chapter, or in lieu thereof, have a cause of action at law against the employer as  
19 if this chapter had not been passed, for such damage so sustained by the employee,  
20 his dependents or personal representatives as is recoverable at law. If a suit is  
21 brought under this subsection, all right to compensation under this chapter shall  
22 thereby be waived as to all persons. If a claim is made for the payment of  
23 compensation or any other benefit provided by this chapter, all rights to sue the  
24 employer for damages on account of such injury or death shall be waived as to all  
25 persons.

26 (6) Prior to issuing any building permit pursuant to KRS 198B.060(10), every local  
27 building official shall require proof of workers' compensation coverage from the

1 builder before a permit is issued. A person who is exempt under the exception  
2 contained in KRS 342.650(2), and any contractor otherwise exempt from this  
3 chapter, shall so certify to the local building official, in writing and on a form  
4 prescribed by the commissioner, in lieu of providing proof of workers'  
5 compensation coverage.

6 (7) Every employer subject to this chapter, at its principal office and such other  
7 locations where employees customarily report for payroll and personnel matters,  
8 shall post a notice stating the name of its workers' compensation insurance carrier  
9 and policy number, setting forth the means to access medical care for injuries, the  
10 employee's obligation to give notice of accidents, and such other matters concerning  
11 the employee's rights under this chapter as may be required by the commissioner so  
12 as to afford every employee the opportunity to become informed about the  
13 employer's workers' compensation program. The format and contents of the notice  
14 shall be established by the commissioner through administrative regulation, and  
15 copies shall be provided to the employer by its insurance carrier.
