3 ➔Section 1. KRS 205.559 is amended to read as follows:

4 (1) The Cabinet for Health and Family Services and any managed care organization  
5 with whom the Department for Medicaid Services contracts for the delivery of  
6 Medicaid services shall provide Medicaid reimbursement for covered telehealth  
7 services and telehealth consultations, if the telehealth service or telehealth  
8 consultation:

9 (a) Is provided by a Medicaid-participating practitioner, including those  
10 employed by a home health agency licensed pursuant to KRS Chapter 216, to  
11 a Medicaid recipient or another Medicaid-participating practitioner at a  
12 different physical location; and

13 (b) Meets all clinical, technology, and medical coding guidelines for recipient  
14 safety and appropriate delivery of services established by the Department for  
15 Medicaid Services or the provider's professional licensure board.

16 (2) (a) For rural health clinics, federally qualified health centers, and federally  
17 qualified health center look-alikes, reimbursement for covered telehealth  
18 services and telehealth consultations shall:

19 1. To the extent permitted under federal law, include an originating site fee  
20 in an amount equal to that which is permitted under 42 U.S.C. sec.  
21 1395m for Medicare-participating providers if the Medicaid beneficiary  
22 who received the telehealth service or telehealth consultation was  
23 physically located at the rural health clinic, federally qualified health  
24 center, or federally qualified health center look-alike at the time of  
25 service or consultation delivery and the provider of the telehealth service  
26 or telehealth consultation is not employed by the rural health clinic,  
27 federally qualified health center, or federally qualified health center

1 look-alike; or

2 2. If the telehealth service or telehealth consultation provider is employed  
3 by the rural health clinic, federally qualified health center, or federally  
4 qualified health center look-alike, include a supplemental  
5 reimbursement paid by the Department for Medicaid Services in an  
6 amount equal to the difference between the actual reimbursement  
7 amount paid by a Medicaid managed care organization and the amount  
8 that would have been paid if reimbursement had been made directly by  
9 the department.

10 (b) A request for reimbursement shall not be denied solely because:

11 1. An in-person consultation between a Medicaid-participating practitioner  
12 and a patient did not occur; or

13 2. A Medicaid-participating provider employed by a rural health clinic,  
14 federally qualified health center, or federally qualified health center

17 provided.

18 (c) Telehealth services and telehealth consultations shall not be reimbursable  
19 under this section if they are provided through the use of a facsimile machine,  
20 text, chat, or electronic mail unless the Department for Medicaid Services  
21 determines that telehealth can be provided via these modalities in ways that  
22 enhance recipient health and well-being and meet all clinical and technology  
23 guidelines for recipient safety and appropriate delivery of services.

24 (3) (a) A health-care facility that receives reimbursement under this section for  
25 consultations provided by a Medicaid-participating provider who practices in  
26 that facility and a health professional who obtains a consultation under this  
27 section shall establish quality-of-care protocols, which may include a

1 requirement for an annual in-person or face-to-face consultation with a patient  
2 who receives telehealth services, and patient confidentiality guidelines to  
3 ensure that telehealth consultations meet all requirements and patient care  
4 standards as required by law.

5 (b) The Department for Medicaid Services and any managed care organization  
6 with whom the department contracts for the delivery of Medicaid services  
7 shall not deny reimbursement for telehealth services covered by this section  
8 based solely on quality-of-care protocols adopted by a health-care facility  
9 pursuant to paragraph (a) of this subsection.

10 (4) The cabinet shall not require a telehealth consultation if an in-person consultation  
11 with a Medicaid-participating provider is reasonably available where the patient  
12 resides, works, or attends school or if the patient prefers an in-person consultation.

13 (5) *Notwithstanding any provision of law to the contrary, neither the Department for*  
14 *Medicaid Services nor a Medicaid managed care organization with whom the*  
15 *department has contracted for the delivery of Medicaid services shall require that*  
16 *a health professional, as defined in KRS 205.510, or medical group maintain a*  
17 *physical location or address in this state to be eligible for enrollment as a*  
18 *Medicaid provider if the provider or group exclusively offers services via*  
19 *telehealth as defined in KRS 211.332.*

20 (6) The cabinet shall request any waivers of federal laws or regulations that may be  
21 necessary to implement this section and KRS 205.5591.

22 ~~(7)~~ Medicaid-participating practitioners and home health agencies are strongly
