

1 A CONCURRENT RESOLUTION establishing the Certificate of Need Task Force.

2 WHEREAS, certificate of need (CON) laws are state regulatory mechanisms for  
3 approving major capital expenditures and projects for certain health care facilities; and

4 WHEREAS, Kentucky first enacted CON laws in 1972, and the federal government  
5 required states to adopt CON laws according to a federal model in 1974; and

6 WHEREAS, the federal mandate was repealed in 1987, but 35 states and the  
7 District of Columbia maintain some form of a CON program covering a range of health  
8 services and requirements; and

9 WHEREAS, Kentucky's CON requirements for creating or expanding health care  
10 facilities and services in specified areas are included in statute and in the state health  
11 plan; and

12 WHEREAS, as of 2021, 12 states have fully repealed their CON programs or  
13 allowed their programs to expire; and

14 WHEREAS, three states do not operate a CON program but maintain several  
15 approval processes that function similarly to CON; and

16 WHEREAS, in 2021, Tennessee significantly reduced certificate of need  
17 requirements; and

18 WHEREAS, Indiana, Ohio, and Montana have exempted all facilities except long-  
19 term care facilities from CON review; and

20 WHEREAS, the primary purpose of CON programs is to control health care costs  
21 by restricting duplicative services and determining whether new capital expenditures  
22 meet a community need; and

23 WHEREAS, the need for some health facilities and services is not being met in  
24 several geographic areas of Kentucky which puts into question the effectiveness of the  
25 current CON process;

26 NOW, THEREFORE,
