2 providing stipulated data to the Commonwealth.

3 (e) The Personnel Cabinet shall develop the necessary techniques and capabilities
4 for timely analysis of data received from carriers and, to the extent possible,
5 provide in the request-for-proposal specifics relating to data requirements,

22 the state-funded contribution after termination from the state-sponsored
23 employee health insurance program.

14 state, city, urban-county, charter county, county, or consolidated local
15 government for any other health care coverage shall be paid by the employee.

21 transfer, to change his or her coverage to another health benefit plan.
- 22 (5) No payment of premium by any department, board, agency, public postsecondary
23 educational institution, or branch of state, city, urban-county, charter county,
24 county, or consolidated local government shall constitute compensation to an
25 insured employee for the purposes of any statute fixing or limiting the
26 compensation of such an employee. Any premium or other expense incurred by any
27 department, board, agency, public postsecondary educational institution, or branch

1 of state, city, urban-county, charter county, county, or consolidated local
2 government shall be considered a proper cost of administration.

3 (6) The policy or policies may contain the provisions with respect to the class or classes

5 groups of employees, policy options, terms of eligibility, and continuation of
6 insurance or coverage after retirement.

11 (8) The health care contract or contracts for employees shall be entered into for a
12 period of not less than one (1) year.

13 (9) The secretary shall appoint thirty-two (32) persons to an Advisory Committee of
14 State Health Insurance Subscribers to advise the secretary or the secretary's
15 designee regarding the state-sponsored health insurance program for employees.
16 The secretary shall appoint, from a list of names submitted by appointing
17 authorities, members representing school districts from each of the seven (7)

9 dependents.

10 (11) Interruption of an established treatment regime with maintenance drugs shall be
11 grounds for an insured to appeal a formulary change through the established appeal
12 procedures approved by the Department of Insurance, if the physician supervising

14 (12) Any employee who is eligible for and elects to participate in the state health
15 insurance program as a retiree, or the spouse or beneficiary of a retiree, under any
16 one (1) of the state-sponsored retirement systems shall not be eligible to receive the
17 state health insurance contribution toward health care coverage as a result of any
18 other employment for which there is a public employer contribution. This does not
19 preclude a retiree and an active employee spouse from using both contributions to
20 the extent needed for purchase of one (1) state sponsored health insurance policy
21 for that plan year.

22 (13) (a) The policies of health insurance coverage procured under subsection (2) of
23 this section shall include a mail-order drug option for maintenance drugs for

18 and if the hospital located within that county does not offer surgical services,
19 intensive care services, obstetrical services, level II neonatal services, diagnostic
20 cardiac catheterization services, and magnetic resonance imaging services, the
21 employee may select a plan available in a contiguous county that does provide
22 those services, and the state contribution for the plan shall be the amount available
23 in the county where the plan selected is located.

24 (18) If a state employee's residence and place of employment are each located in
25 counties in which the hospitals do not offer surgical services, intensive care
