9 technical education program or pathway in which high-cost equipment,
10 materials, or facilities are required;

11 (i) "Locally operated career and technical education" means a district
12 program that provides secondary students with one (1) or more approved
13 career and technical education pathways;

14 (j) "State-operated area technology center" means a state-operated secondary
15 school facility with the primary purpose of offering approved career and
16 technical education pathways;

17 (k) "Supplemental funding" or "supplemental funds" means moneys
18 appropriated by the General Assembly as supplemental funding to
19 qualifying career and technical education programs to improve student
20 outcomes in approved career and technical education pathways;

21 (l) "Technical skill attainment" means earning an industry-recognized
22 certification, licensure, or credential as identified by the Kentucky
23 Workforce Innovation Board pursuant to KRS 158.6455(1)(e) or passing an
24 end-of-program assessment for articulated postsecondary credit as
25 designated by the Kentucky Department of Education Office of Career and
26 Technical Education;

27 (m) "Weighted high-cost full-time equivalents" means the total number of

1 secondary students enrolled in high-cost career and technical education
2 programs, multiplied by the number of credit hours in which those students
3 are enrolled, divided by six (6) hours, and multiplied by one and one-half
4 (1.5); and

5 (n) "Work-based learning program" means a cooperative education program,
6 internship, or registered apprenticeship within the student's chosen
7 approved career and technical education pathway.

8 (2) The Kentucky Department of Education shall provide funds from the
9 department's annual general fund appropriation to support the administrative
10 operations costs of state-operated area technology centers and converted career
11 and technical education centers.

12 (3) For converted career and technical education centers, beginning with fiscal year
13 2024-2025, the Kentucky Department of Education shall deduct from funds
14 designated for the state-operated area technology centers an amount equal to the
15 administrative operations costs of each converted career and technical education
16 center in the amount received by the center in the most recent fiscal year that the
17 center was under state management and control. The funds for each converted
18 career and technical education center shall be divided as follows:

19 (a) Seventy-five percent (75%) of the funds shall be sent to the local district that
20 has assumed management and control of the center; and

21 (b) Twenty-five percent (25%) of the funds shall be sent to the career and
22 technical education innovation and support fund established in subsection
23 (4) of this section.

24 (4) (a) There is hereby established in the State Treasury a restricted fund to be
25 known as the career and technical education innovation and support fund
26 to receive the funds allocated under subsection (3)(b) of this section. The
27 fund shall consist of moneys received from state appropriations, gifts,

1 grants, and federal funds. The fund shall be administered by the Office of
2 Career and Technical Education. Amounts deposited in the fund shall be
3 used for:

- 4 1. Supporting innovation in new or emerging career fields;
- 5 2. Supporting state-operated area technology centers that may
6 experience hardship or natural disasters;
- 7 3. Personnel costs to provide technical assistance to local districts
8 providing locally operated career and technical education, including
9 technical assistance relating to the monitoring and oversight on the
10 use of supplemental career and technical education funding; and
- 11 4. Any other purposes reasonably related to improving student outcomes
12 in career and technical education.

13 (b) Notwithstanding KRS 45.229, fund amounts not expended at the close of a
14 fiscal year shall not lapse but shall be carried forward into the next fiscal
15 year.

16 (5) Beginning with the 2024-2025 fiscal year and for each fiscal year thereafter, the
17 Kentucky Department of Education shall distribute to local districts providing
18 locally operated career and technical education and to state-operated area
19 technology centers all general funds designated as supplemental funds to career
20 and technical education programs, subject to the following:

21 (a) A local district providing locally operated career and technical education or
22 a state-operated area technology center shall maintain eligibility for receipt
23 of federal funding pursuant to the Strengthening Career and Technical
24 Education for the 21st Century Act, Pub. L. No. 115-224, to be eligible to
25 receive supplemental funding pursuant to this subsection;

26 (b) All supplemental funds distributed pursuant to this subsection shall be used
27 to improve student outcomes in career and technical education pathways for

1 students in grades nine (9) through twelve (12), including but not limited to
2 student supplies, resources, materials, and equipment that is designed for
3 enhanced quality of instruction in a career and technical education
4 pathway, the purchase and maintenance of industry standard equipment,
5 assisting students with achieving technical skill attainment, and supporting
6 career and technical student organization participation;

7 (c) 1. Supplemental funds for career and technical education shall be
8 divided and allocated to each local district providing locally operated
9 career and technical education and to each state-operated area
10 technology center, with sixty percent (60%) dedicated for enrollment-
11 based funding and forty percent (40%) for incentive-based funding.

12 2. The sixty percent (60%) enrollment-based funding shall be based on a
13 statewide full-time equivalent calculation of the total weighted high-
14 cost full-time equivalents and general-cost full-time equivalents
15 during the prior school year, subject to the following:

16 a. The department shall then distribute the enrollment-based funds
17 for each state-operated area technology center or local district
18 providing locally operated career and technical education based
19 on the center's or district's proportional share of the combined
20 weighted high-cost full-time equivalents and general-cost full-
21 time equivalents of the prior year;

22 b. The department shall distribute the state-operated area
23 technology center fund portion to the respective state-operated
24 area technology centers and the local district fund portion to the
25 respective local districts; and

26 c. The department shall classify qualifying programs as either a
27 high-cost career and technical education program or a general-

1 cost career and technical education program.

2 3. The forty percent (40%) incentives-based funding shall be based on an
3 annual statewide calculation of the total number of qualifying student
4 incentives. The calculation shall only use students that are in grade
5 twelve (12) and use the total incentives earned by those students
6 during secondary education at a state-operated area technology center
7 or within a local district. Once a student has been included in a year's
8 calculation, that student shall not be included in any subsequent
9 year's calculation, subject to the following:

10 a. Qualifying student incentives for students in their grade twelve
11 (12) year shall include:

12 i. Reaching the designation of a concentrator;

13 ii. Technical skill attainment;

14 iii. Completing a required number of hours or achieving a
15 benchmark within a work-based learning program; and

16 iv. Earning an approved career and technical education dual
17 credit;

18 b. The incentives in subdivision a. of this subparagraph shall be
19 allotted to the state-operated area technology center or local
20 district in which it was earned. Each type of incentive shall only
21 be counted once per student at state-operated area technology
22 centers and once per student at local districts for a maximum of
23 four (4) incentives per student at state-operated area technology
24 centers and four (4) incentives at local districts throughout their
25 secondary career and technical education. For incentive criteria
26 that is achieved more than once at state-operated area
27 technology centers, the incentive shall be counted for the state-

1 operated area technology center where it was first achieved. For
2 incentive criteria that is achieved more than once at local
3 districts, the incentive shall be counted for the local district
4 where it was first achieved;

5 c. The department shall distribute incentives-based funds for each
6 state-operated area technology center or local district based on
7 the center's or district's proportional share of the combined
8 number of qualifying student incentives achieved by students in
9 grade twelve (12) at a state-operated area technology center or
10 within a local district throughout their secondary career and
11 technical education. The incentives-based funds shall be
12 distributed to the state-operated area technology center or local
13 district in which the incentive was achieved; and

14 d. The department shall distribute the state-operated area
15 technology center fund portion to the respective state-operated
16 area technology centers and the local district fund portion to the
17 respective local districts;

18 (d) There shall be no mid-year adjustment to the allocation of career and
19 technical education supplemental funding for a center or local district; and

20 (e) Notwithstanding the restriction in paragraph (b) of this subsection, a district
21 may submit a waiver request to the Office of Career and Technical
22 Education to use a portion of its allocation of supplemental funds for career
23 and technical education programming for students in grades (5) through
24 eight (8). The district shall submit a request which details the district's plan
25 for career and technical education programming for students in grades five
26 (5) through eight (8). In reviewing the request, the Office of Career and
27 Technical Education shall consider whether:

- 1 1. The district details a plan for orientation and exploration of broad-
2 based industries by giving students knowledge and experience
3 regarding careers within these industries and exploratory or hands-on
4 skills used in the industry;
- 5 2. There is direct alignment between middle and secondary career and
6 technical education pathways within the requesting district; and
- 7 3. Such designation of supplemental funding for programming for
8 students in grades five (5) through eight (8) does not have a
9 significant detrimental impact on the programming available for
10 students in secondary grades.
- 11 (6) The Office of Career and Technical Education shall monitor and provide
12 oversight of state funds distributed pursuant to this section to ensure that the use
13 of funding by eligible recipients meets the approved criteria as described in this
14 section.
- 15 (7) The Kentucky Board of Education shall promulgate administrative regulations in
16 accordance with KRS Chapter 13A as may be needed in the administration of this
17 section and for disbursement of moneys.
- 18 (8) The Kentucky Department of Education shall publish on the department's
19 website:
- 20 (a) The list of all career and technical education programs available to students
21 and the program's designation as a high-cost career and technical
22 education program or as a general-cost career and technical education
23 program;
- 24 (b) A report of the supplemental funding amounts provided to each local
25 district and to each state-operated area technology center, including an
26 explanation of the amount designated as enrollment-based funding and as
27 incentives-based funding; and

1 (c) A report of the administrative operations costs provided to each state-
2 operated area technology center and to each converted career and technical
3 education center, as well as the amount contributed toward the career and
4 technical education innovation and support fund.

5 ➔Section 2. (1) To the extent that funds are made available for this purpose,
6 a local board of education shall provide a one-time award to any employee of a converted
7 career and technical education center as defined in subsection (1)(e) of Section 1 of this
8 Act who was employed by the converted career and technical education center at the time
9 of conversion and who remains employed by the same local board of education that
10 assumed operational control. The one-time award shall be an amount up to 14.48 percent
11 of the employee's salary at the time of conversion, which is based on the raises
12 subsequently provided for executive branch state employees and shall provide the
13 qualifying employees what they would have received had the career and technical
14 education center remained under state operation. The award amount shall be calculated
15 by the Kentucky Department of Education for each qualifying employee.

16 (2) A local board of education shall request reimbursement for the amount of one-
17 time award payments made pursuant to this section from the fund to support education
18 excellence in Kentucky established in KRS 157.330. If the amount appropriated for
19 reimbursement of award payments is insufficient, then each award shall be reduced
20 proportionally.

21 (3) The Kentucky Department of Education shall ensure equitable distribution of
22 funds under this section.

23 (4) Notwithstanding the payment provided in subsection (1) of this section being
24 a one-time award, a local board of education may recognize the one-time award amount
25 as reflective of the appropriate annual salary for an employee receiving the award under
26 the conditions established by subsection (1) of this section, and may use resources
27 available to the local board of education to increase an employee's annual salary

1 accordingly.

2 ➔Section 3. There is hereby appropriated General Fund moneys in the amount of
3 \$170,000 in fiscal year 2023-2024 to the Learning and Results Services budget unit to
4 support the payment of awards set forth in Section 2 of this Act.

5 ➔Section 4. Whereas it is critical to ensure that funding for career and technical
6 education is equitable across the state, aligns with fiscal years, reflects student
7 enrollment, and fosters successful outcomes in workforce preparation, an emergency is
8 declared to exist, and Sections 2 and 3 of this Act take effect upon its passage and
9 approval by the Governor or upon its otherwise becoming a law, and Section 1 of this Act
10 takes effect on July 1, 2024.
