

1 AN ACT relating to emergency medical preparedness of schools.

2 ***Be it enacted by the General Assembly of the Commonwealth of Kentucky:***

3 ➔Section 1. KRS 158.162 is amended to read as follows:

4 (1) As used in this section:

5 (a) "Emergency management response plan" or "emergency plan" means a  
6 written document to prevent, mitigate, prepare for, respond to, and recover  
7 from emergencies; and

8 (b) "First responders" means local fire, police, and emergency medical personnel.

9 (2) (a) Each local board of education shall require the school council or, if none  
10 exists, the principal in each school building in its jurisdiction to adopt an  
11 emergency plan. The emergency plan shall include:

12 1. Procedures to be followed in case of medical emergency, fire, severe  
13 weather, earthquake, or a building lockdown as defined in KRS  
14 158.164;

15 2. A written cardiac emergency response plan; and

16 3. A diagram of the facility that clearly identifies the location of each  
17 automated external defibrillator.

18 (b) The emergency plan shall be provided to appropriate first responders and all  
19 school staff.

20 (c) The emergency plan shall be reviewed following the end of each school year  
21 by the school nurse, school council, the principal, and first responders and  
22 revised as needed.

23 (d) The principal shall discuss the emergency plan with all school staff prior to  
24 the first instructional day of each school year and document the time and date  
25 of any discussion.

26 (e) The cardiac emergency response plan shall be rehearsed by simulation prior to  
27 the beginning of each athletic season by all:

- 1           1. Licensed athletic trainers, school nurses, and athletic directors; and
- 2           2. Interscholastic coaches and volunteer coaches of each athletic team
- 3           active during that athletic season.
- 4           (f) The emergency plan shall be excluded from the application of KRS 61.870 to
- 5           61.884.
- 6           (3) Each local board of education shall require the school council or, if none exists, the
- 7           principal in each school building to:
- 8           (a) Establish primary and secondary evacuation routes for all rooms located
- 9           within the school and shall post the routes in each room by any doorway used
- 10          for evacuation;
- 11          (b) Identify the best available severe weather safe zones, in consultation with
- 12          local and state safety officials and informed by guiding principles set forth by
- 13          the National Weather Service and the Federal Emergency Management
- 14          Agency, and post the location of safe zones in each room of the school;
- 15          (c) Develop practices for students to follow during an earthquake;
- 16          (d) Develop and adhere to practices to control the access to each school building.
- 17          Practices shall include but not be limited to:
- 18               1. Controlling outside access to exterior doors during the school day;
- 19               2. Controlling the main entrance of the school with electronically locking
- 20               doors, a camera, and an intercom system;
- 21               3. Controlling access to individual classrooms;
- 22               4. Requiring classroom doors to be equipped with hardware that allows the
- 23               door to be locked from the outside but opened from the inside;
- 24               5. Requiring classroom doors to remain closed and locked during
- 25               instructional time, except:
- 26                   a. In instances in which only one (1) student and one (1) adult are in
- 27                   the classroom; or

- 1           b.    When approved in writing by the state school security marshal;
- 2           6.    Requiring classroom doors with windows to be equipped with material
- 3           to quickly cover the window during a building lockdown;
- 4           7.    Requiring all visitors to report to the front office of the building, provide
- 5           valid identification, and state the purpose of the visit; and
- 6           8.    Providing a visitor's badge to be visibly displayed on a visitor's outer
- 7           garment;
- 8           (e)   Maintain a portable automated external defibrillator in a public, readily
- 9           accessible, well-marked location in every~~[- middle and high]~~ school building
- 10          and, as funds become available, at school-sanctioned~~[- middle and high school]~~
- 11          athletic practices and competitions and:
- 12          1.    Adopt procedures for the use of the portable automated external
- 13          defibrillator during an emergency;
- 14          2.    Adopt policies for compliance with KRS 311.665 to 311.669 on
- 15          training, maintenance, notification, and communication with the local
- 16          emergency medical services system;
- 17          3.    Ensure that a minimum of three (3) employees in the school and all
- 18          interscholastic athletic coaches be trained on the use of a portable
- 19          automated external defibrillator in accordance with KRS 311.667;~~[- and]~~
- 20          4.    Ensure that all interscholastic athletic coaches maintain a
- 21          cardiopulmonary resuscitation certification recognized by a national
- 22          accrediting body on heart health; and
- 23          5.    *No later than November 1 of each school year, submit an annual*
- 24          *report to the Kentucky Department of Education on:*
- 25          *a.    The number and location of the portable automated external*
- 26          *defibrillator in every school building;*
- 27          *b.    The name, school, and the training date of each school district*

1                                   *employee and interscholastic athletic coach in the district trained*  
2                                   *in the use of a portable automated external defibrillator; and*  
3                                   *c. The progress made towards having a portable automated*  
4                                   *external defibrillator at all school-sanctioned athletic practices*  
5                                   *and competitions; and*

6           (f) Require development of an event-specific emergency action plan for each  
7           school-sanctioned nonathletic event held off-campus to be used during a  
8           medical emergency, which may include the provision of a portable automated  
9           external defibrillator. The plan shall:

- 10           1. Include a delineation of the roles of staff and emergency personnel,  
11           methods of communication, any assigned emergency equipment  
12           including a portable automated external defibrillator, a cardiac  
13           emergency response plan, and access to and plan for emergency  
14           transport; and
- 15           2. Be in writing and distributed to any member of school personnel  
16           attending the school-sanctioned event in an official capacity.

17   (4) All schools shall be in compliance with the provisions of subsection (3)(d) of this  
18   section no later than July 1, 2022.

19   (5) (a) Each local board of education shall require the principal in each public school  
20   building in its jurisdiction to conduct, at a minimum, emergency response  
21   drills to include:

- 22           1. One (1) severe weather drill, one (1) earthquake drill, and one (1)  
23           lockdown drill within the first thirty (30) instructional days of each  
24           school year and again during the month of January; and
- 25           2. The emergency response plan rehearsal by simulation required by  
26           subsection (2) of this section and the venue-specific emergency action  
27           plan rehearsal by simulation required by KRS 160.445(5) prior to the

1                   beginning of each athletic season.

2           (b) Required fire drills shall be conducted according to administrative regulations  
3                   promulgated by the Department of Housing, Buildings and Construction.  
4                   Whenever possible, first responders shall be invited to observe emergency  
5                   response drills.

6   (6) No later than November 1 of each school year, a local district superintendent shall  
7           send verification to the Kentucky Department of Education that all schools within  
8           the district are in compliance with the requirements of this section.

9   (7) A district with a school not in compliance with the requirements of subsection  
10           (3)(d) of this section by July 1, 2022, shall not be eligible for approval by the  
11           Kentucky Department of Education for new building construction or expansion in  
12           the 2022-2023 school year and any subsequent year without verification of  
13           compliance, except for facility improvements that specifically address the school  
14           safety and security requirements of this section, when deemed necessary for the  
15           protection of student or staff health and safety, or to comply with other legal  
16           requirements or orders.
