10	(1)	The supervisors of the respective soil <u>and water</u> conservation districts shall submit
11		to the commission such statements, estimates, budgets, and other information at
12		such time and in such manner as the commission requires.
13	(2)	The supervisors of the soil <u>and water</u> conservation districts shall comply with the
14		provisions of KRS 65A.010 to 65A.090, except that KRS 65A.030 shall not apply
15		to soil and water conservation districts.
16		→ Section 3. KRS 262.280 is amended to read as follows:
17	(1)	The board shall provide for the keeping of a full and accurate record of all its
18		proceedings and of all resolutions, regulations, and orders issued or adopted by it.
19	(2)	Notwithstanding KRS 65A.030 [For fiscal periods ending prior to July 1, 2014], an
20		audit of the accounts of each soil and water conservation district shall take place
21		once every four (4) years unless the soil and water conservation district receives or
22		expends one million dollars (\$1,000,000) [seven hundred fifty thousand dollars
23		(\$750,000)] or more in any year, in which case the soil and water conservation
24		district shall provide for the performance of an annual audit. The audit shall be
25		conducted in accordance with audit standards and requirements stipulated in KRS
26		65.065(5).[For fiscal periods beginning on and after July 1, 2014, the provisions of
27		KRS 65A.030 shall apply to audits of the accounts of each district.

Upon request of the commission, the board shall furnish the commission with copies of ordinances, regulations, orders, contracts, forms, and other documents adopted or employed by the board and any other information requested by the commission concerning the board's activities.

- Section 4. KRS 262.763 is amended to read as follows:
- [(a) Notwithstanding KRS 65A.030[For fiscal periods ending prior to July 1, 6 (1) 7 2014], an audit of the accounts of each watershed conservancy district shall take 8 place once every four (4) years unless the watershed conservancy district receives 9 or expends one million dollars (\$1,000,000)[seven hundred fifty thousand dollars 10 (\$750,000)] or more in any year, in which case the watershed conservancy district 11 shall provide for the performance of an annual audit. The audit shall be conducted 12 in accordance with audit standards and requirements stipulated in KRS 65.065(5). 13 The board of directors of each watershed conservancy district shall select to make 14 the audit certified public accountants who have no personal interest in the financial 15 affairs of the board of directors or in any of its officers or employees.
- 16 (b) For fiscal periods beginning on and after July 1, 2015, the provisions of KRS

 17 65A.030 shall apply to the audit of accounts of each watershed conservancy

 18 district.]
- 19 (2) Immediately upon completion of each audit, the accountant shall prepare a report of
 20 his <u>or her</u> findings and recommendations. This report shall be to the board of
 21 directors and in such number of copies as specified by the board of directors. The
 22 actual expense of any audit authorized under this section shall be borne by the
 23 watershed conservancy district.
- 24 (3) The board of directors shall comply with the provisions of KRS 65A.010 to 65A.090, except that KRS 65A.030 shall not apply to watershed conservancy districts.
- → Section 5. KRS 262.910 is amended to read as follows:

(1) During the term of an easement, the restricted land shall be used solely for the production of crops, livestock and livestock products, and nursery and greenhouse products including the processing or retail marketing of these crops, livestock and livestock products, and nursery and greenhouse products if more than fifty percent (50%) of the processed or merchandised products are produced on the subject land, and for the raising and stabling of horses for commercial purposes. For the purposes of this section and administrative regulations promulgated under its provisions, "crops, livestock and livestock products, and nursery and greenhouse products" include, but are not limited to:

10 (a) Tobacco;

- 11 (b) Wheat, soybeans, corn, and all commercially-produced fruits and vegetables;
- 12 (c) Horticultural specialties, including nursery stock ornamental shrubs, 13 ornamental trees, and flowers;
 - (d) Livestock and livestock products, including cattle; sheep; swine; goats; horses; alpacas; llamas; buffaloes; any other animals of the bovine, ovine, porcine, caprine, equine, or camelid species; poultry; milk; and eggs; and
- (e) Aquatic plants and animals and their by-products.
- 18 (2) (a) During the term of an easement the landowner and the landowner's assigns,
 19 agents, or leasees shall not perform, nor knowingly allow others to perform,
 20 any act on or affecting the restricted land that is inconsistent with the
 21 provisions of this section. The landowner shall be deemed to have authorized
 22 the PACE board to enforce these provisions.
 - (b) Unless otherwise specified, the landowner shall not be required to take any action to restore the condition of the restricted land after any act of God or other event over which the landowner had no control.
- (c) Nothing in the PACE Program shall relieve the landowner of any obligation
 or restriction on the use of the property imposed by law.

1		(d)	The Commonwealth shall not locate landfills, sewage treatment plants, or
2			other public service facilities that are not compatible with or complimentary
3			to agricultural production on restricted lands.
4	(3)	(a)	To retain the agricultural viability of the restricted land, the PACE board shall
5			require, and the owner of the restricted land shall implement, a conservation
6			plan approved by the soil and water conservation district. This plan shall be
7			updated every ten (10) years and any time the basic farming operation
8			conducted on restricted lands is changed. All farming operations shall be
9			conducted substantially in accordance with the plan.
10		(b)	In addition to the requirements established by the soil and water conservation
11			district, the conservation plan shall require that:
12			1. The use of the land for growing sod, nursery stock, and ornamental trees
13			and shrubs does not remove excessive soil from the restricted land;
14			2. The excavation of soil, sand, gravel, stone, or other materials for use in
15			agricultural production on the restricted land is consistent with
16			subsection (4)(h) of this section and is conducted in a location and
17			manner that retains the viability of the restricted land for agricultural
18			production; and
19			3. The mining of minerals is consistent with subsection (4)(h) of this
20			section and is conducted only through the use of methods which will not
21			interfere with the viability of the restricted land for agricultural
22			production.
23	(4)	The	construction or reconstruction of any building or other structure, except those
24		exist	ing on the date of the easement or previously approved by the PACE board, is
25		proh	ibited except in accordance with this subsection

Existing fences may be repaired and replaced, and new fences may be built

anywhere on the restricted land for purposes of reasonable and customary

26

1 management of livestock and wildlife, without approval of the PACE board.

(b) New buildings and other structures and improvements to be used solely for agricultural purposes including the processing or sale of farm products predominantly grown or raised on the restricted land, but not including any dwelling or farm labor housing, may not be built on the restricted land without the advance approval of the PACE board. The PACE board shall give approval within a reasonable time, unless it determines that the proposed building, structure, or improvement would not be properly located or would significantly diminish the agricultural production capacity of the restricted land.

- (c) All existing single-family residential dwellings may be repaired, reasonably enlarged, and replaced at their current locations without further permission of the PACE board. No new single-family residential dwellings may be built on the restricted land without the advance approval of the PACE board. The PACE board shall give approval within a reasonable time, unless it determines that a proposed dwelling would not be properly located or would significantly diminish the agricultural production capacity of the restricted land.
- (d) The subdivision of the restricted land, whether by physical or legal process, is prohibited without the advance written approval of the PACE board. The PACE board shall give approval within a reasonable time, unless it determines that the proposed subdivision will diminish or impair the agricultural productivity of the restricted land.
- (e) The granting of rights-of-way through restricted land for the installation of, transportation of, or use of, lines for water, sewage, electric, telephone, gas, oil or oil products is permitted. The term "granting of rights-of-way" includes the right to construct or install the lines. The construction or installation of utility lines other than the types stated in this paragraph is prohibited on the

1 restricted land.

(f) No portion of the restricted land shall be paved or otherwise be covered with concrete, asphalt, gravel, or any other paving material, nor shall any road for access or other purposes be constructed, without the advance written approval of the PACE board. The PACE board shall give approval within a reasonable time, unless it determines that the proposed paving or covering of the soil, or the location of any road, will substantially diminish or impair the agricultural productivity of the restricted land.

- (g) Trees may be cut to control insects and disease, to prevent personal injury and property damage, and for firewood and other domestic uses, including construction of permitted buildings and fences on the restricted land. Trees may also be cut to clear land for cultivation or use of livestock, but only if done in accordance with the conservation plan required by subsection (3) of this section. Any commercial timber harvesting on the restricted land shall be conducted on a sustainable yield basis and in substantial accordance with a forest management plan prepared by a competent professional forester.
- (h) The mining or extraction of soil, sand, gravel, rock, oil, natural gas, fuel or any other mineral substance, using any method that disturbs the surface of the land, is prohibited without the advance written approval of the PACE board. The PACE board shall give approval within a reasonable time, unless it determines that the proposed mining or extraction will substantially diminish or impair the agricultural productivity of the restricted land.
- (i) The dumping or accumulation of any kind of trash or refuse on the restricted land is prohibited. However, this shall not prevent the storage of agricultural products and by-products on the restricted land, so long as it is done in accordance with all applicable laws, administrative regulations, and ordinances.

1	(1)	Golf courses are prohibited on the restricted land. Buildings and facilities for
2		any other public or private recreational use may not be built on the restricted
3		land without the advance written approval of the PACE board. The PACE
4		board shall not give approval unless it determines that the proposed use or
5		facilities will not substantially diminish or impair the agricultural productivity
6		of the restricted land.
7	<u>(k)</u>	Notwithstanding any other provision of this section to the contrary, upon a
8		proper application, which shall include supporting documentation from the
9		appropriate federal agency, the PACE board may give its written approval
10		of a proposal to erect structures, roads, and pathways on the surface of the
11		restricted land as long as:
12		1. An underground training facility for federal agency personnel exists
13		below the restricted land surface;
14		2. Any such structures, roads, or pathways constructed will be used for
15		the purpose of training federal agency personnel;
16		3. The applicant:
17		a. Signs an agreement with the PACE board requiring the
18		applicant to:
19		i. Remove such structures, roads, or pathways; and
20		ii. Restore the land to its previous condition and to the
21		satisfaction of the PACE board on or before a date that is
22		specified in the agreement;
23		b. Provides documentation of the county fiscal court's consent to
24		the construction of the proposed structures, roads, or pathways;
25		<u>and</u>
26		c. Agrees in writing to all of the requirements for the exemption as
27		established by the PACE board.

1	(5)	Landowners shall retain the right to perform any act not specifically prohibited or
2		limited by this section and administrative regulations promulgated under its
3		provisions. These ownership rights include, but are not limited to, the right to
4		exclude any member of the public from trespassing on the restricted land and the
5		right to sell or otherwise transfer the restricted land to anyone of the landowner's
6		choice.
