AN ACT relating to metropolitan sewer districts.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

- 3 → Section 1. KRS 76.090 is amended to read as follows:
- 4 (1) The district may establish a schedule of rates, rentals, and charges, to be collected
- from all the real property within the district area served by the facilities of the
- 6 district, and prescribe the manner in which and the time at which the rates, rentals,
- 7 and charges are to be paid, and may change the schedule from time to time as the
- 8 district deems necessary, advisable or expedient. The schedule may be based upon
- 9 either:

1

- 10 (a) The consumption of water on premises connected with the facilities, taking
- into consideration commercial and industrial use of water; [or]
- 12 (b) The number and kind of plumbing fixtures connected with the facilities; [or]
- 13 (c) The number of persons served by the facilities; [or]
- 14 (d) May be determined by the district on any other basis or classification which
- the district determines to be fair and reasonable, whether similar or dissimilar
- to those enumerated, except that the schedule shall be uniform for all
- 17 residential property; or
- (e) Any combination thereof.
- 19 This schedule may include additional charges for treatment of sewage, with a
- surcharge where the sewage contains industrial wastes or other wastes in excess of
- 21 limitations established by regulations of the district.
- 22 (2) Prior to the final adoption or modification of the schedule for the district area, the
- 23 district shall adopt a proposed schedule and publish notice thereof pursuant to KRS
- 24 Chapter 424. The notice so published shall be dated as of the date of first
- 25 publication thereof and shall state that the proposed or revised schedule of rates,
- 26 rentals, and charges will remain open for inspection in the office of the district for
- 27 thirty (30) days from the date of the notice, and that objections thereto in writing

may be filed during that period with the district by any person aggrieved thereby. The district shall examine and hear any and all complaints, may modify the proposed schedule, and shall adopt and establish a final schedule within sixty (60) days after the date of the notice; the schedule, however, shall not become final within a county outside a city of the first class until it has been approved by the fiscal court of the county, or shall not become final within a city of the first class, unless and until it has received the approval of the legislative body of the city of the first class by ordinance approved by the mayor; provided, however, the schedule finally adopted shall be sufficient and adequate to cover the purposes of this chapter. The schedules shall be uniform for all property falling within the same classification, which classification may be based upon the length of time the property has been in the district area, the drainage area within which the property lies, or any similar or dissimilar reasonable classification, except that the schedule shall be uniform for all residential property. The schedule so adopted and established shall thereafter be the rates, rentals, and charges for the use of the facilities of the district by users within the district area, until changed in the manner herein provided. The schedule of rates, rentals, and charges shall be established and revised from time to time so as to produce aggregate revenues to the district sufficient:

- (a) For the payment of the interest on and principal of all revenue bonds and other obligations of the district except construction subdistrict obligations and bonds;
- (b) For the payment of all cost and expenses of operating and maintaining the sewer and drainage system of the district within the district area, including but not limited to that portion of the salaries, wages, and fees of all officers and employees of the district equitably allocable to operations within or for the district area; and
