25 document that the collaboration meetings have taken place as required
26 by this section and that other provisions of this section have been met.

27 (16) Nothing in this chapter shall be construed as requiring an advanced practice

1 registered nurse designated by the board as a certified registered nurse anesthetist to
2 enter into a collaborative agreement with a physician, pursuant to this chapter or
3 any other provision of law, in order to deliver anesthesia care.

4 (17) (a) Except as provided in subsection (18) of this section, an advanced practice
5 registered nurse who wishes to continue to prescribe controlled substances
6 may be exempt from a CAPA-CS required under subsection (15) of this
7 section if the advanced practice registered nurse has:

- 8 1. Completed four (4) years of prescribing authority for controlled
9 substances with a CAPA-CS;
- 10 2. Maintained a United States Drug Enforcement Administration
11 registration; and
- 12 3. Maintained a master account with KASPER or the PDMP currently in
13 use in Kentucky pursuant to KRS 218A.202.

14 (b) On or after June 29, 2023:

- 15 1. An advanced practice registered nurse who has had four (4) years of
16 prescribing authority with a CAPA-CS and who wishes to prescribe
17 controlled substances without a CAPA-CS shall submit, via the APRN
18 update portal, a request for review from the Kentucky Board of Nursing
19 that the advanced practice registered nurse's license is in good standing;
- 20 2. An advanced practice registered nurse who has fewer than four (4) years
21 of prescribing authority with a CAPA-CS and who wishes to prescribe
22 controlled substances without a CAPA-CS shall complete the required
23 number of years under the then-current CAPA-CS to reach four (4)
24 years and shall submit, via the APRN update portal, a request for review
25 from the Kentucky Board of Nursing that the advanced practice
26 registered nurse's license is in good standing. However, if the then-
27 current CAPA-CS expires or is rescinded prior to the end of the four (4)

1 year term, a new CAPA-CS shall be required and subject to the
2 provisions of this section;

3 3. The advanced practice registered nurse shall not prescribe controlled
4 substances without a CAPA-CS until the board has completed its review

7 requirement; and

8 4. The review request shall include the payment of a fee set by the board
9 through the promulgation of an administrative regulation.

10 (c) Upon receipt of a request pursuant to this subsection, the Kentucky Board of
11 Nursing shall perform a review to determine whether the license of the
12 advanced practice registered nurse is in good standing based upon an
13 evaluation of the criteria specified in this subsection and in the administrative
14 regulation promulgated by the board pursuant to this subsection, including but
15 not limited to verification:

16 1. That a current United States Drug Enforcement Administration
17 registration certificate for the advanced practice registered nurse is on
18 file with the board;

19 2. That a current CAPA-CS notification for the advanced practice
20 registered nurse is on file with the board;

22 with the electronic system for monitoring controlled substances pursuant
23 to KRS 218A.202;

24 4. Through a criminal background check of the absence of any unreported
25 misdemeanor or felony convictions in Kentucky; and

26 5. Through a check of the coordinated licensure information system
27 specified in KRS 314.475 of the absence of any unreported disciplinary

1 actions in another state.

2 (d) Based on the findings of these actions, the Kentucky Board of Nursing shall
3 determine if the advanced practice registered nurse's license is in good
4 standing for the purpose of removing the requirement for the advanced
5 practice registered nurse to have a CAPA-CS in order to prescribe controlled
6 substances.

7 (e) If the advanced practice registered nurse's license is found to be in good
8 standing, the advanced practice registered nurse shall be notified by the board
9 in writing that a CAPA-CS is no longer required. The advanced practice
10 registered nurse shall not be required to maintain a CAPA-CS as a condition
11 to prescribe controlled substances unless the board later imposes such a
12 requirement as part of an action instituted under KRS 314.091(1). An
13 advanced practice registered nurse may choose to maintain a CAPA-CS
14 indefinitely after the determination of good standing has been made. An
15 advanced practice registered nurse who chooses to prescribe without a CAPA-
16 CS shall be held to the same standard of care as all other providers with
17 prescriptive authority.

18 (f) If the advanced practice registered nurse's license is found not to be in good
19 standing, the CAPA-CS requirement shall not be removed until the license is
20 restored to good standing, as directed by the board.

21 (g) The Kentucky Board of Nursing shall conduct random audits of the
22 prescribing practices of advanced practice registered nurses, including those
23 who are no longer required to have a CAPA-CS in order to prescribe, through
24 a review of data obtained from the KASPER report or that of the PDMP
25 currently in use in Kentucky pursuant to KRS 218A.202 and shall take
26 disciplinary action under KRS 314.091(1) if a violation has occurred.

27 (18) (a) An advanced practice registered nurse wishing to practice in Kentucky

1 through licensure by endorsement is exempt from the CAPA-CS requirement

- 3 1. Has met the prescribing requirements for controlled substances in a state
4 that grants such prescribing authority to advanced practice registered
5 nurses;
- 6 2. Has had authority to prescribe controlled substances for at least four (4)
7 years; and
- 8 3. Has a license in good standing as described in subsection (17) of this
9 section and in the administrative regulation promulgated by the board
10 pursuant to subsection (17) of this section.

11 (b) An advanced practice registered nurse wishing to practice in Kentucky
12 through licensure by endorsement who has had the authority to prescribe
13 controlled substances for less than four (4) years and wishes to continue to
14 prescribe controlled substances shall enter into a CAPA-CS with a physician
15 who has an active and unrestricted license~~licensed~~ in Kentucky and
