1 AN ACT relating to school counselors and making an appropriation therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

\$97,605,000 in fiscal year 2025-2026 from the Budget Reserve Trust Fund Account established by KRS 48.705 to the Support Education Excellence in Kentucky (SEEK) Program budget unit to provide financial assistance to local school districts for employment of school counselors pursuant to KRS 158.4416(3)(a)1. The Kentucky Department of Education shall reimburse local school districts for the salary of one school counselor in each public school or public charter school. Included in the appropriation are sufficient funds to enable local school districts to provide the employer match to the Teachers' Retirement System. If the appropriation contained in this section is insufficient for reimbursement to local school districts for the salary of one school counselor at each public school or public charter school, the Kentucky Department of Education is authorized to pro rata reduce the reimbursement to each school district. The Kentucky Department of Education shall develop policies for the reimbursement to local school districts for the purposes detailed in this Act.
