1 A JOINT RESOLUTION directing the Department of Revenue to evaluate and 2 report on the cost of production of agricultural tax exemption number cards.

WHEREAS, agriculture is a vital economic driver in Kentucky and when agriculture thrives, the state's economy thrives. In 2020, a partnership between the Department of Revenue and Kentucky farmers was established to aid Kentucky farmers in their daily operations; and

WHEREAS, with the passage of Senate Bill 148 in 2020, the General Assembly
granted eligible farmers a sales and use tax exemption number applicable on the purchase
of certain agricultural items, allowing farmers to retain more of their hard earned funds;
and

WHEREAS, many Kentucky farmers have benefited and continue to benefit from the successful implementation of the agricultural tax exemption program. Farmers, retailers, and buyers utilize the streamlined services operated by the Department of Revenue to self-certify, and access to a searchable database allows retailers to verify a farmer's assigned tax exemption number. However, a need has arisen for a physical tax exemption card to be issued to eligible farmers to provide ease of usage when making purchases;

18 NOW, THEREFORE,

19 Be it resolved by the General Assembly of the Commonwealth of Kentucky:

20 → Section 1. The Department of Revenue is hereby directed to compile a report on
21 the in-house or third-party production costs for a physical agricultural tax exemption card
22 to be issued to all participating farmers.

Section 2. In addition to reporting on the production costs of the physical
agricultural tax exemption cards, the Department of Revenue shall include in its report
implementation data from other states that issue physical agricultural tax exemption
cards.
