6 maintained system, by official order, may increase on designated highways or
7 portions thereof, the maximum height, length, and gross weight prescribed in KRS
8 189.221, if in the opinion of the secretary, the increased height, length, and weight
9 designated by him or her are justified by the strength, safety, and durability of the
10 designated highways, and the highways do not appear susceptible to unreasonable
11 and unusual damage by reason of the increases and the secretary may establish
12 reasonable classification of state maintained roads and fix a different maximum for
13 each classification. Any increase in the height, length, or width of any motor truck
14 or tractor semitrailer combinations or any other vehicle combinations including any
15 part of the body or load or designation of highways to be used by the vehicles, shall
16 not, in any way, exceed the federal law or regulations thereunder or jeopardize the
17 allotment or qualification for federal aid funds of the Commonwealth of Kentucky
18 or exceed the following dimensions and weights:

6 total gross weight of the vehicle and load shall not exceed eighty thousand
7 (80,000) pounds;

8 (d) Except on the interstate highway system, a tolerance of not more than five
9 percent (5%) per axle load shall be permitted before a carrier is deemed to

11 exceed eighty thousand (80,000) pounds;

12 (e) Except as provided for in paragraph (f) of this subsection, truck tractor,
13 semitrailer and trailer combinations, and other vehicle combinations may be

3 transporting a nondivisible load, whose gross weight including load, height,
4 width, or length exceeds the limits prescribed by this chapter or which in other
5 respects fail to comply with the requirements of this chapter. Permits may be
6 issued by the department for stated periods, special purposes, and unusual
7 conditions, and upon terms in the interest of public safety and the preservation
8 of the highways as the department may require.
- 9 (b) Subject to the limitations in subsection (4) of this section, the department shall
10 promulgate administrative regulations in accordance with KRS Chapter 13A
11 to set fees for permits established under this section.
- 12 (2) Except as provided in subsection (8) of this section, the department may, at the
13 request of an applicant, issue a single-trip permit regardless of the type of vehicle or
14 equipment being transported that exceeds the weight or dimension limits
15 established by this chapter if the load being transported is a nondivisible load.
- 16 (3) (a) Except as provided in subsection (8) of this section, the department may, at
17 the request of an applicant, issue an annual permit regardless of the type of
18 vehicle or equipment being transported that exceeds the weight or dimension
19 limits established by this chapter if the load being transported is a nondivisible
20 load.
- 21 (b) Except as provided in paragraph (c) of this subsection, a~~The~~ vehicle
22 operating under a permit issued under this subsection shall not exceed sixteen
23 (16) feet in width exclusive of usual and ordinary overhang, one hundred

8 a dealership to a farm, from a farm to a dealership, or from a dealership to a
9 dealership, one hundred fifty dollars (\$150).

10 (5) Permits issued under this section shall be for nondivisible loads and shall be valid
11 statewide; however, the department may, as a condition of issuing an annual or
12 single-trip permit, limit the overweight or overdimensional vehicle to specified
13 routes, exclude certain highways, or even cancel an applicant's permit if an
14 unreasonable risk of accident or an unreasonable impedance of the flow of traffic
15 would result from the presence of the overweight or overdimensional vehicle. A
16 person who applies for, and accepts, a permit issued under this section is
17 acknowledging that the Kentucky Transportation Cabinet is not guaranteeing safe
18 passage of vehicles by issuing the permit. A person who applies for, and accepts, a
19 permit issued under this section agrees to measure all clearances of highway
20 structures, both laterally and vertically, prior to passage of the person's vehicles
21 along the routes specified in the permit. A person who applies for, and accepts, a
22 permit issued under this section is classified as a bare licensee whose duty is to

26 promulgate administrative regulations under KRS Chapter 13A to establish
27 requirements for escort vehicles, safety markings, and other safety restrictions

1 governing the operation of an overweight or overdimensional vehicle. The
2 department shall provide each applicant for an annual or single-trip permit issued
3 under this section a copy of all restrictions associated with the overweight or
4 overdimensional permit at no charge to the applicant. The department shall be

7 through the administrative regulation process.

8 (7) (a) Notwithstanding KRS 189.269, the department may, at the request of an
9 applicant who is a transporter of manufactured housing, issue an annual
10 permit that exceeds the weight or dimension limits established by this chapter
11 if the load being transported is a nondivisible load.

12 (b) The vehicle operated shall not exceed sixteen (16) feet in width exclusive of

16 (c) The holder of a permit issued under this subsection shall, when transporting a
17 manufactured home:

- 18 1. Abide by all escort requirements, safety markings, and other safety
19 restrictions governing overweight and overdimensional vehicles; and
- 20 2. Equip each truck operating under a permit with global positioning
21 system technology that keeps a record of locations traveled. The travel
22 records of trucks operating under a permit shall be open to inspection by
23 the Transportation Cabinet.

24 (d) Any person with a permit under this subsection who operates a vehicle greater
25 than thirteen (13) feet six (6) inches in height while operating in a restricted
26 area designated by the Transportation Cabinet shall be fined one thousand
27 dollars (\$1,000).

- 1 (8) The cabinet shall not issue an annual permit under this section if the person
2 applying for the permit is eligible for an annual permit issued under KRS 189.2716
3 or 189.2717.
- 4 (9) The department may require the applicant to give bond, with approved surety, to
5 indemnify the state or counties against damage to highways or bridges resulting
6 from use by the applicant. The operation of vehicles in accordance with the terms of
7 the permit issued under this section shall not constitute a violation of this chapter if
8 the operator has the permit, or an authenticated copy of it, in his or her possession.
- 9 (10) Any person transporting a parade float which exceeds the dimensional limits on a
10 highway over which it is transported shall be required to obtain a permit as required
11 in subsection (2) of this section. If the float is being used in conjunction with a
12 parade to be held within the boundaries of the Commonwealth, a fee shall not be
13 assessed by the department to issue the permit.
- 14 (11) A person shall not operate any vehicle in violation of the terms of the permit issued
15 under this section.
- 16 (12) (a) The cabinet shall not promulgate administrative regulations pursuant to this
17 section that restrict the time or days of the week when a permit holder may
18 operate on the highway, except that travel may be limited from 6 a.m. to 9
19 a.m. and 3 p.m. to 6 p.m. Monday through Friday. In addition to the
20 restrictions established in this paragraph, any manufactured home being
21 transported by permit issued under this section shall not travel on any
22 highway after daylight hours Monday through Saturday, or at any time on
23 Sunday.
- 24 (b) The cabinet shall allow a permit holder who has obtained a permit to transport
25 equipment to a work site to return to the permit holder's place of business
26 immediately after work is completed at the job site, subject to the limitations
27 of paragraph (a) of this subsection.

- 1 (c) The cabinet shall not promulgate administrative regulations pursuant to this
2 section setting forth escort vehicle requirements for overdimensional farm
3 implements or vehicles towing overdimensional farm implements that are
4 more stringent than the following:
- 5 1. For a single vehicle and load in excess of twelve (12) feet in width being
6 operated on a two (2) lane highway, no more than one (1) lead vehicle
7 shall be required;
 - 8 2. For a single vehicle and load in excess of twelve (12) feet in width being
9 operated on a four (4) lane highway, no more than one (1) trail vehicle
10 shall be required;
 - 11 3. For a single vehicle and load in excess of eighty-five (85) feet in length
12 being operated on a two (2) lane highway, no more than one (1) lead
13 vehicle shall be required;
 - 14 4. For more than one (1) vehicle and load in excess of twelve (12) feet in
15 width or eighty-five (85) feet in length being operated as a convoy on a
16 two (2) lane highway, no more than one (1) lead vehicle shall be
17 required;
 - 18 5. A lead escort vehicle on a two (2) lane highway under this paragraph
19 may also serve as a tow vehicle;
 - 20 6. Any distance for lead or trail escort vehicles shall contain provisions
21 allowing for a variance from that distance due to safety or road
22 conditions; and
 - 23 7. A vehicle or its escort shall be required to bear a sign declaring that the
24 vehicle is oversized or be required to use lights, flashers, or flags, but a
25 vehicle or its escort shall not be required to do both.

26 ➔Section 4. KRS 189.2717 is amended to read as follows:

- 27 (1) (a) Subject to the provisions of KRS 189.222, the department may promulgate

1 administrative regulations pursuant to KRS Chapter 13A governing the
2 issuance of annual permits for the operation of motor vehicles transporting
3 nondivisible loads in this Commonwealth whose gross weight exceeds the
4 limits prescribed by this chapter.

5 **(b) Except as provided in paragraph (c) of this subsection,** the gross weight of a
