5 Postsecondary Education shall have the final authority to determine the compliance  
6 of postsecondary institutions with their academic, service, and research missions;
- 7 (5) Establish and ensure that all postsecondary institutions in Kentucky cooperatively

26 institutions in adjoining states, the resident fees charged by other states, the  
27 total actual per student cost of training in the institutions for which the fees

3 factors the council may in its sole discretion deem pertinent, except that the  
4 Kentucky Community and Technical College System may assess a mandatory  
5 student fee not to exceed eight dollars (\$8) per credit hour to be used  
6 exclusively for debt service on amounts not to exceed seventy-five percent  
7 (75%) of the total projects cost of the Kentucky Community and Technical

14 upon the retirement of the project bonds for which it services debt.

15 (d) Prior to the issuance of any bonds, the Kentucky Community and Technical  
16 College System shall certify in writing to the secretary of the Finance and  
17 Administration Cabinet that sufficient funds have been raised to meet the  
18 local match equivalent to twenty-five percent (25%) of the total project cost;

20 recommendations to the Governor for consideration in developing  
21 recommendations to the General Assembly for appropriations to the universities,

23 for persons to maintain necessary levels of literacy throughout their lifetimes. The  
24 council has sole discretion, with advice of the Strategic Committee on

5 property acquisitions, and regardless of the source of funding for projects or  
6 acquisitions. Approval of capital projects and real property acquisitions shall  
7 be on a basis consistent with the strategic agenda and the mission of the  
8 respective universities and the Kentucky Community and Technical College  
9 System.
- 10 (b) The organized groups that are establishing community college satellites as  
11 branches of existing community colleges in the counties of Laurel, Leslie, and  
12 Muhlenberg, and that have substantially obtained cash, pledges, real property,

21 promote maximum cooperation between the state postsecondary system and private

23 Association of Independent Kentucky Colleges and Universities stating the

6 is to indoctrinate participants with a discriminatory concept.
- 7 (b) The council shall expedite wherever possible the approval of requests from  
8 the Kentucky Community and Technical College System board of regents  
9 relating to new certificate, diploma, technical, or associate degree programs of  
10 a vocational-technical and occupational nature. Without the consent of the  
11 General Assembly, the council shall not abolish or limit the total enrollment  
12 of the general program offered at any community college to meet the goal of  
13 reasonable access throughout the Commonwealth to a two (2) year course of  
14 general studies designed for transfer to a baccalaureate program. This does not  
15 restrict or limit the authority of the council, as set forth in this section, to  
16 eliminate or make changes in individual programs within that general  
17 program;
- 18 (16) Eliminate, in its discretion, existing programs or make any changes in existing
