

1       A RESOLUTION commending Taiwan for its deepening relations with the United  
2 States and the Commonwealth of Kentucky.

3       WHEREAS, Taiwan and the United States of America are long-standing allies that  
4 deeply cherish the shared values of democracy, peace, and prosperity. Taiwan continues  
5 to pursue integrated diplomacy and the "Three Chains" Strategy, which includes the  
6 strategic framework of the "Global Democratic Value Chain", the "First Island Chain in  
7 the Indo-Pacific," and the "Non-Red Supply Chain," and serves to highlight that common  
8 values, a firm alliance, and a flourishing economy serves the best interests of the Indo-  
9 Pacific region by strengthening ties with like-minded nations, safeguarding regional  
10 security, and leveraging its technological and economic achievements to promote  
11 mutually beneficial partnerships; and

12       WHEREAS, 2026 marks both the 250th Anniversary of United States  
13 Independence and the 30th Anniversary of Taiwan's first direct presidential election--  
14 milestones that honor liberty and the principle that sovereignty resides in the people. This  
15 shared celebration reaffirms Taiwan-U.S. commitment to the rule of law, human rights,  
16 and a rules-based international order. Through close cooperation, Taiwan and the United  
17 States strengthen democratic values and contribute to Indo-Pacific security, economic  
18 resilience, and global peace and stability for future generations; and

19       WHEREAS, the People's Republic of China has repeatedly engaged in economic  
20 coercion, conducted military exercises directed toward Taiwan, and misinterpreted  
21 United Nations General Assembly Resolution 2758 (XXVI) to obstruct Taiwan's  
22 contributions to the international community, thereby contributing to global challenges to  
23 the rules-based international order and enabling aggressive authoritarian expansionism;  
24 and

25       WHEREAS, Taiwan is the United States' seventh-largest trading partner, while the  
26 United States is Taiwan's second-largest, with bilateral trade-in-goods value estimated at  
27 \$158.8 billion in 2024; and Taiwan ranks as Kentucky's twentieth-largest export market,

1 with Kentucky exporting \$328 million trade in goods to Taiwan, while Taiwan ranks as  
2 Kentucky's third-largest import source, with Kentucky importing \$7.9 billion trade in  
3 goods from Taiwan that year. The first agreement implemented under the U.S.–Taiwan  
4 Initiative on 21st-Century Trade establishes commitments on anti-corruption measures,  
5 sound regulatory practices, customs administration and trade facilitation, and the  
6 promotion of small and medium-sized enterprises; and

7 WHEREAS, Foxconn Technology USA Corp., the American subsidiary of Taiwan-  
8 listed Foxconn Technology Co. Ltd., will locate its first United States manufacturing  
9 operation in Louisville, with a \$173 million investment that will create 180 new jobs and  
10 upgrade mutual economic and technological relations between the Commonwealth and  
11 Taiwan;

12 NOW, THEREFORE,

13 *Be it resolved by the House of Representatives of the General Assembly of the*  
14 *Commonwealth of Kentucky:*
