**STATE IMPACT:** Class A, B & C felonies are based on an average daily prison rate of \$66.82. Most Class D felons are housed in one of 76 full service jails for up to 5 years. DOC's cost to incarcerate a felony inmate in a jail is \$31.41 per day (includes jail per diem, medical & central office costs), not including substance abuse treatment. Projections are based on the daily rate x 365 x number of years.

**Projected Impact:**     NONE       MINIMAL       MODERATE       SIGNIFICANT

Creates no new felonies.

The legislation expands where individuals with a valid carry concealed weapon permit may carry or possess a weapon. There is no impact to the Department.

**LOCAL IMPACT:** Local governments are responsible for the cost of incarcerating individuals charged with Class A or B misdemeanors and felony defendants until disposition of the case. While the expense varies by jail, this estimated impact will be based on \$31.34 per day, which equals the per diem and medical that DOC pays jails to house felony offenders.

**Projected Impact:**     NONE       MINIMAL       MODERATE       SIGNIFICANT

Creates no new misdemeanor offenses.
