MEASURE'S PURPOSE: The purpose of this measure is to permanently create and fund the Kentucky Coal Fields Endowment Fund to support efforts to diversify the economy of the coal fields in Kentucky.

PROVISIONS/MECHANICS: Section 1 of this bill creates the Kentucky Coal Fields Endowment Fund, recognizes the purpose of the fund, and funds it through coal severance and processing tax receipts at the rate of \$7.5 million per year.

Section 2 of the bill creates an authority for running the fund. The authority is made up of executive appointees and the commissioner of the Department for Local Government. The authority holds the discretion to disburse funds and to invest the funds as it sees fit.

FISCAL EXPLANATION: This bill appropriates \$7.5 million per year from the coal severance and processing tax revenue to the Kentucky Coal Fields Endowment Fund. If this bill is passed, the first transfer to the fund of \$1.875 million will be made on the date of the first quarterly

transfer to the Local Government Economic Development Fund following the 90th day after the close of the session.

Since this bill takes money from coal severance and processing tax revenues, there will be \$7.5 million less from coal severance and processing tax to go to the general fund. This transfer is included in 2016 RS HB 303, so it does not affect this biennium.
