**STATE IMPACT:** Class A, B & C felonies are based on an average daily prison rate of \$71.10. Most Class D felons are housed in one of 76 full service jails for up to 5 years. DOC's cost to incarcerate a felony inmate in a jail is \$32.78 per day (includes jail per diem, medical & central office costs), not including substance abuse treatment. Projections are based on the daily rate x 365 x number of years.

**Projected Impact:**  NONE  MINIMAL to MODERATE (< \$1 million)  SIGNIFICANT (> \$1 million)

HB 190 establishes expanded gaming in Kentucky, to include licensure for full casino gaming approved for establishment by local election and limited casinos at horse racing tracks that conduct pari-mutuel wagering.

Section 35 of the proposed legislation establishes a Class D felony for knowingly or intentionally 1) Use or possess with the intent to use a device to assist in projecting the outcome of a game, keeping track of playing cards, analyzing

the probability of an occurrence related to gambling, or analyzing the strategy for playing or betting not permitted by the corporation; 2) Cheat at a gambling game, 3) Manufacture, sell, or distribute cards, chips, dice, etc.; 4) Alter or misrepresent the outcome of a game on which wagers have been made after the outcome but before the outcome is revealed to players; 5) Place a bet on the outcome after acquiring knowledge that is not available to all players and concerns the outcome of the game subject to the bet; 6) Claim, collect, take (or attempt) money or anything of value from a game by cheating; 7) Use or possess counterfeit chips or machine tokens; 8) Possess a key or device for opening, entering, or affecting the operation of game or mechanical device connected with a gambling game; 9) Removing coins, tokens, chips, or other contents of a gambling game; or 10) Possess materials used to manufacture a slug or device intended to cheat.

Section 37 specifies that engagement in licensed casino gaming does not apply to a violation of law for Loitering pursuant to KRS 525.090.

Under Sections 39 - 41 the female pronoun is added to KRS 528.020 Promoting Gambling, KRS 528.070 Permitting Gambling, and KRS 428.080 Possession of a Gambling Device. Criminal offenses KRS 528.070 Permitting Gambling and KRS 528.080 Possession of a Gambling Device are modified to specify gambling that is not licensed under KRS 154A.

AOC records reflect forty-eight (48) convictions from FY2016-FY2018 surrounding Permitting Gambling, Possession of a Gambling Device, and Promoting Gambling 1<sup>st</sup> and 2<sup>nd</sup> Degree (includes inchoate offenses). The Department of Corrections currently has thirteen (13) offenders incarcerated or on supervision for convictions for Promoting Gambling, zero (0) offenders for Permitting Gambling, and two (2) offenders for Possession of a Gambling Device.

The addition of a felony offense under this legislation is not expected to have a significant impact on incarceration costs due to the limited number of offenses expected.

A Class D Felony sentence is 1 to 5 years.	10 Class D Felons cost KY \$119,649 to \$598,244
1 Class D Felon costs KY \$11,965 to \$59,824	100 Class D Felons cost KY \$1.2M to \$6M

**LOCAL IMPACT:** Local governments are responsible for the cost of incarcerating individuals charged with Class A or B misdemeanors and felony defendants until disposition of the case. While the expense varies by jail, this estimated impact will be based on \$31.34 per day, which equals the per diem and medical that DOC pays jails to house felony offenders.

**Projected Impact:**  NONE  MINIMAL to MODERATE (< \$1 million)  SIGNIFICANT (> \$1 million)

Class D offenders as established under this legislation would serve their sentence in a county jail at a cost to the state of \$31.34 per day to the local jail.

Section 35 creates Class A misdemeanor offenses if a person knowingly or intentionally 1) Makes a false statement on an occupational, manufacturer's, supplier's or casino license application; 2) Permits a person less than twenty-one (21) years of age to wager at a casino; or 3) Being less than twenty-one (21) years of age, enters or attempts to enter a casino. Misdemeanors are subject to the jurisdiction and cost of the county.

While it is not possible to predict the number of misdemeanor offenders subject to these charges, the anticipated number would be minimal. Due to limited capacity, any number of additional offenders does impact local jail populations.

The proposed legislation has a minimal local impact in terms of incarceration costs.

A Class A misdemeanor is 90 days to 1 year in jail.	10 Class A misdemeanants: \$28,206 to \$114,391
1 Class A misdemeanant: \$2,821 to \$11,439	100 Class A misdemeanants: \$282,060 to \$1,143,910

**NOTE: Consideration should be given to the cumulative impact of all bills that increase the felon population or that impose new obligations on state or local governments. The Department of Corrections and local jails continue to operate over capacity. Without steps to reduce the population, any legislation that increases population or lengthens the term of incarceration will have a significant impact on correctional operations.**
