

SB 131 SCS retained the provisions of SB 131 and replaced the purpose of retained biological evidence for use “**in an unsolved investigation**” with “**in order to assist federal, state, and local criminal justice and law enforcement agencies within and outside the Commonwealth in the identification detection, or exclusion of individuals who are subjects of investigation or prosecution**”. This change does not affect the fiscal impact identified for SB 131.

The fiscal impact of SB 131 SCS is the same as for SB 131.
