PURPOSE OF MEASURE: The purpose of the measure is to establish the amount of funds to be allocated to and used by the Local Health Departments (LHDs) from the Department for Public Health (DPH) and to establish new requirements for allowable fees.

FISCAL EXPLANATION: Existing funding sources within DPH will be reallocated to the LHDs for foundational public health programs. The mechanism for the distribution of funds is based on the estimated number of full-time equivalents needed to provide the foundational services, per the population size residing in the county of the LHD. Because existing funding is being utilized, this legislation has no fiscal impact to the agency.
