Part II: Bill Provisions and the Estimated Fiscal Impact Relating to Local Government

HB 258 provides that any compensation resulting from the disposal of real or personal property that was purchased by a jailer and paid for with proceeds from the jailer's canteen account must be returned to the canteen account from which the property was originally purchased. This includes funds received from the sale of an asset, from an insurance claim as in the case of a vehicle purchased with canteen funds, or from any other avenue of disposition.

The fiscal impact of HB 258 on local governments is expected to be minimal. HB 258 may save time and paper work in that funds will go directly to the jailer and not be funneled through the county's general fund.
