RE: House Bill 7 (2020 RS BR 80)
AA Statement Required by KRS 6.350
AA Statement 1 of 2

Dear Ms. Carney:

House Bill 7 (2020 RS BR 80), in pertinent part, proposes to create a new section of Kentucky Revised Statute 154A to establish initial licensing fees for full casinos to be paid to the corporation for casino licensing. Amounts paid in excess of the corporation's oversight and administration of casino licensure will be allocated to the Kentucky Employees Retirement System Nonhazardous pension fund (KERS Nonhaz), the Kentucky Employees Retirement System Hazardous pension fund (KERS Haz), and the Kentucky Teachers' Retirement System in amounts the General Assembly determines best meet the needs of the respective funds at that time. The bill would also create a new section of KRS Chapter 154A to establish the casino gaming revenue distribution trust fund in the State Treasury. For the ten (10) fiscal years after the effective date of the Act all revenue deposited in the trust fund in excess of the amount required for oversight and administration of casino gaming will be appropriated to the KERS Nonhaz pension fund, the KERS Haz pension fund, and the Kentucky Teachers' Retirement System in amounts the General Assembly determines best meet the needs of the respective funds.

Kentucky Retirement Systems staff members have examined House Bill 7 (2020 RS BR 80). We have determined that the bill will not increase or decrease benefits or the participation in benefits in any of the retirement systems administered by Kentucky Retirement Systems. House Bill 7 (2020 RS BR 80) could potentially reduce the unfunded actuarial liability of the KERS Nonhaz and KERS Haz pension plans administered by Kentucky Retirement Systems, as passage of the bill would create a new revenue stream for that fund.

In accordance with KRS 6.350 (2)(c), Kentucky Retirement Systems certifies the following:

1. The estimated number of individuals affected as of June 30, 2019 are 33,432 active; 46,721 inactive; and 42,874 retired members in the KERS Nonhaz plan; and 3,779 active; 5,094 inactive; and 3,146 retired members in the KERS Haz plan;
2. There is no estimated change in benefit payments;

3. The additional revenue generated by House Bill 7 (2020 RS BR 80) could reduce employer costs;
and
4. There is no estimated change to administrative expenses.

We have not requested any further actuarial analysis of House Bill 7 (2020 RS BR 80) by the Systems' independent actuary.

Please let me know if you have any questions regarding our analysis of House Bill 7 (2020 RS BR 80).

Sincerely,

David L. Eager
Executive Director
Kentucky Retirement Systems
