## Part II: Bill Provisions and the Estimated Fiscal Impact Relating to Local Government

HB 139 expands the following definitions in regards to the State Police, Kentucky Employees, and County Employees retirement systems:

The definition of 'dependent child' is expanded to also include a dependent of an individual that becomes totally and permanently disabled due to a line of duty injury or as a single act of violence related to his or her job duties, or becomes disabled due to a nonhazardous duty-related injury.

For members who die in the line of duty or die as a result of a nonhazardous duty-related injury, HB 139 expands the definition of "monthly average pay" to be the higher of a member's monthly compensation rate of pay or the 12-month average compensation earned by the member prior to the date the disabling event occurred or the single act of violence occurred.

HB 139 provides that if the disabling condition is a total and permanent disability disabled due to a line of duty injury or as a single act of violence related to his or her job duties, or as a result of a duty-related injury regarding nonhazardous members, the monthly retirement allowance payable shall not be less than 75% of the member's monthly average pay. Additionally, dependent children payments shall not exceed 100% of the member's monthly average pay and the total dependent' children's benefits shall not exceed 25% of the members monthly average pay while the member is living and 40% of the member's monthly average pay after the member's death. All payments shall be divided equally among all dependent children.

Also as a result of a line of duty or duty-related injury, the member will have his premium for hospital and medical benefits paid in full as if he or she had completed 240 months of service. These premiums shall be paid for the spouse if the member is disabled and if the member is deceased, the premiums shall be paid for the surviving spouse (if the spouse is also the beneficiary) and for the dependent children as long as the member, beneficiary, or dependent child remains eligible for a monthly retirement benefit.

The fiscal impact of HB 139 on local governments indeterminable without a review of each entities fiscal situation and their ability to meet the contribution requirement. If they are not, the impact on the local government is dependent on whether or not the agencies are statefunded; whether or not the agencies, primarily health departments, have taxing authority; and whether or not the local government is fiscally able to make up the difference if the agency is unable to pay their contribution.

## Part III: Differences to Local Government Mandate Statement from Prior Versions

Part II relates to HB 139 as introduced.
