

Enterprises, a vendor that provides electronic voting machines to almost 100 Kentucky counties, there are additional programming costs associated with adding a new constitutional amendment to the ballot on an already scheduled statewide election. For example, the cost to add a new category to the ballot for Lexington-Fayette Urban County Government, with 286 precincts, was estimated at between \$3,500 and \$4,500, and for Franklin County, with 44 precincts, the cost was estimated at between \$1,700 and \$2,500.

There could be additional costs associated with extra paper (if the ballot language requires additional space) for paper ballots and absentee voting. It has been estimated that the cost of one extra page for a single ballot is \$0.25, depending on the county's printing contract. Therefore, the total cost would depend on the number of paper ballots that would need the extra page.
