District	Population	Deviation	% Devn.
1	622,860	2,382	0.38%
2	611,342	-9,136	-1.47%
3	610,033	-10,445	-1.68%
4	782,969		
5	661,053	40,575	6.54%
6	616,695	-3,783	-0.61%
7	600,884	-19,594	-3.16%

Jefferson County has been assigned a zero population as it constitutes a single Supreme Court District, specifically District 4, as inclusion of its actual population of 782,969 would skew the deviation calculation of the remaining six Supreme Court Districts that contain more than one county. The deviation percentages that are noted reflect the population deviations among the six remaining Supreme Court Districts.
