STATE IMPACT: Class A, B, & C felonies are based on an average daily prison rate of \$97.60. Community Custody Class C and most Class D felons are housed in one of seventy-four (74) full service or regional jails for up to five (5) years. Department of Corrections' cost to incarcerate a felony inmate in a jail is \$35.43 per day, which includes \$31.34 per diem, medical costs, & central office administrative costs (substance abuse treatment not included).*

Projected Impact: NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

This legislation removes criminal penalties for personal amounts of cannabis related to possession, trafficking, or cultivation. At a felony level, the impact to the Department of Corrections from the legislation could be significant.

In addition, personal amounts of cannabis shall not be grounds for revocation of community supervision or sanctioned as a violation of conditions of supervision.

Cannabis and marijuana are defined in KRS 218A.010. Personal use quantities are established as one (1) ounce of cannabis in plant form, five (5) grams of resin or concentrates, 1,000 milligrams of cannabis products, and five (5) plants.

KRS 218A.1422 Possession of Marijuana is revised to unlawfully possessing more than personal use quantity of cannabis.

- ◆ Possession of Marijuana is a Class B misdemeanor.

KRS 218A.1421 Trafficking in Marijuana is revised to indicate an amount more than a personal amount of cannabis but less than eight (8) ounces.

- ◆ Trafficking in Marijuana ranges from a Class A misdemeanor to a Class B felony depending on the amount and offense number.

KRS 218A.1423 Marijuana Cultivation is revised to indicate an amount of more than five (5) cannabis plants.

- ◆ Marijuana Cultivation is a Class D or Class C felony depending on the number of plants and subsequent offenses.

KRS 219A.500 Possession of Drug Paraphernalia is revised to establish an exception for cannabis accessories.

- ◆ Possession of Drug Paraphernalia is a Class A misdemeanor.

KRS 218A.410 prohibits forfeiture. KRS 533.030 prohibits drug testing for cannabis as a condition of probation supervision. KRS 138.872 discusses marijuana stamp taxes for amounts other than personal use.

The legislation also establishes a retroactive expungement process for identified criminal marijuana related convictions for which the offense involved did not record a quantity of marijuana in excess of a personal quantity or a cannabis accessory. Eligible convictions include Possession of Marijuana, Trafficking less than eight ounces, Cultivation less than five (5) plants, and Drug Paraphernalia.

- ◆ Currently the Department of Corrections has 510 inmates incarcerated on marijuana related offenses:
 - 361 Trafficking in Marijuana,
 - 53 Cultivating Marijuana, and
 - 96 Possession convictions.*(Note: offenders may be incarcerated for other offenses or have multiple offenses.)*
- ◆ There are 5,003 community offenders on supervision for marijuana related offenses:
 - 1,931 Trafficking in Marijuana,
 - 366 Cultivating Marijuana, and
 - 2,706 Possession of Marijuana convictions.
- ◆ AOC records for FY 2021 reflect 289 Class D, sixty-one (61) Class C, and three (3) Class B felony convictions for marijuana related offenses. *(Includes inchoate offenses.)*

The legislation would reduce the number of offenders receiving convictions for possession, trafficking, and cultivation, though there would be individuals who continue to commit the offenses of possessing, trafficking, and cultivating beyond the quantities specified under the legislation.

The statutory changes as introduced will have an impact on supervision of offenders, substance abuse treatment, and drug testing/monitoring. There would be a minimal cost for the Department of Corrections to modify the offender management system. There would be a volume of work related to expungement, for both current and older records which may be eligible for expungement.

Cost to Incarcerate

A Class D Felony sentence is 1 to 5 years.

10 Class D Felons cost KY \$129,318.61 to \$646,593.03

1 Class D Felon costs KY \$12,931.86 to \$64,659.30

100 Class D Felons cost KY \$1,293,186.06 to \$6,465,930.31

LOCAL IMPACT: Local governments are responsible for the cost of incarcerating individuals charged with Class A or B misdemeanors and felony defendants until disposition of the case. The estimated impact will be based on the \$35.43 cost to incarcerate for the Department of Corrections, including \$31.34 per diem and medical that DOC pays jails to house felony offenders. This cost to incarcerate may not be the actual housing cost for the jail.*

Projected Impact: NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

The legislation would reduce cannabis related convictions, providing a significant impact to the court system.

Under the legislation, cannabis could be possessed lawfully in small amounts, reducing the number of criminal convictions for Possession of Marijuana.

Possession of marijuana is a Class B misdemeanor, subject to county jurisdiction and costs.

- ◆ AOC records for FY2021 show a total of 9,141 misdemeanor marijuana related convictions.
 - Of those, 8,249 convictions were specific to Possession of Marijuana.
- ◆ Currently, there are 2,706 offenders on community supervision with a conviction for Possession of Marijuana.
 - Additionally, there are a total of 613 supervised offenders with misdemeanor Trafficking or Cultivating Marijuana convictions.
 - For example, of the Department of Corrections' current 366 offenders on supervision for KRS 218A.1423 Cultivating in Marijuana, 320 are for amounts greater than five (5) plants.

Under the legislation, an amount of possession of marijuana that currently would result in a district court action would not be criminal, providing fewer offenses related to marijuana and possibly fewer incarcerated individuals, impacting both the county and state incarcerated population.

It is not known how many days of incarceration are incurred for misdemeanor marijuana related offenses, as these may be citable offenses or often accompany other charges for which an individual has been arrested or incarcerated.

Cost to Incarcerate

A Class A misdemeanor is 90 days to 1 year in jail.	10 Class A misdemeanants: \$31,886.78 to \$129,318.61
1 Class A misdemeanant: \$3,188.68 to \$12,931.86	100 Class A misdemeanants: \$318,867.80 to \$1,293,186.06
A Class B misdemeanor is up to 90 days in jail.	10 Class B misdemeanants: up to \$31,886.78
1 Class B misdemeanant: up to \$3,188.68	100 Class B misdemeanants: up to \$318,867.80

PROJECTED IMPACT FROM AMENDMENTS:

NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

**All projections are based on the daily rate x 365 days x number of years. The cost to incarcerate as calculated by the Department is shown here as rounded to the hundredths. Offenders may have multiple offenses or be incarcerated on other charges unless otherwise noted. Unless otherwise noted, numbers will include inchoate offenses at the underlying offense level.*
