STATE IMPACT: Class A, B, & C felonies are based on an average daily prison rate of \$97.60. Community Custody Class C and most Class D felons are housed in one of seventy-four (74) full service or regional jails for up to five (5) years. Department of Corrections' cost to incarcerate a felony inmate in a jail is \$35.43 per day, which includes \$31.34 per diem, medical costs, & central office administrative costs (substance abuse treatment not included).*

Projected Impact: NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

HB 528 prohibits the Court under KRS 533.050 from revoking a sentence of probation or conditional discharge unless the Court has considered all other sanctions for violations of supervision. Similar language is added to KRS 439.3108.

The Division of Probation & Parole makes every effort to employ graduated sanctions with individuals on community supervision. Except in cases involving serious concerns for public safety, alternatives to incarceration are the first steps in response to violations of supervision, especially for substance abuse treatment.

As a general practice, Courts widely impose alternative sanctions prior to revocation. For areas where the Court has not yet adopted the graduated sanction approach to violations of supervision, the legislation would impose the practice.

As many Courts currently utilize this model, the legislation is not expected to significantly modify outcomes of probation revocation hearings. However, the legislation would make the judicial approach to violations of supervision more standardized across the Commonwealth.

LOCAL IMPACT: Local governments are responsible for the cost of incarcerating individuals charged with Class A or B misdemeanors and felony defendants until disposition of the case. The estimated impact will be based on the \$35.43 cost to incarcerate for the Department of Corrections, including \$31.34 per diem and medical that DOC pays jails to house felony offenders. This cost to incarcerate may not be the actual housing cost for the jail.*

Projected Impact: NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

PROJECTED IMPACT FROM AMENDMENTS:

NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

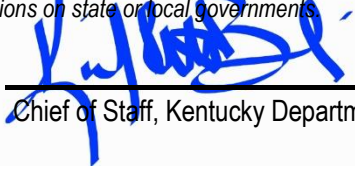

**All projections are based on the daily rate x 365 days x number of years. The cost to incarcerate as calculated by the Department is shown here as rounded to the hundredths. Offenders may have multiple offenses or be incarcerated on other charges unless otherwise noted. Unless otherwise noted, numbers will include inchoate offenses at the underlying offense level.*
