**RE: Senate Bill 205 (2022 RS BR 1560) - SCS 1 Version**  
**AA Statement Required by KRS 6.350**  
**AA Statement 1 and 2 of 5**

Dear Ms. Carney:

The Kentucky Public Pensions Authority (KPPA) had previously provided an Actuarial Analysis of Senate Bill 205 (2022 RS BR 1560) via letter dated February 28, 2022. We have now examined the SCS 1 Version of Senate Bill 205 (2022 RS BR 1560).

We have determined that the SCS 1 Version of Senate Bill 205 (2022 RS BR 1560) would not impact the previous actuarial statement provided for this legislation. Therefore, the Actuarial Analysis of Senate Bill 205 (2022 RS BR 1560), dated February 28, 2022, is applicable to Senate Bill 205 (2022 RS BR 1560) – SCS 1 Version.

We have not requested any further actuarial analysis of Senate Bill 205 (2022 RS BR 1560) – SCS 1 Version by the Systems' independent actuary. Please let me know if you have any questions regarding our analysis of Senate Bill 205 (2022 RS BR 1560) – SCS 1 Version.

Sincerely,

A handwritten signature in black ink that reads "David Eager".

David L. Eager  
Executive Director  
Kentucky Public Pensions Authority

**RE: Senate Bill 205 (2022 RS BR 1560)**  
**AA Statement Required by KRS 6.350**  
**AA Statement 1 and 2 of 5**

Dear Ms. Carney:

Senate Bill 205 (2022 RS BR 1560) declares findings regarding the financial harms of boycotting energy companies for dealing in fossil-fuel based energy and requires the State Treasurer to publish, maintain, and update a list of financial companies engaged in energy company boycotts. The bill requires state governmental entities to notify the Treasurer of the listed financial companies in which the state governmental entity owns direct or indirect holdings and requires state governmental entities to inform and warn listed financial companies that they may become subject to divestment by the state governmental agency unless they clarify their actions or cease their energy company boycott. State governmental entities would be required to divest from the listed financial company if it does not cease its energy company boycott in the timeframes established by the bill; however, the bill provides for exceptions from divestment requirements. For example, state governmental entities shall not be required to divest from any holdings in actively or passively managed investment funds or private equity funds; or if the entity determines that those requirements are inconsistent with the governmental entity's constitutional, statutory, or fiduciary duties related to the issuance, incurrence, or management of debt obligations or the deposit, custody, management, borrowing, or investment of funds.

Kentucky Public Pensions Authority (KPPA) staff members have examined Senate Bill 205 (2022 RS BR 1560). KRS 61.650(1)(c)(1) requires KPPA to discharge investment duties "...solely in the interest of the members and beneficiaries..." and KRS 61.650(1)(c)(4) requires the duties to be executed "...impartially, taking into account any differing interests of members and beneficiaries..." Senate Bill 205 (2022 RS BR 1560) takes these restrictions into consideration and carves out exemptions that would allow KPPA to remain in compliance with KRS 61.650. Therefore, we have determined that the bill will not increase or decrease benefits or the participation in benefits in the KERS, CERS, or SPRS systems. Furthermore, Senate Bill 205 (2022 RS BR 1560) will not change the actuarial liability of the KERS, CERS, or SPRS systems.

In accordance with KRS 6.350 (2)(c), the Kentucky Public Pensions Authority certifies the following:

1. The estimated number of individuals affected as of June 30, 2021 are 123,809 active; 155,506 inactive; and 121,728 retired members in the systems operated by KPPA;

2. There is no estimated change in benefit payments;
3. There is no estimated change to employer costs; and
4. There is no estimated change to administrative expenses.

We have not requested any further actuarial analysis of Senate Bill 205 (2022 RS BR 1560) by the Authority's independent actuary.

Please let me know if you have any questions regarding our analysis of Senate Bill 205 (2022 RS BR 1560).

Sincerely,

A handwritten signature in black ink that reads "David Eager". The signature is written in a cursive, flowing style.

**RE: SB 205 SCS 1- AN ACT relating to state dealings with companies that engage in energy company boycotts.  
AA Statement 3 and 4 of 5**

Dear Ms. Carney:

Judicial Form Retirement System (JFRS) has examined **SCS1 for SB 205**. After review, we do not believe the committee substitute will have an impact or change the actuarial analysis provided by JFRS on March 2, 2022 with regards the SB 205 (BR 1560).

As a result, we have not requested any further actuarial analysis of SB 205 - SCS 1 by the Systems' independent actuary and would refer to our March 2, 2022 analysis.

Sincerely,

Bo Cracraft  
Executive Director

**RE: SB 205 - AN ACT relating to state dealings with companies that engage in energy company boycotts.  
AA Statement 3 and 4 of 5**

Dear Ms. Carney:

Judicial Form Retirement System (JFRS) has examined **SB 205 (BR 1560)**, which proposes to create new sections of KRS Chapter 41 to declare findings regarding the financial harms of boycotting energy companies for dealing in fossil-fuel based energy, while also requiring the State Treasurer to publish, maintain, and update a list of financial companies engaged in energy company boycotts. The proposed legislation would require state government entities, such as the JFRS, to notify the Treasury of any direct or indirect holdings and would require the state entity to inform and warn listed financial companies of possible divestment. State entities would be required to divest from listed financial companies if it does not cease its energy company boycott within established timeframes, subject to a few divestment exemptions provided by the legislation.

We have determined that the bill will not increase or decrease benefits or increase or decrease participation in benefits. Concerning a change the actuarial liability or anticipated employer cost, JFRS does not anticipate an increase or decrease, but any legislation that proposes divestment of certain investments can have a positive or negative impact on a plan's future investment returns. KRS 21.450(2) requires "board members or any investment adviser to discharge their duties with respect to the funds of the retirement system solely in the interest of the members and beneficiaries." Staff believes the exemptions provided by the proposed legislation should provide the needed flexibility for an investment manager to continue managing funds in accordance with statute.

In compliance with KRS 6.350(2)(c), the Judicial Form Retirement Systems (the agency in charge with the administration of JRP and LRP) certifies the following:

1. As of June 30, 2021, there were a total of 601 individuals participating in JRP and 393 individuals participating in LRP. JFRS does not believe any current members would be affected.
2. There is no expected change in benefits.
3. There is no expected change to employer costs.
4. There is no estimated change in administrative expenses.

We have not requested any further actuarial analysis of **SB 205** by the Systems' independent actuary. Please let me know if you have any questions regarding this analysis.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bo Cracraft".

RE: 22 RS SB 205 SCS 1  
AA Statement 5 of 5

Dear Ms. Carney:

22 RS SB 205 SCS 1, an Act relating to state dealings with companies that engage in energy company boycotts, would, in part, require state governmental entities to divest in financial companies that engage in boycotts of fossil-fuel based energy companies and would further prohibit entering into contracts for goods and services with companies that engage in boycotts of fossil-fuel based energy companies. These provisions would not apply if the state governmental agency determines that the requirements would be inconsistent with its fiduciary responsibility.

22 RS SB 205 SCS 1 would not increase or decrease retirement benefits or increase or decrease participation in benefits. 22 RS SB 205 SCS 1 should not negatively impact the actuarial liability of the system as the system would still be permitted to invest and contract as required by its fiduciary and legal duties which means investing and contracting in the best interest of its membership, including its current substantial investment in fossil-fuel based energy companies.

TRS certifies, in compliance with KRS 6.350(2)(c), as follows:

1. There are approximately 133,000 members of TRS, of which approximately 58,000 are retirees.
2. There would be no increase or decrease in benefits, or participation in benefits.
3. There would be no increase in employer cost.
4. There could be some increase in administrative costs in regard to the bill's reporting requirements.

Please let me know if you have any questions regarding this analysis.

Sincerely,

Robert B. Barnes
