STATE IMPACT: Class A, B, & C felonies are based on an average daily prison rate of \$97.60. Community Custody Class C and most Class D felons are housed in one of seventy-four (74) full service or regional jails for up to five (5) years. Department of Corrections' cost to incarcerate a felony inmate in a jail is \$35.43 per day, which includes \$31.34 per diem, medical costs, & central office administrative costs (substance abuse treatment not included).*

Projected Impact: NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

LOCAL IMPACT: Local governments are responsible for the cost of incarcerating individuals charged with Class A or B misdemeanors and felony defendants until disposition of the case. The estimated impact will be based on the \$35.43 cost to incarcerate for the Department of Corrections, including \$31.34 per diem and medical that DOC pays jails to house felony offenders. This cost to incarcerate may not be the actual housing cost for the jail.*

Projected Impact: NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

SB 51 regulates advertising for legal services. The legislation has a minimal impact on incarceration.

Deceptive trade practices under KRS 367.170 is described in Section 1 as advertising to potential clients for drug or medical device liability suits that fails to disclose that it is a paid advertisement for legal services; presents the advertisement as a medical, health, consumer alert or public service announcement; displays a government logo suggesting affiliation or sponsorship; uses the word recall when the product has not been recalled by a government agency or manufacturer; fails to identify the sponsor of the advertisement; or fails to identify the attorney or law firm sponsoring the advertisement and whether that attorney or law firm will be performing or referring legal services.

An advertisement for legal services alleging injury from an FDA approved prescription drug shall include a warning against stopping medication without consulting with a doctor and the dangers of doing so.

An advertisement for a lawsuit alleging injury from a prescription drug or medical device shall state that the item remains approved by the FDA, unless the product has been recalled or withdrawn.

Notices or statements required by the legislation shall be presented clearly in the advertisement. Spoken and written disclosures shall be audible, legible, and displayed long enough for a viewer to fully read.

Section 2 prohibits, for the purpose of soliciting legal services, the use, sale, or disclosure of protected health information without written authorization. A violation shall constitute an unfair trade practice defined in KRS 367.170.

In addition to any other remedy provided by law, a willful and knowing violation shall be a Class A misdemeanor, a \$1,000 fine, or both.

This prohibition is not applicable to the disclosure of protected health information in legal proceedings and does not apply to referrals of unsolicited clients. The legislation does not limit regulation of legal practice, or enforcement of professional conduct or licensure.

Currently the Department of Corrections does not have any individuals on supervision for offenses under KRS Chapter 367 related to the current legislation. AOC records indicate three (3) convictions in FY21 for violations under KRS Chapter 367, though none are applicable to the current legislation.

Misdemeanors as established under this legislation would be subject to the jurisdiction and cost of the county.

Overall, the number of offenders expected to be generated under this legislation would likely be very minimal.

Cost to Incarcerate

A Class A misdemeanor is 90 days to 1 year in jail.
1 Class A misdemeanor: \$3,188.68 to \$12,931.86

10 Class A misdemeanants: \$31,886.78 to \$129,318.61
100 Class A misdemeanants: \$318,867.80 to \$1,293,186.06

PROJECTED IMPACT FROM AMENDMENTS:

NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

**All projections are based on the daily rate x 365 days x number of years. The cost to incarcerate as calculated by the Department is shown here as rounded to the hundredths. Offenders may have multiple offenses or be incarcerated on other charges unless otherwise noted. Unless otherwise noted, numbers will include inchoate offenses at the underlying offense level.*
