Part II: Bill Provisions and the Estimated Fiscal Impact Relating to Local Government

Section 1 of HB 116 HCS 1 amends KRS 146.090 which outlines membership of the Soil and Water Commission. In the case of any vacancy other than the one (1) caused by the expiration of a term, the secretary of the Energy and Environment Cabinet, with the approval of the Governor, would appoint the successor from a list of two (2) names that would be submitted by the Kentucky Association of Conservation Districts from the area which was represented by the former member. All members of the commission are supervisors of soil and conservation districts.

Section 2 would amend KRS 262.210 to require that nominating petitions of candidates for Commission membership (to be filed with the County Clerk of the county in which the district lies) to state that candidates are at least 18 years of age. This provision would apply to all candidates who have not taken office prior to the effective date of this Act. **Section 3** would also restate that supervisors must be 18 years of age.

The fiscal impact on local governments is expected to be minimal to nonexistent. Clerks would need to be educated on the new candidate age requirement which could be accomplished at little to no cost to the clerk. County Clerks hold monthly meetings where training is offered which may provide opportunities to educate clerks at no extra cost.
