STATE IMPACT: Class A, B, & C felonies are based on an average daily prison rate of \$105.23. Community Custody Class C and most Class D felons are housed in one of seventy-four (74) full service or regional jails for up to five (5) years. Department of Corrections' cost to incarcerate a felony inmate in a jail is \$40.11 per day, which includes \$35.34 per diem, medical costs, & central office administrative costs (substance abuse treatment not included).*

Projected Impact: NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

Establishing a new felony offenders would increase the number of offenders potentially incarcerated and/or placed on supervision.

Class D felons are housed in a county jail and DOC pays counties a per diem for housing those inmates. A Class D Felony sentence is 1 to 5 years – One (1) Class D Felon costs KY \$14,638.94 to \$73,194.71.

The expected impact to the Department under this legislation would be very minimal increase to incarceration costs. There are currently no offenders in custody or on supervision for offenses in KRS Chapter 121.

LOCAL IMPACT: Local governments are responsible for the cost of incarcerating individuals charged with Class A or B misdemeanors and felony defendants until disposition of the case. The estimated impact will be based on the \$40.11 cost to incarcerate for the Department of Corrections, including \$35.34 per diem and medical that DOC pays jails to house felony offenders. This cost to incarcerate may not be the actual housing cost for the jail.*
