STATE IMPACT: Class A, B, & C felonies are based on an average daily prison rate of \$105.23. Community Custody Class C and most Class D felons are housed in one of seventy-four (74) full service or regional jails for up to five (5) years. Department of Corrections' cost to incarcerate a felony inmate in a jail is \$40.11 per day, which includes \$35.34 per diem, medical costs, & central office administrative costs (substance abuse treatment not included).*

Projected Impact: NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

This bill creates a new crime of unlawful storage of a firearm. Establishing new felony and misdemeanor offenses would impact the number of offenders potentially incarcerated and/or placed on supervision. The overall impact to incarceration from this legislation would likely be minimal.

There are currently no inmates in custody for possession of firearm by minor.

There are currently 53 offenders on supervision for possession of handgun by minor.

LOCAL IMPACT: Local governments are responsible for the cost of incarcerating individuals charged with Class A or B misdemeanors and felony defendants until disposition of the case. The estimated impact will be based on the \$40.11 cost to incarcerate for the Department of Corrections, including \$35.34 per diem and medical that DOC pays jails to house felony offenders. This cost to incarcerate may not be the actual housing cost for the jail.*

Projected Impact: NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

Offenders convicted of the new Class D felony established in this bill may be eligible for housing in a jail dependent on other convictions and prior record. DOC does not anticipate many new convictions for this offense.

Establishing new misdemeanor offenses would impact the number of offenders potentially housed in county jail. DOC does not anticipate many convictions.

PROJECTED IMPACT FROM AMENDMENTS:

NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

**All projections are based on the daily rate x 365 days x number of years. The cost to incarcerate as calculated by the Department is shown here as rounded to the hundredths. Offenders may have multiple offenses or be incarcerated on other charges unless otherwise noted. Unless otherwise noted, numbers will include inchoate offenses at the underlying offense level.*
