Part II: Bill Provisions and the Estimated Fiscal Impact Relating to Local Government

HB 208, Section 2 proposes to amend Section 183 of the Constitution of Kentucky to allow the General Assembly to provide for a portion of educational costs for students outside of the system of common schools. Sections 184 to 189 of the Constitution would not prevent any provision for educational costs of students outside of the system of common schools, nor require a referendum for any such provision for educational costs for parents of limited financial means, as determined by law, so long as no funds are used from the common school fund.

By the language of the bill and as allowed by Kentucky Constitution Section 256, the proposed amendment would be submitted to the voters at the next regular election at which time members of the General Assembly are chosen. This means that the proposed amendment would be considered in November 2024.

The fiscal impact requiring local governments to add a constitutional amendment to the ballot would be minimal, though for counties with smaller budgets the impact may be minimal to moderate.

Balloting and publishing proposed constitutional amendments is a regular duty of county clerks, paid for by the county fiscal court. There are additional programming costs associated with adding a new category (local option question or constitutional amendment) to the ballot on an already scheduled statewide election.

Ballot printing costs are also a factor in election expenses. If the proposed amendment results in additional pages needed for the ballot, that would be an additional cost to the county clerk's office. It has been estimated that the cost of one extra page for a ballot is \$0.25.
