Part II: Bill Provisions and the Estimated Fiscal Impact Relating to Local Government

HB 83 would amend KRS 186.174 to allow personalized vehicle license plates to be issued to recreational vehicles registered under KRS 186.050(11). It amends KRS 186.162 to set the initial issuance and subsequent renewal fees at \$51. The Clerk’s fee is set at \$6, the same as for regular registration issuance and renewal.

No projections for the estimated number of personalized license plates for RVs are provided. An assumption is made that this legislation will not generate new registrations and license plates, but rather, that existing registrations will be exchanged for new personalized plates.

Since the county clerk retains the same amount of the registration fee for a regular license plate as it does for a personalized license plate, at initial issuance and at renewal, there is **minimal fiscal impact** of this bill.
