STATE IMPACT: Class A, B, & C felonies are based on an average daily prison rate of \$116.93. Community Custody Class C and most Class D felons are housed in one of seventy-four (74) full-service or regional jails for up to five (5) years. Department of Corrections cost to incarcerate a felony inmate in jail is \$44.97 per day, which includes \$35.34 per diem, medical costs, and central office administrative costs (substance abuse treatment not included).*

Projected Impact: NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

The legislation would likely have a minimal impact on operational costs by establishing a new Class D and Class C sex offense.

Class D will be jail eligible if the sentence is less than 2 years and DOC pays counties a per diem for housing those inmates. A Class D Felony sentence is 1 to 5 years. One (1) Class D Felon costs KY \$16,414.05 to \$82,070.25.

Class C felons will be required to serve time in state prison. A Class C Felony sentence is 5 to 10 years. One (1) Class C felon costs KY \$213,397.25 to \$426,794.50.

Adding a new offense to the definition of "sex crime" would require those offenders to complete the Sex Offender Treatment Program (SOTP) before being eligible for parole or sentence credits lengthening their overall length of stay.

New offenses would need to be added to the Kentucky Offender Management System however, this level of effort would fall under the current maintenance agreement.

LOCAL IMPACT: Local governments are responsible for the cost of incarcerating individuals charged with Class A or B misdemeanors and felony defendants until the disposition of the case. The estimated impact will be based on the \$44.97 cost to incarcerate for the Department of Corrections,

including \$35.34 per diem and medical that DOC pays jails to house felony offenders. This cost to incarcerate may not be the actual housing cost for the jail.*

Projected Impact: NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

The legislation would likely have a minimal impact on operational costs at the local level by establishing a new Class D sex offense.

Class D will be jail eligible if the sentence is less than 2 years and DOC pays counties a per diem for housing those inmates. A Class D Felony sentence is 1 to 5 years. One (1) Class D Felon costs KY \$16,414.05 to \$82,070.25.

Any increase in the sex offender population based on the creation of additional sex offenses could impact contract beds with Reentry Service Centers (RSCs) who house sex offenders with residency restrictions in addition to program beds for Sex Offender Treatment Program (SOTP).

Enhancement of a felony class could impact the jail population as more prisoners would be awaiting transfer into an adult institution.

PROJECTED IMPACT FROM AMENDMENTS: NONE MINIMAL to MODERATE (< \$1 million) SIGNIFICANT (> \$1 million)

**All projections are based on the daily rate x 365 days x number of years. The cost to incarcerate as calculated by the Department is shown here as rounded to the hundredths. Offenders may have multiple offenses or be incarcerated on other charges unless otherwise noted. Unless otherwise noted, numbers will include inchoate offenses at the underlying offense level.*
