RE: Senate Bill 219 (24 RS BR 1932)
AA Statement Required by KRS 6.350
AA Statement 1 and 2 of 5

Dear Ms. Carney:

Senate Bill 219 (2024 RS BR 1932) amends Kentucky Revised Statute 304.17A-270 to include medical laboratories in the definition of "provider"; amends KRS 205.522 to require the state Medicaid program to comply with any willing provider law; makes technical amendments; and requires the Cabinet for Health and Family Services to obtain any necessary waiver.

Kentucky Public Pensions Authority (KPPA) staff members have examined Senate Bill 219 (2024 RS BR 1932). We have determined that the bill will not increase or decrease benefits, nor will it increase or decrease participation in benefits, in any of the retirement systems administered by the Kentucky Public Pensions Authority. Senate Bill 219 (2024 RS BR 1932) will not change the actuarial accrued liability of any of the systems administered by the KPPA.

In accordance with KRS 6.350(2)(c), Kentucky Public Pensions Authority certifies the following:

1. The estimated number of individuals potentially affected as of June 30, 2023, are 421,609 active, inactive, and retired members in the plans administered by KPPA;
2. There is no estimated change in benefit payments;
3. There may be an increase in employer costs if the change increases insurance premiums for the plans offered by the KPPA; and
4. There is no estimated change in administrative expenses.

We have not requested any further actuarial analysis of Senate Bill 219 (2024 RS BR 1932) by the KPPA's independent actuary.

Please let me know if you have any questions regarding our analysis of Senate Bill 219 (2024 RS BR 1932).

Sincerely,

A handwritten signature in black ink that reads "David Eager". The signature is written in a cursive style with a large, sweeping initial "D".

David L. Eager, Executive Director

**RE: SB 219 - AN ACT relating to network participation by medical laboratories.
AA Statement 3 and 4 of 5**

Dear Ms. Carney:

SB 219 (BR 1932) would amend KRS 304.17A-270 to include medical laboratories in the definition of "provider"; amend KRS 205.522 to require the state Medicaid program to comply with any willing provider law; make technical amendments; require the Cabinet for Health and Family Services to obtain any necessary waiver.

Staff of the Judicial Form Retirement System (JFRS) has reviewed **SB 219 (BR 1932)** and determined it would not materially increase or decrease benefits, or increase or decrease participation in benefits, or change the current actuarial liability of either plan administered by JFRS.

In compliance with KRS 6.350(2)(c), the Judicial Form Retirement Systems (the agency in charge with the administration of JRP and LRP) certifies the following:

1. The estimated number of participants potentially affected, as of June 30, 2023, are 1,018 individuals participating in JRP or LRP.
2. There is no estimated change in benefits.
3. There is no estimated change to current employer costs.
4. There is no estimated change to administrative expenses.

We have not requested any further actuarial analysis of **SB 219 (BR 1932)** by the Systems' independent actuary. Please let me know if you have any questions regarding this analysis.

Sincerely,

Bo Cracraft,
Executive Director
